Abbreviations and Acronyms

Chapter I – Introduction and Overview

Introduction	I-1
Authority	I-1
Proposed Federal Action	I-3
Purpose and Need	I-3
Objectives	I-4
Scope and Structure of Resource Management Plan and Environmental Assessment	I-5
Overview of the Study Area and Background	I-6
Public Involvement	I-8
Meetings	I-8
Agency Consultation and Coordination	I-10
Indian Trust Assets	I-11
Indian Sacred Sites	I-11
Adjacent Landowners	I-11
Other Related Activities	I-12
Ongoing Studies	I-12
Future Studies	I-12

Chapter II – Management Framework

Introduction	II-1
Management Responsibilities	II-1
Bureau of Reclamation	II-1
Recreation	II-2
Outgrants	II-2
Acquisition of Reclamation Lands	II-3
Disposition/Disposal of Reclamation Lands	II-3
Sale of Lease Lots	II-3
Off-Road Vehicle Use	II-3
Concessions	II-4
Fire Management	II-5

Chapter II – Management Framework (continued)

Helena Valley Irrigation District	II-6
Montana Fish, Wildlife and Parks	II-6
Enforcement Division	II-7
Wildlife Division	II-7
Fisheries Division	II-7
Conservation Education Division	II-7
Parks Division	II-7
Field Services Division	II-7
Administration and Finance Division	II-8
Lewis and Clark and Broadwater County Sheriff's Departments	II-8
Montana Department of Justice Highway Patrol	II-8
Montana Department of Natural Resources and Conservation, Division of Forestry	II-8
Broadwater County Rural Fire District	II-8
Canyon Ferry Volunteer Fire Department	II-9
Broadwater County Mosquito Abatement District	II-9
PPL Montana (Formerly Montana Power Company)	II-9
Aeronautics Division, Montana Department of Transportation	II-9
Montana Office of Public Instruction	II-10
Corps of Engineers and Conservation Districts	II-10
Lewis and Clark County Health Department	II-10
Other Policies	II-11
Adjacent Land Use	II-11

Chapter III – Planning Issues, Opportunities, and Constraints

Introduction	III-1
Planning Issue Identification	III-1
Access Management	III-3
Recreation Management	III-3
Heritage Resources	III-4
Health and Safety	III-4
Wildlife Resources	III-4
Public Information	III-4
Land Use	III-4
Management Opportunities	III-4
Federal Assistance to Sport Fish Restoration Program	III-5
1998 Transportation Equity Act for the 21st Century (TEA-21)	III-5
Reclamation Recreation Management Act of 1992, Title 28	III-6
Management Constraints	III-6

Chapter III – Planning Issues, Opportunities, and Constraints (continued)

Legislative Constraints	III-6
Federal Agency Constraints	III-7
Environmental Constraints	III-8
Carrying Capacity Constraints	III-8
Geographic Information System Constraints Mapping	III-10
Constraints Mapping	III-10

Chapter IV – Alternatives

Introduction	IV-1
Alternative Formulation	IV-1
Alternatives Considered in Detail	IV-20
No Action Alternative (Alternative A)	IV-20
Natural Resource Enhancement with Moderate Recreation Development (Alternative B) (Preferred)	IV-25
Natural Resource Protection with Maximum Recreation Development (Alternative C)	IV-34
Alternative Elements Eliminated from Consideration	IV-37

Chapter V – Affected Environment and Environmental Consequences

Introduction	V-1
Hydrology	V-1
Affected Environment	V-2
Environmental Consequences	V-11
Alternative A	V-11
Alternative B	V-11
Alternative C	V-11
Cumulative Impacts	V-11
Mitigation	V-11
Climate	V-11
Affected Environment	V-11
Environmental Consequences	V-12
Alternative A	V-12
Alternative B	V-12
Alternative C	V-13
Cumulative Impacts	V-13
Mitigation	V-13
Air Quality	V-13
Affected Environment	V-13
Environmental Consequences	V-14

