

an ARAC meeting to be held September 14–15 at the Boeing Commercial Airplane Group, 535 Garden Avenue, N., Building 10–16, Renton, WA.

The agenda will include:

Tuesday, September 14

- Opening Remarks
- FAA Report
- JAA Report
- Transport Canada Report
- Engine Harmonization Working Group (HWG) Report and Vote
- General Structures HWG Report
- Airworthiness Assurance Working Group Report
- Powerplant Installation HWG Report
- Flight Guidance System HWG Report
- Systems Design and Analysis HWG Report
- Seat Test HWG Report

Wednesday, September 15

- Avionics Systems HWG Report
- Aging Systems Update
- Emergency Evacuation Issues Report
- Flight Test HWG Report
- Ice Protection HWG Report
- Human Factors HWG Report
- Electromagnetic Effects HWG Report
- Loads and Dynamics HWG Report
- Flight Control HWG Report
- Mechanical Systems HWG Report
- Electrical Systems HWG Report

The Engine Harmonization Working Group plans to request a vote to submit a technical standard order (TSO) for formal legal review. The TSO prescribes the minimum performance standards that gas turbine auxiliary power units must meet to be identified with the applicable TSO marking.

Attendance is open to the public, but will be limited to the space available. The public must make arrangements by September 7 to present oral statements at the meeting. Written statements may be presented to the committee at any time by providing 25 copies to the Assistant Executive Director for Transport Airplane and Engine issues or by providing copies at the meeting. Copies of the documents to be voted upon may be made available by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT**. In addition, sign and oral interpretation as well as a listening device, can be made available if requested 10 calendar days before the meeting.

Issued in Washington, DC on August 27, 1999.

Anthony F. Fazio,

Executive Director, Aviation Rulemaking Advisory Committee.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent To Rule on Application 99–08–U–00–PHL To Use the Revenue From a Passenger Facility Charge (PFC) at Philadelphia International Airport, Philadelphia, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to use the revenue from a PFC at Philadelphia International Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101–508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).

DATES: Comments must be received on or before October 4, 1999.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Ms. Roxane Wren, Harrisburg Airports District Office, 3911 Hartzdale Drive, Suite 1100, Camp Hill, PA 17011.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Alfred Testa, Jr., Director of Aviation of the City of Philadelphia at the following address: Division of Aviation, Terminal “E”, Philadelphia, PA 19153.

Air carriers and foreign air carriers may submit copies of written comments previously provided to the City of Philadelphia, Department of Commerce, Division of Aviation under § 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT: Ms. Roxane Wren, Administrative Support Assistant, Airports District Office, 3911 Hartzdale Drive, Suite 1100, Camp Hill, PA 17011, 717–730–2830. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application to use the revenue from a PFC at Philadelphia International Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101–508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On August 13, 1999, the FAA determined that the application to use the revenue from a PFC submitted by City of Philadelphia was substantially

complete within the requirements of § 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than November 13, 1999.

The following is a brief overview of the application.

PFC Application No.: 99–08–U–00–PHL.

Level of the proposed PFC: \$3.00.

Proposed charge effective date: January 1, 1999.

Proposed charge expiration date: July 1, 2011.

Total estimated PFC revenue: \$672,000,000.

Brief description of proposed project(s):

- Terminal One Building (New International Terminal)
- Terminal F Building (New Commuter Terminal)
- Aircraft Parking Apron for Terminal One
- Aircraft Parking Apron for Terminal F
- Airport Roadway Modifications—Phase II
- Acquisition of Property—West of Terminal One
- Planning & Design of New Highway Access Ramps from I–95

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: Air Taxi/Commercial Operators.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA regional airports office located at: Fitzgerald Federal Building #111, Airports Division, AEA–610, John F. Kennedy International Airport, Jamaica, New York, 11430.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the City of Philadelphia, Division of Aviation.

Issued in Camp Hill, Pennsylvania on August 18, 1999.

