34TH ANNUAL TUCSON SEMINAR IN **OBSTETRICS AND GYNECOLOGY FEBRUARY 24-26, 2003**

34TH ANNUAL TUCSON SEMINAR IN OBSTETRICS AND GYNECOLOGY

February 24 - 26, 2003 Sheraton El Conquistador Resort & Country Club Tucson, Arizona

Sponsored By: The University of Arizona College of Medicine **Department of Obstetrics and Gynecology** at the Arizona Health Sciences Center

COURSE DESCRIPTION

This year's thirty-fourth annual seminar combines three individualized symposia and is designed to address common medical problems in obstetrics and gynecologic practice. As new diagnostic procedures are developed and therapeutic modalities instituted, the practitioner needs an educational forum to become familiar with these advances. Intended to update practicing obstetricians, gynecologists, primary care health professionals, nurse practitioners and nurses, this three-day program will focus on these specific areas of interest:

"Cervical Cytology Bethesda 2001 ASCCP Guidelines, Rational and Day 1: Implementation," followed by a luncheon symposium on "Hormone Replacement after the Women's Health Initiative: What to do now?"

Day 2: "New Technologies for Screening and Triage of Cervical Neoplasia" and "Minimally Invasive Surgery for Common Gynecologic Problems," followed by a lunch symposium on "State of the A.R.T."

Day 3: "Prenatal Testing and Genetic Screening: What's Hot and What's Not," followed by a lunch symposium offered by the Arizona Section of the American College of Obstetrics and Gynecology.

Each symposium, presented by internationally recognized experts in the field, will offer a broad overview of the specific topic. Participants will receive the most up-to-date information on the subject, which will assist in expanding one's skill in providing better patient care.

A combination of didactic lectures, slides and videotape presentations will be utilized. Specific time will be available during the scheduled lectures for questions/answers and panel discussion sessions. In addition, speakers will be available during refreshment breaks and after the completion of the day's scheduled program for one-on-one contact, informal exchanges and case study

CONTINUING EDUCATION CREDIT

MEDICINE

The University of Arizona College of Medicine at the Arizona Health Sciences Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Arizona College of Medicine at the Arizona Health Sciences Center designates this educational activity for a maximum of ___hours in category 1 credit towards the American Medical Association Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the education activity.

The American College of Obstetricians and Gynecologists has assigned 19.5 cognate hours (Formal Learning) to this program.

NURSING

The University of Arizona College of Nursing at the Arizona Health Sciences Center is approved as a provider of continuing education in Nursing by the Arizona Nurses' Association which is accredited as an approver of continuing education in Nursing by the American Nurses Credentialing Center (ANCC) Commission on Accreditation. The CE activity is awarded ____contact hours.

LOCATION – Tucson, Arizona

Set in a high-desert valley and surrounded by majestic mountain ranges, Tucson is one of the country's premier winter destinations. Ample sunshine, dry air and beautiful desert vegetation are a few of the attractions that draw visitors back to the city on an annual basis. The "Old Pueblo's" appeal stems not only from its scenery and outstanding weather, but also from the friendly warm

attitude of its citizenry and the wealth of its historical and cultural background. Tucson's culture and heritage began 15,000 years ago when American Indians settled here. The Wild West lives on today at Tombstones O.K. Corral, Old Tucson Studios, and in the national saguaro monuments just a short distance from the Sheraton El Conquistador. The Old West town of Tombstone and South-of-the-border Nogales, Mexico are less than an hour away, and, for groups with a restless spirit, there's still more sightseeing: Colossal Cave and Kartchner Caverns: underground natural wonders, Biosphere 2, Kitt Peak National Observatory, the Arizona-Sonora Desert Museum, Sabino Canyon and the 200-year-old San Xavier Mission del Bac and jeep tours which offer guests an alternative guided experience taking in many of the most fascinating sights in the area.

ACCOMODATIONS - The Sheraton El Conquistador Resort

The Sheraton El Conquistador Resort and Country Club is situated on 500 acres of high Sonoran Desert, just northwest of Tucson in the Santa Catalina Mountains. The Sheraton El Conquistador provides many opportunities to enjoy nature in this fascinating desert habitat. The most prominent landmark seen from anywhere on the resort grounds is the majestic face of Pusch Ridge, the protected home of some of the few remaining big horn

sheep in Arizona. The sheer granite cliff, rising 2,000 feet directly behind the resort, is a constant promise of outdoor adventure.

Every facet of El Conquistador is designed to draw you into a laid-back lifestyle: 428 luxurious rooms, suites and casitas, 5 enticing restaurants, 2 complete fitness centers with spas and saunas, massage therapy, regulation racquetball, basketball, tennis and volleyball courts, as well as 4 outdoor swimming pools and golf.

The resort offers 45 holes of challenging high-desert golf. Each hole has its

own, unique character and offers intriguing play for every skill level. Many guests complete their Western experience with a horseback tour. El Conquistador is the only resort in Southern Arizona with on-site stables and an equestrian program. Choose from many organized rides like a romantic sunset champagne ride, moonlight hay ride or the most popular, breakfast ride.

ROOM RATE

A special single/double room rate at \$219 will be honored for seminar participants. Bellman and housekeeping gratuity is at the individual's discretion. Room reservations will be accepted until the block is filled or until January 31, 2003. After this date, reservations will be accepted on a space available basis only. The group rate is applicable three days prior to and following the meeting dates. (CANCELLATION POLICY: 7-day advance notice required)

Please make reservations by calling (520) 544-1150/(800) 325-7832 or by faxing your Lodging Reservation Form to (520) 544-1228. Identify yourself as a participant of the OB/GYN Seminar to receive the group rate. Check-in time: 4:00 p.m. Check-out time 12 noon.

**The resorts in Tucson usually fill to capacity during the winter months. We suggest you make your reservations early.*

REGISTRATION FEES

To register for the seminar, complete the Seminar Registration Form and return it with a check (U.S. funds only) or credit card (M/C or Visa only) by February 15, 2003.

PAYABLE TO: University of Arizona Foundation

Send fee and registration form to: The University of Arizona

Department of OB/GYN **Business Office**

Registration Fees: Physician

\$575 Other Health Professional \$325 **Resident in Training**

P.O. Box 245078 Tucson, Arizona 85724-5078

Registration fee includes general session, course syllabus, continuing education credit, continental breakfast, refreshment breaks and scheduled lunches.

Questions or Concerns:

(520) 626-6486 or (520) 626-6043 Fax (520) 626-2514 E-Mail: luz@u.arizona.edu

All requests for refunds must be in writing. Requests postmarked by January 31, 2003, will entitle the registrant to a full refund less a \$55 administrative fee. Refund requests will not be available after this date.

Registration received and/or postmarked after February 15, 2003: Please include an additional \$50 per physician and \$25 per other health profes-

Tuition paid to The University of Arizona Foundation is not considered a tax-deductible gift contribution.
