

## § 59.1

### APPENDIX A TO SUBPART C OF PART 59—FIGURES

#### Subpart D—National Volatile Organic Compound Emission Standards for Architectural Coatings

- 59.400 Applicability and compliance dates.
- 59.401 Definitions.
- 59.402 VOC content limits.
- 59.403 Exceedance fees.
- 59.404 Tonnage exemption.
- 59.405 Container labeling requirements.
- 59.406 Compliance provisions.
- 59.407 Recordkeeping requirements.
- 59.408 Reporting requirements.
- 59.409 Addresses of EPA Offices.
- 59.410 State authority.
- 59.411 Circumvention.
- 59.412 Incorporations by reference.
- 59.413 Availability of information and confidentiality.

### APPENDIX A TO SUBPART D OF PART 59—DETERMINATION OF VOLATILE MATTER CONTENT OF METHACRYLATE MULTICOMPONENT COATINGS USED AS TRAFFIC MARKING COATINGS

#### TABLE 1 TO SUBPART D—VOLATILE ORGANIC COMPOUND (VOC) CONTENT LIMITS FOR ARCHITECTURAL COATINGS

#### Subpart E [Reserved]

#### Subpart F—Control of Evaporative Emissions From New and In-Use Portable Fuel Containers

##### OVERVIEW AND APPLICABILITY

- 59.600 Does this subpart apply for my products?
- 59.601 Do the requirements of this subpart apply to me?
- 59.602 What are the general prohibitions and requirements of this subpart?
- 59.603 How must manufacturers apply good engineering judgment?
- 59.605 What portable fuel containers are excluded from this subpart's requirements?
- 59.607 Submission of information.

##### EMISSION STANDARDS AND RELATED REQUIREMENTS

- 59.611 What evaporative emission requirements apply under this subpart?
- 59.612 What emission-related warranty requirements apply to me?
- 59.613 What operation and maintenance instructions must I give to buyers?
- 59.615 How must I label and identify the portable fuel containers I produce?

##### CERTIFYING EMISSION FAMILIES

- 59.621 Who may apply for a certificate of conformity?
- 59.622 What are the general requirements for obtaining a certificate of conformity

## 40 CFR Ch. I (7–1–07 Edition)

- and producing portable fuel containers under it?
- 59.623 What must I include in my application?
- 59.624 How do I amend my application for certification?
- 59.625 How do I select emission families?
- 59.626 What emission testing must I perform for my application for a certificate of conformity?
- 59.627 How do I demonstrate that my emission family complies with evaporative emission standards?
- 59.628 What records must I keep and what reports must I send to EPA?
- 59.629 What decisions may EPA make regarding my certificate of conformity?
- 59.630 EPA testing.
- 59.650 General testing provisions.
- 59.652 Other procedures.
- 59.653 How do I test portable fuel containers?

##### SPECIAL COMPLIANCE PROVISIONS

- 59.660 Exemption from the standards.
- 59.662 What temporary provisions address hardship due to unusual circumstances?
- 59.663 What are the provisions for extending compliance deadlines for manufacturers under hardship?
- 59.664 What are the requirements for importing portable fuel containers into the United States?

##### DEFINITIONS AND OTHER REFERENCE INFORMATION

- 59.680 What definitions apply to this subpart?
- 59.685 What symbols, acronyms, and abbreviations does this subpart use?
- 59.695 What provisions apply to confidential information?
- 59.697 State actions.
- 59.698 May EPA enter my facilities for inspections?
- 59.699 How do I request a hearing?

AUTHORITY: 42 U.S.C. 7414 and 7511b(e).

SOURCE: 64 FR 48815, Sept. 11, 1998, unless otherwise noted.

#### Subpart A—General

SOURCE: 71 FR 58753, Oct. 5, 2006, unless otherwise noted.

#### § 59.1 Final determinations under section 183(e)(3)(C) of the Clean Air Act.

This section identifies the consumer and commercial product categories for which EPA has determined that control technique guidelines (CTGs) will

be substantially as effective as regulations in reducing volatile organic compound (VOC) emissions in ozone non-attainment areas:

- (a) Wood furniture coatings;
- (b) Aerospace coatings;
- (c) Shipbuilding and repair coatings;
- (d) Lithographic printing materials;
- (e) Letterpress printing materials;
- (f) Flexible packaging printing materials;
- (g) Flat wood paneling coatings; and
- (h) Industrial cleaning solvents.

### Subpart B—National Volatile Organic Compound Emission Standards for Automobile Refinish Coatings

#### § 59.100 Applicability and designation of regulated entity.

(a) The provisions of this subpart apply to automobile refinish coatings and coating components manufactured on or after January 11, 1999 for sale or distribution in the United States.

(b) Regulated entities are manufacturers and importers of automobile refinish coatings or coating components that sell or distribute these coatings or coating components in the United States.

(c) The provisions of this subpart do not apply to automobile refinish coatings or coating components meeting the criteria in paragraphs (c)(1) through (c)(6) of this section.

(1) Coatings or coating components that are manufactured (in or outside the United States) exclusively for sale outside the United States.

(2) Coatings or coating components that are manufactured (in or outside the United States) before January 11, 1999.

(3) Coatings or coating components that are manufactured (in or outside the United States) for use by original equipment manufacturers.

(4) Coatings that are sold in non-refillable aerosol containers.

(5) Lacquer topcoats or their components.

(6) Touch-up coatings.

#### § 59.101 Definitions.

*Adhesion promoter* means a coating designed to facilitate the bonding of a primer or topcoat on surfaces such as

trim moldings, door locks, and door sills, where sanding is impracticable, and on plastic parts and the edges of sanded areas.

*Administrator* means the Administrator of the United States Environmental Protection Agency (U.S. EPA) or an authorized representative.

*Automobile* means passenger cars, vans, motorcycles, trucks, and all other mobile equipment.

*Automobile refinish coating component* means any portion of a coating, such as a reducer or thinner, hardener, additive, etc., recommended (by its manufacturer or importer) to distributors or end-users for automobile refinishing. The raw materials used to produce the components that are mixed by the end-user to prepare a coating for application are not considered automobile refinish coating components. Any reference to automobile refinishing made by a manufacturer or importer on a container or in product literature constitutes a recommendation for automobile refinishing.

*Automobile refinish coating or coating component importer, or importer*, means any company, group, or individual that brings automobile refinish coatings or coating components from a location outside the United States into the United States for sale or distribution in the United States.

*Automobile refinish coating or coating component manufacturer, or manufacturer*, means any company, group, or individual that produces or packages automobile refinish coatings or coating components for sale or distribution in the United States, including an entity which produces or packages such coatings or coating components under a private label for another party.

*Automobile refinishing* means the process of coating automobiles or their parts, including partial body collision repairs, that is subsequent to the original coating applied at an automobile original equipment manufacturing plant.

*Container* means the individual receptacle that holds a coating or coating component for storage and distribution.

*Cut-in, or jambing, clearcoat* means a fast-drying, ready-to-spray clearcoat applied to surfaces such as door jambs
