FCC Auction 53   # Export Bids

Using the three options listed below, you can export bids from any previous round -- or bids on all the licenses listed on your Form 175 -- to a text file. A checkbox at the bottom lets you exclude bids that are standing high bids.

Licenses are exported in the same format used to import licenses, but the export file's "bid increment" field will be set to 1, to select the minimum acceptable bid. If desired, you may use a text editor to modify the licenses or bid increment values before importing the bids.

Export Bids

Licenses Included

⦿ Your bids from the previous round (Round 2)

◯ Your bids from round `3 ▾`

◯ All licenses selected on your Form 175

☐ Exclude licenses for which you are the standing high bidder

Auction 53   ## Import Bids

The Import feature lets you specify a large number of bids by importing them in a text file. Import files are limited to 1,000 bids. However, you may import as many files as you want in any round.

Enter each bid on a separate line, using the following format:

Service Code-Market-Block/Channel-Submarket, Bid Increment

Submarket indicates the portion of a partitioned or disaggregated market. Most auctions do not have submarkets, in which case **Submarket** is set to **0** (zero). **Bid Increment** is a digit between 1 and 9, corresponding to one of the nine acceptable bid amounts for the license. Bid increment **1** represents the minimum acceptable bid; bid increment **9** represents the largest acceptable bid you may place on a license.

For example, suppose that an auction offers licenses for service code CP and market BEA001. The following entries represent bids on three licenses in that auction. The first two entries use the minimum acceptable bid amount (bid increment 1) on block/channels CA and CB. The third entry uses the second lowest bid amount (bid increment 2) on block/channel CD. Note also that in this example auction, the submarket field is set to **0** (zero).

```
CP-BEA001-CA-0,1
CP-BEA001-CB-0,1
CP-BEA001-CD-0,2
```

The above are strictly examples. For the complete list of licenses being offered in this auction, refer to the Procedures Public Notice associated with this auction.
