THE WESTERN OREGON PLAN REVISION IS bad science + bad public policy, + poor economics. IT betrays the will of the people who have clearly voiced their opposition to excessive logging + logging of old growth forests. IT contradicts several Federal Laws that protect clean water, clean air, + endangered species.

PLEASE SUPPORT NATURE + ^{the} public that owns these forests + NOT selfish interests motivated by profit. please do the right thing cut down the WOPR proposal, NOT OUR LAST REMAINING FORESTS!

sincerely
