11	The purpose of vertical columns (a) through (c) is to provide space for separate cost breakdowns when a large project has been planned and budgeted by program, function or activity. If additional columns are needed, use as many additional forms as needed and indicate page number in space provided in upper right; however, the summary totals of all programs, functions, or activities should be shown in the "total" column on the first page. All amounts are reported on a cumulative basis.	11n	Enter the total cumulative amount to date which should be the sum of lines a through m.

11f	Enter inspection and audit fees of construction and related programs.	11u	Enter the amount now being requested for reimbursement. This amount should be the difference between the amounts shown on lines s and t. If different, explain on a separate sheet.
11g	Enter all amounts associated with the development of land where the primary purpose of the grant is land improvement. The amount pertaining to land development normally associated with major construction should be excluded from this category and entered on line k.	12a	To be completed by the recipient official who is responsible for the operation of the program. The date should be the actual date the form is submitted to the Federal agency.
11h	Enter the dollar amounts used to provide relocation advisory assistance and net costs of replacement housing (last resort). Do not include amounts needed for relocation administrative expenses; these amounts should be included in amounts shown on line a.	12b	To be completed by the official representative who is certifying to the percent of project completion as provided for in the terms of the grant or agreement.
