

Cubit Users' Meeting

When: Wednesday, December 8, 2004
Time: 11:00am - Noon
Where: Tech Area 1: JCEL, Building 899
in the east conference room, first floor #1811

Agenda

- Answer user questions on working with the software
- Learn tips & techniques for working with Cubit
- Stay up-to-date on the latest improvements to the software.
- Provide the Cubit developers with feedback and enhancement requests
- In addition, this month we'll be working through a problem involving merge tolerance issue and multi-directional hex meshing.

Free Cubit lanyards and retractable badge holders for everyone that comes.

Please circulate to whoever may be interested!