Sharon A. Daboin,

Manager, Harrisburg ADO, Eastern Region.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Reports, Forms and Recordkeeping Requirements

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Highway Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on March 1, 1999 [64 FR 10060].

DATES: Comments must be submitted on or before October 4, 1999.

FOR FURTHER INFORMATION CONTACT: Mr. David Longo, (202) 366-0456, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:00 a.m. to 4:00 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: No-Zone Campaign Assessment.
Type of Request: Approval of a new information collection.

Affected Public: Approximately 1,100 adult licensed drivers randomly selected from the public.

Abstract: "No-Zone" is a highway safety term used to describe danger areas around trucks and buses where crashes are more likely to occur. The purpose of the No-Zone campaign is to help reduce the number of car-truck crashes, injuries, fatalities, and property loss by increasing motorists' awareness of the No-Zone. The FHWA will conduct a quantitative analysis of the No-Zone campaign and its messages by developing and administering a baseline evaluation study designed to quantify respondents' knowledge of truck and bus limitations; their knowledge of "share the road" issues; and their knowledge of the No-Zone campaign and its messages. It is anticipated that a sample of 4,000 respondents will be drawn in order to complete 1,100 interviews in households with telephones using a national random digit dial.

Frequency: The survey will be conducted now for a baseline analysis and again in approximately three to five years to assess improvements.

Estimated Burden: The estimated total annual burden is 92 hours (1,100 responses x 5 minutes per response).

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW.,

Washington, DC 20503, Attention: DOT Desk Officer. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if OMB receives it within 30 days of publication of this Notice.

Issued on: August 30, 1999.

Michael J. Vecchiotti,

Director, Office of Information and Management Services.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Environmental Impact Statement; Aroostook County, Maine**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared to improve transportation efficiency in Aroostook County, Maine. The EIS will examine highway infrastructure improvements to enhance transportation mobility and accessibility to and from Aroostook County, as well as within the County. These improvements are being considered as a means to improve the region's economy by improving access to jobs and services and by reducing travel time to markets outside Maine's northern-most County. The purpose of this study is to identify a Preferred Corridor only.

FOR FURTHER INFORMATION CONTACT: Mr. James F. Linker, Manager, Right of Way and Environmental Programs, Maine Division, Federal Highway Administration, 40 Western Ave., Augusta, Maine 04330, Tel. 207/622-8355, ext. 23; Ray Faucher, Project Manager, Maine Department of Transportation, State House Station 16, Augusta, Maine 04333-0016, Tel. 207/287-3172.

SUPPLEMENTARY INFORMATION: The purpose of this EIS is to establish a one-

half mile wide corridor for future highway development. The area under consideration, from the towns of Smyrna Mills to Madawaska, is quite large and bounded on the west by Route 11, on the south by I-95, and on the north and east by the Canadian border. The enclosed area is roughly twice the size of the state of Rhode Island.

The EIS will study up to seven corridors alternatives, including upgrades within existing highway corridors and corridors on new location. The seven corridors, plus the no-action alternative, will be selected through a screening process of up to 20 preliminary corridors. The corridors will be selected for review based on their ability to provide transportation benefits and their environmental impacts. It is anticipated that highway segments with logical termini and independent utility will be constructed in the future within the selected corridor. Each segment will be supported by a separate environmental document in the later construction phase.

An 18-member public advisory committee has been established to represent the interests within the study area and to assist in the preparation of the EIS. Public scoping meetings will be held at the following locations: the Frenchville Community Center in Frenchville, September 14, 1999; the Northern Maine Technical College in Presque Isle, September 15, 1999; and the Miller Civic Center in Houlton on September 16, 1999.

Authority: 23 U.S.C. 315; 49 CFR 1.48.

Issued on: August 27, 1999.

Paul L. Lariviere,

Division Administrator, Federal Highway Administration, Augusta, Maine.
