environmental activist  
bike messenger  
bookstore clerk  
research assistant  
professor

Hobbies: camping  
hiking  
biking  
puttering around the damn house

Sundry: My academic research focuses on an obscure topic: "white trash" culture. It has brought me some media attention over the years-- in the Wall Street Journal, the NY Times magazine, salon.com, and a host of other smaller papers and sites. I've appeared on PBS specials and on MSNBC's evening news.
