You must observe the law as Congress passed it.

1) When you go to the M.D. & he gives you an Rx you have the right to take any where you wish to have it filled. The same should be true for eye care providers.

2) The public should not be held hostage by some eye care provider without recourse to less expensive / same eye care products.

3) No one group should have the power to dictate to the public at large where & how their Rx's are filled.

Dear FTC,

The new contact lens law is very important to all contact lens wearers. Without our lenses we are blind (legally). We need to have a copy of our prescription for the following reasons:

1. A contact lens emergency -> if we lose a lens we must be able to get it replaced immediately, wherever we are.

2. We need to be able to shop for the best price for our lenses. Our contacts are a necessity. Without them we cannot see!

A doctor should not be able to control when & how much we pay for our lenses. We need the doctor only to tell us the prescription!

I whole heartedly support the law which gives me the right to MY contact lens prescription. My prescription has changed and I still have 9 months worth of my old prescription from 1800 contacts. They would allow me to exchange them for my new prescription free of charge. The EYE DR's office will only give me my contact prescription if I purchase 6 months worth of contacts for the price of \$120 after paying \$40 for the exam, \$60 for my two boys eye exam each, and another \$60 for my eye exam. I walked away paying \$460 for 3 eye exams and a years supply of contacts. If I had my prescription for contacts in hand, I could have saved \$120. (Both boys need classes, too!)

Please continue to support the law allowing me and other contact lens wearers to purchase lenses wherever we'd like. In the past, I had to buy lenses through my doctor's office. I hated that! Often, I had to travel to a doctor who provided "the best package" of exam + lenses. My daughter will soon be away at college. If I can order her lenses by e-mail, etc. + have them directly shipped, life will be much easier. Having "my prescription in my own hand + buying lenses as I choose has been far superior to the other alternative. Please keep it that way!

To Whom It may Concern:

Please allow people to get a copy of lens prescriptions from their eye doctors. I live in a rural area and this saves me several dollars in gas each year instead of having to continually drive to get new contact lenses.

Sincerely,

Thud Woody

I support the law requiring my eye doctor to give me my contact lens prescription become a bill to purchase my lenses at a reasonable price from the retailer of my choice. Some doctors refuse to give me my prescription which is not right because it is my prescription just as my eyeglass prescription is mine.

I SUPPORT THE NEW LAW WHICH GIVES  
ME THE RIGHT TO MY CONTACT LENS  
PRESCRIPTION. I SHOULD BE ABLE TO BUY  
MY LENSES AT THE LOWEST POSSIBLE PRICE.  
THE VA. HOSPITAL WOULD NOT GIVE ME  
A CONTACT LENS EXAM BECAUSE I WASN'T  
ENTITLED TO GET LENSES FROM THEM.

THANK YOU, JOHN DEW

Please do everything in your

to Contact Lens Consumers  
Act of 2003. I should not

I can get a better rate from  
a distributor. Thank you,

The Federal Trade Commission

I strongly support the law that gives me the right to my contact lens prescription. It should be my decision where to buy my contact lens at an affordable price & for my own convenience.

Thank you for your support of this law.

Federal Trade Commission:

I support the law which obligates optometrists to provide their patients with my prescription (contact lenses). Part of the greatness of being American is the choices we have. I want the choice to purchase contact lenses from whichever retailer I ~~choose~~ choose without being beholden to my eye doctor alone. Thanks, Annmarie Witolski

GENTLEMEN

I SUPPORT THE NEW CONTACT LENS LAW.

I HAVE A LOT OF TROUBLE WHEN I GO TO THE  
EYE DOCTOR TO GET A COPY OF MY PRESCRIPTION.  
OR EVEN THE ORIGINAL PRESCRIPTION. THEY WANT TO CHARGE  
HUNDREDS OF DOLLARS FOR CONTACT LENSES,  
WHEN I CAN SHOP AROUND AND FIND THEM MUCH  
CHEAPER IN OTHER PLACES. THE SAME THING HAPPENS  
WITH REGULAR EYE GLASSES.

To Whom It May Concern:

I support the Fairness to Contact Lens Consumers Act. I appreciate the freedom and flexibility to purchase my lenses from whom I chose. I have experienced resistance from eye doctors in the past and found it much easier to obtain my eyeglass script than contact lens script. Please support this new law and protect our rights as consumers. Thank you -

I support the law giving me the right to both a copy of my prescription for contacts and to buy them wherever I choose.

I don't think my rights to these should be limited in any way. Thank you.

As a physician, I always give my patients copies of prescriptions, etc. I am offended by the idea I couldn't have a copy of my own contact lens rx.

There should be free trade in the contact lens market. I buy my lens from a discount dealer. As an orthopedic surgeon I don't force my pts to buy durable goods from me
