Now, we would like to ask you a few questions concerning your earnings at your business. We appreciate these questions are sensitive and difficult. Businesses are usually complex and business earnings hard to measure. Sometimes growth in the value of the business is a very important part of the financial return the owner gets from his or her work. I would like to ask you about two things - income from this business and then value of the business.

During 2001, how much did you receive after expenses from this business?