	<i>Page</i>
Chapter V – Affected Environment and Environmental Consequences (continued)	
Alternative A	V-14
Alternative B	V-14
Alternative C	V-14
Cumulative Impacts	V-14
Mitigation	V-14
Water Quality	V-14
Affected Environment	V-14
Groundwater	V-15
Surface Water	V-16
Special Water Quality Studies	V-17
Current Conditions and Programs in Place	V-19
Environmental Consequences	V-22
Alternative A	V-22
Alternative B	V-23
Alternative C	V-23
Cumulative Impacts	V-23
Mitigation	V-23
Geology	V-23
Affected Environment	V-23
Area Geology	V-23
Tertiary Lakebeds	V-24
Igneous Formations	V-25
Quaternary Alluvium	V-25
Sedimentary Formations	V-25
Environmental Consequences	V-25
Alternative A	V-25
Alternative B	V-25
Alternative C	V-25
Cumulative Impacts	V-25
Mitigation	V-26
Soils and Topography	V-26
Affected Environment	V-26
Soils	V-26
Erosion	V-30
Prime Farmlands	V-30
Topography	V-31
Environmental Consequences	V-31
Alternative A	V-31
Alternative B	V-31

Chapter V – Affected Environment and Environmental**Consequences (continued)**

Alternative C	V-31
Cumulative Impacts	V-31
Mitigation	V-32
Vegetation	V-32
Affected Environment	V-32
Habitat Types	V-32
Grassland	V-32
Upland Shrub	V-32
Coniferous Forest	V-33
Riparian Vegetation	V-33
Rare and Endangered Species	V-33
Wetlands	V-33
Narrow-Leaved Cottonwood Dominance Type	V-34
Sandbar Willow Dominance Type	V-34
Common Cattail Dominance Type	V-34
Softstem Bulrush Dominance Type	V-34
Reed Canarygrass Dominance Type	V-34
Common Spikerush Dominance Type	V-35
Needle Spikerush Dominance Type	V-35
Seasonal Mudflat Dominance Type	V-35
Sedge Dominance Type	V-35
Common Reed Dominance Type	V-35
Watercress/American Speedwell Dominance Type	V-35
Open Water Dominance Type	V-35
Weeds	V-36
Additional Weedy Species	V-37
Weed Control	V-38
Environmental Consequences	V-39
Alternative A	V-39
Alternative B	V-40
Alternative C	V-40
Cumulative Impacts	V-40
Fish and Wildlife	V-40
Affected Environment	V-40
Fish	V-40
Existing Fisheries	V-40
Fisheries Management	V-41
Wildlife	V-42

Chapter V – Affected Environment and Environmental Consequences (continued)

Antelope	V-42
Deer	V-43
Elk	V-43
Moose	V-43
Waterfowl	V-43
Upland Game Birds	V-45
Raptors	V-45
Furbearers, Small Mammals, Reptiles, and Amphibians	V-47
Species of Special Concern	V-48
Environmental Consequences	V-48
Fish	V-49
Alternative A	V-49
Alternative B	V-49
Alternative C	V-49
Wildlife	V-49
Alternative A	V-49
Alternative B	V-50
Alternative C	V-50
Cumulative Impacts	V-50
Fish	V-50
Wildlife	V-50
Mitigation	V-50
Recreation	V-51
Affected Environment	V-51
Environmental Consequences	V-58
Alternative A	V-58
Alternative B	V-59
Alternative C	V-61
Cumulative Impacts	V-62
Mitigation	V-62
Visuals	V-63
Affected Environment	V-63
Environmental Consequences	V-64
Alternative A	V-64
Alternative B	V-64
Alternative C	V-65
Cumulative Impacts	V-65
Mitigation	V-65

Chapter V – Affected Environment and Environmental**Consequences (continued)**

Land Use	V-65
Affected Environment	V-65
Current Land Use	V-65
Cabin Sites	V-66
Sewage Disposal	V-67
Water Supply	V-67
Solid Waste	V-68
Safety Considerations	V-68
Health Considerations	V-69
Emergency Services	V-69
Schools	V-69
Communications	V-70
Electric Utilities	V-70
Status of Reclamation Lands	V-70
Flood Easements	V-71
Federal Flood Plain Designations	V-71
Encroachments	V-71
Canyon Ferry Village	V-72
Montana Science Institute	V-73
Canyon Ferry Airport	V-73
Wildlife Management Area	V-73
Irrigation	V-74
Fencing	V-74
Other Land Use Issues	V-75
Timber Sales	V-75
Signing	V-75
Access	V-75
Landscaping	V-75
Future Land Use	V-76
Landownership Patterns	V-76
Environmental Consequences	V-76
Alternative A	V-76
Alternative B	V-77
Alternative C	V-77
Cumulative Impacts	V-77
Mitigation	V-77
Transportation	V-77
Affected Environment	V-77

