ADVANCE REPORT ON DURABLE GOODS MANUFACTURERS' SHIPMENTS AND ORDERS November 1992

(All figures in text below are in seasonally adjusted current dollars)

New Orders

New orders for manufactured durable goods in November decreased \$2.4 billion or 1.9 percent to \$122.9 billion, the Department of Commerce, Bureau of the Census reported today. This follows increases of 4.6 percent in October and 0.4 percent in September. Excluding defense, new orders were down \$1.9 billion or 1.6 percent. New orders without transportation equipment increased \$0.9 billion or 1.0 percent.

Transportation equipment had the largest decrease, down \$3.3 billion or 10.2 percent to \$29.2 billion, as a decrease in aircraft and parts more than offset an increase in motor vehicles and parts. This follows a 21.3 percent increase in October. Electronic and other electrical equipment was down \$0.7 billion or 3.5 percent to \$18.2 billion. Industrial machinery and equipment had the largest increase, up \$1.0 billion or 4.6 percent to \$21.6 billion, following a 2.7 percent decline in October.

Shipments

Shipments of durable goods in November increased \$2.4 billion or 1.9 percent to \$127.5 billion, following a 0.2 percent decrease in October. Excluding defense, shipments were up \$2.5 billion or 2.1 percent. Without transportation equipment, shipments increased \$1.1 billion or 1.2 percent. Transportation equipment had the largest increase, up \$1.3 billion or 3.9 percent to \$33.7 billion, due to motor vehicles and parts and aircraft and parts. Industrial machinery and equipment was up \$1.2 billion or 5.7 percent to \$21.9 billion. The largest decrease was in electronic and other electrical equipment, down \$0.3 billion or 1.7 percent to \$18.2 billion.

Unfilled Orders

Unfilled orders for durable goods in November decreased \$4.6 billion or 1.0 percent to \$448.7 billion, the lowest level since \$440.7 billion in November 1988. This is the fourteenth decline in the last fifteen months. Excluding defense, unfilled orders were down \$4.1 billion or 1.3 percent. Without transportation equipment, unfilled orders declined \$0.1 billion. The largest decrease was in transportation equipment, down \$4.5 billion or 1.8 percent to \$244.7 billion, due to aircraft and parts and shipbuilding and tanks. Transportation equipment has declined in thirteen of the last fifteen months and is at the lowest level since \$243.1 billion in September 1989. Primary metals was down \$0.4 billion or 2.2 percent to \$19.5 billion, and industrial machinery and equipment declined \$0.3 billion or 0.6 percent to \$50.9 billion.

Capital Goods Industries

New orders for nondefense capital goods in November decreased \$3.1 billion or 9.7 percent to \$28.6 billion. The November decrease follows a 3.5 percent increase in October. Shipments were up \$1.0 billion or 3.2 percent to \$32.8 billion, following a 1.0 percent decrease in October. Unfilled orders, down \$4.2 billion or 1.9 percent to \$219.4 billion, have declined for eight consecutive months and are at the lowest level since December 1989. Excluding aircraft and parts, nondefense new orders increased 0.3 percent, shipments were up 2.1 percent, and unfilled orders declined 0.7 percent.

New orders for defense were down \$0.5 billion or 6.8 percent to \$7.0 billion as decreases in aircraft and parts and communication equipment more than offset an increase in search and navigation equipment. The November decrease follows a 44.4 percent increase in October. Shipments decreased \$0.1 billion or 1.5 percent to \$7.5 billion, following an 8.6 percent decrease in October. Unfilled orders declined \$0.5 billion or 0.4 percent to \$127.8 billion. Unfilled orders have declined in fourteen of the last fifteen months and are at the lowest level since \$123.2 billion in February 1984.

This report presents advance information on two key business indicators: durable goods manufacturers' shipments and orders. Revised and more detailed estimates plus nondurable goods and inventory data will be published December 31, 1992. The advance report on durable goods for January is scheduled for January 29, 1993. This report is available on the day of issue through the Department of Commerce's online Economic Bulletin Board (N-8-1) (202-482-3870) and through the Census Bureau's online information service-CENDATA. Further information about accessing CENDATA can be obtained from Dialog Information Services, Inc. (1-800-334-2464) and CompuServe (1-800-848-8199).
