**Subject:** Regulation Z

To whom it may concern,

Please do not proceed with proposed action of above mentioned docket. Hundreds of thousands of taxpaying voters will suffer as a result.

How about eliminating the jobs of the smart New Yorkers that sold the worthless paper to unsuspecting investors on the secondary market, thus causing a majority of the problems our economy is enduring today.

Mortgage brokers are not to blame, the banks offered the products the borrower accept the product and the New Yorkers sell the paper. The Mortgage Brokers only sells what is available.
