12525 SW 112 Court
Miami, Florida 33176

Dear Diane:

Congratulations! You have been selected to receive the 2007 Safety Partner Award.

This award is presented to you in recognition of your outstanding commitment to aviation safety and especially for the outlet you made available to our office for promoting the runway safety message.

The quarterly newsletter that you initiated and edited—**South Florida Express**—regularly reached 10,000 pilots in South Florida and the Caribbean. Through your efforts at reaching out to airport and air traffic managers for articles and material, as well as drawing upon the expertise of dedicated pilots, you produced a publication that provided readers valuable insight into the intricacies of operating safely in the dense aviation community that is South Florida.

The Runway Safety Program Office is especially grateful in your persistent effort to keep the incursion prevention message in front of the reader. The success of keeping the incursion statistics in your reading area at a relatively low plateau could only be attributed to the heightened awareness level of all customers and service providers. Your media outlet was specific in its target audience and it was obviously well read.

Again, congratulations and thanks for a job well executed.

Sincerely,

Anna B. Cohen
Manager, Runway Safety Program, ASO-1R