Chapter V – Affected Environment and Environmental Consequences (continued)

Access	V-77
Road Condition and Maintenance	V-78
Traffic Volumes	V-79
Safety Issues	V-79
Proposed Improvements	V-79
Unauthorized ORV Use	V-80
Handicapped Access	V-80
Other Concerns	V-80
Environmental Consequences	V-80
Alternative A	V-80
Alternative B	V-80
Alternative C	V-81
Cumulative Impacts	V-81
Mitigation	V-81
Noise	V-81
Affected Environment	V-81
Environmental Consequences	V-82
Alternative A	V-82
Alternative B	V-82
Alternative C	V-82
Cumulative Impacts	V-83
Mitigation	V-83
Socioeconomics	V-83
Affected Environment	V-83
Environmental Consequences	V-86
Alternative A	V-87
Alternative B (5-Percent Increase in Recreation Use)	V-87
Alternatives B and C (10-Percent Increase in Recreation Use)	V-88
Alternative C (20-Percent Increase in Recreation Use)	V-90
Environmental Justice	V-92
Affected Environment	V-92
Environmental Consequences	V-94
Alternative A	V-94
Alternative B	V-94
Alternative C	V-94
Cumulative Impacts	V-95
Mitigation	V-95
Heritage Resources	V-95

Chapter V – Affected Environment and Environmental**Consequences (continued)**

Affected Environment	V-95
Background	V-95
Prehistoric Period Resources	V-96
Historic Period Resources	V-96
Future Heritage Resources Focus	V-99
Paleontological Resources	V-99
Environmental Consequences	V-99
Alternative A	V-99
Alternative B	V-99
Alternative C	V-100
Cumulative Impacts	V-100
Mitigation	V-100
Indian Trust Assets	V-100
Affected Environment	V-100
Environmental Consequences	V-101
Alternative A	V-101
Alternative B	V-101
Alternative C	V-101
Cumulative Impacts	V-101
Mitigation	V-102
Indian Sacred Sites	V-102
Affected Environment	V-102
Environmental Consequences	V-102
Alternative A	V-102
Alternative B	V-103
Alternative C	V-103
Cumulative Impacts	V-103
Mitigation	V-103
Unavoidable Adverse Impacts	V-103
Relationship Between Short-Term Uses and Long-Term Productivity	V-103
Irreversible and Irretrievable Commitments of Resources	V-104

Chapter VI – Preferred Proposed Alternative Resource Management Plan

Introduction	VI-1
Plan Development	VI-1
Summary of Elements in the Preferred Resource Management Plan	VI-2
Actions to Implement Resource Management Plan	VI-11
General Actions	VI-11

Chapter VI – Preferred Alternative Resource Management Plan (continued)

Specific Actions	VI-12
Goals and Objectives	VI-12
Actions	VI-12
Access Management	VI-13
Access Management – Actions	VI-14
Recreation Management	VI-15
Recreation Management – Actions	VI-17
Heritage Resources	VI-25
Heritage Resources – Actions	VI-26
Health and Safety	VI-26
Health and Safety – Actions	VI-27
Wildlife Resources	VI-29
Wildlife Resources – Actions	VI-30
Public Information	VI-31
Public Information – Actions	VI-32
Land Use	VI-33
Land Use – Actions	VI-34
Plan Implementation	VI-36
Amendments and Modifications to the RMP/EA	VI-37

Environmental Commitments**List of Preparers****Bibliography****Glossary****Distribution List****Tables**

<i>Table</i>		<i>Page</i>
IV-1	Comparison of alternative elements	IV-3
IV-2	Impact comparison of alternatives	IV-38
V-1	Location of well sites on Reclamation lands	V-21
V-2	Species and number of raptors associated with Canyon Ferry Reservoir, 1990	V-46

Tables (continued)

