Personal memo from
JOSHUA LEDERBERG

D. S. Arumachalam

OCT 22 1990

my memoir to SN Ac

Thank you for your letter.

I am aware of the problems of
bureaucracy in Indian science.

Did you mean the President
of India or of Indian Academy of
Sciences?

I will be in New Delhi in
early February for the Vittal-
Mallya lectureship and perhaps
can pursue the matter then.

You did mean R. Venkateswaran
President of India (I know a
Professor K. Venkateswaran at
C.M.I.D.). And I have read
C. Venkateswaran's biography of
C.V. Raman. Are they related?

What about a member from the Indian
Academy of Sciences?

Sincerely
Joshua Lederberg
