SPECIAL NOTE
This document was prepared primarily for informational purposes of fish and wildlife biologists and ecologists in accordance with the National Wetlands Inventory Act, Public Law 96-383, October 3, 1979. The map was prepared by the United States Geological Survey, Office of Biological Services, in cooperation with the United States Fish and Wildlife Service, Office of Wetlands and Water Management. It is not intended for use as a legal document. The map is based on aerial photographs taken in 1975 and other source data. It is possible that some wetlands have since been altered or destroyed. In addition, some wetlands and those obscured by dense forest cover may not be shown on this document.
