## **General Information On The Monthly Report Of Federal Civilian Employment (SF 113-A)**

This report contains monthly Federal civilian employment, payroll, turnover, and employment ceiling data and must be submitted by the 15th of the following month to the U.S. Office of Personnel Management (OPM), Workforce Information Branch, Statistical Analysis and Services Division, 1900 E Street, N.W., Washington, D.C. 20415. Attention: SF 113-A, Room 7494. Only one copy of the report is required.

If the agency is organized with major bureaus or other comparable organizational units that have been assigned subelement codes at agency request by the OPM, one copy is required for the overall agency and one copy for each organizational subelement. Each report must be signed by a responsible official designated by the head of the agency. Local reproduction of this edition of Standard Form 113-A is authorized. Agencies may procure the prior edition, while supplies last, from the General Services Administration, Federal Supply Service. The National Stock Number is 7540-00-965-2326.

As an attachment to the 113-A report, agencies which have indirect hire employees, i.e., persons rendering service to the Federal Government under agreements or contracts with foreign governments, are requested to show separately for each country: the number of persons working under the immediate direction of the reporting agency pursuant to contracts, agreements, or other arrangements with foreign governments which provide for the furnishing of personal services to the agencies. This does not include employees of private contractors.

Revisions to the figures in the current, and any previous month's report, should be provided to the OPM as soon as possible; when possible, such revisions will be reflected in the initial issuance of Federal civilian employment statistics contained in OPM's bimonthly publication: Federal Civilian Workforce Statistics - Employment and Trends. Any questions related to reporting instructions, definitions, project management and revisions to reports should be directed to the OPM contact at the above address. Minor revisions to reports can be handled by phone; extensive corrections should be made by submitting a revised report.