<i>Table</i>		<i>Page</i>
V-3	Bald eagle census, Canyon Ferry Dam to Hauser Dam	V-47
V-4	Existing recreation facilities	V-52
V-5	Activities, average participation levels at all sites combined, and area where the activity is the most popular	V-55
V-6	Percentages of recreation activities at Canyon Ferry Reservoir (1986)	V-56
V-7	Canyon Ferry concrete boat ramp elevations	V-58
V-8	1990 population and 2000/2020 projections	V-83
V-9	Income	V-84
V-10	Employment by industrial sector	V-85
V-11	Alternative A, present condition - Recreation expenditure data for impact analysis for 1996	V-88
V-12	Alternative B, 5-percent increase in visitor use - Recreation expenditure data for impact analysis for 1996	V-89
V-13	Alternatives B and C, 10-percent increase in visitor use - Recreation expenditure data for impact analysis for 1996	V-89
V-14	Alternative C, 20-percent increase in visitor use - Recreation expenditure data for impact analysis for 1996	V-90
V-15	Comparison of alternatives - Range of economic impacts due to increase in recreation use from visitors living outside the local area	V-91
V-16	Comparison of alternatives - Net changes in economic impacts due to increase in recreation use from visitors living outside the local area	V-91
V-17	Population, 1990 and 1997	V-93
V-18	1989 per capita income (\$)	V-94
VI-1	Summary of elements in proposed RMP	VI-2
VI-2	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (access management issue category)	VI-13
VI-3	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (recreation management issue category)	VI-16
VI-4	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (heritage resources issue category)	VI-26
VI-5	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (health and safety issue category)	VI-27
VI-6	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (wildlife resources issue category)	VI-29
VI-7	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (public information issue category)	VI-31
VI-8	Summary of issues and concerns and associated goals and objectives for Canyon Ferry RMP/EA (land use issue category)	VI-33

Figures

<i>Figure</i>		<i>Page</i>
I-1	Location in Montana	I-2
I-2	Canyon Ferry Reservoir study area boundary	follows I-6
III-1	Steps in the resource management planning process	III-2
IV-1	Canyon Ferry Reservoir Alternative A	follows IV-20
IV-2	Canyon Ferry Reservoir Alternative B (Preferred)	follows IV-26
IV-3	Canyon Ferry Reservoir Alternative C	follows IV-36
V-1	Canyon Ferry Dam and Reservoir operational objectives	V-3
V-2	Canyon Ferry Dam and Reservoir design criteria	V-4
V-3	Canyon Ferry Reservoir operating criteria	V-6
V-4	Canyon Ferry Reservoir allocations	V-8
V-5	Canyon Ferry Reservoir plans based on 1967-1999 historic inflows	V-9
V-6	Canyon Ferry Reservoir general geology	follows V-24
V-7	Canyon Ferry Reservoir soil associations	follows V-26
V-8	Canyon Ferry Reservoir slope classifications	follows V-30
V-9	Canyon Ferry Reservoir environmental constraints	follows V-30
V-10	Canyon Ferry Reservoir vegetation groups	follows V-32
V-11	Canyon Ferry Reservoir wildlife	follows V-42
V-12	Canyon Ferry Reservoir bald eagle land closure	follows V-48
V-13	Canyon Ferry Reservoir developed recreation areas	follows V-52
V-14	Canyon Ferry Reservoir unauthorized vehicle use of Reclamation lands	follows V-58
V-15	Canyon Ferry Reservoir ownership	follows V-66
V-16	Canyon Ferry Reservoir special use permits	follows V-66
V-17	Canyon Ferry Reservoir residential areas	follows V-66
VI-1	Process for rehabilitating existing and developing new recreation facilities	VI-18
VI-2	Working group process	VI-37

Appendices

Appendix

- A History of Cabin Sites
- B Criteria for Facility Development
- C Criteria for Nonmotorized, Multiuse Trail Development
- D Visitation Calculations

Appendices (continued)

Appendix

- E List of Improvements to Respective Concession Operations
- F United States Coast Guard Auxiliary Programs and Activities at Canyon Ferry Reservoir
- G Partial List of Applicable Laws, Regulations, and Executive Orders

Volume II – Comments and Responses to October 2000 draft Canyon Ferry
Reservoir
Resource Management Plan/Environmental Assessment
