

**§ 1206.32 Scope and purpose.**

Through its support for records projects, the National Historical Publications and Records Commission encourages a greater effort at all levels of government and by private organizations to preserve and make available for use those records, generated in every facet of life, that further an understanding and appreciation of U.S. history. In the public sector, these historical records document significant activities of State, county, municipal, and other units of government. In the private sector, historical records include manuscripts, personal papers, and family or corporate archives that are maintained by a variety of general repositories as well as materials in special collections relating to particular fields of study, including the arts, business, education, ethnic and minority groups, immigration, labor, politics, professional services, religion, science, urban affairs, and women. In addition to recommending the supporting of projects relating directly to a body of records, the Commission may also recommend support for projects to advance the state of the art, to promote cooperative efforts among institutions and organizations, and to improve the knowledge, performance, and professional skills of those who work with historical records.

**§ 1206.36 State historical records coordinator.**

(a) The governor of each State desiring to participate fully in the program shall appoint a State historical records coordinator (coordinator), who shall be the full-time professional official in charge of the State archival program or agency. If the State has another state-funded historical agency or agencies with archival and/or records responsibilities, the official(s) in charge of at least one of these shall be a member of the State historical records advisory board (board). The coordinator is appointed to a minimum four-year term, but may continue to serve until replaced by the governor or until resignation. The coordinator shall serve as chair of the board and shall be the central coordinating officer for the his-

torical records grant program in the State. The person appointed will not be deemed to be an official or employee of the Federal Government and will receive no Federal compensation for such service. The pamphlet "Guidelines for State Historical Records Coordinators and State Historical Records Advisory Boards," which is available from the Commission and from State historical records coordinators, provides further information on the role of the coordinator.

(b) In the event of the resignation of the coordinator or other inability to serve, a deputy coordinator, if one has been designated, will serve as acting State coordinator until the governor makes an appointment. In the absence of a deputy coordinator, the NHPRC will recognize an acting coordinator, selected by the state board, who shall serve until the governor appoints a coordinator in order to conduct the necessary business of the board.

[61 FR 5657, Feb. 13, 1996]

**§ 1206.37 Deputy State historical records coordinator.**

A deputy State historical records coordinator may be designated to assist in carrying out the duties and responsibilities of the coordinator and to serve as an acting coordinator at the coordinator's direction or upon the coordinator's resignation or other inability to serve.

**§ 1206.38 State historical records advisory board.**

(a) Each State desiring to participate in the program shall define an appointment process and appoint a State historical records advisory board consisting of at least seven members, including the State historical records coordinator, who chairs the board, unless otherwise specified in state statute. The coordinator shall provide the Commission with a description of the appointment process. A majority of the members shall have recognized experience in the administration of government records, historical records, or archives. The board should be as broadly representative as possible of the public and private archives, records offices, and research institutions and organizations in the State. Board members will

not be deemed to be officials or employees of the Federal Government and will receive no Federal compensation for their service on the board. They are appointed for three years with the possibility of renewal; and preferably terms are staggered so that one-third of the board is newly appointed or reappointed each year. If the board is not established in State law, members' terms continue until replacements are appointed. The board may adopt standards for attendance and may declare membership positions open if those standards are not met.

(b) The board is the central advisory body for historical records planning and for Commission-funded projects developed and carried out within the State. The board serves as a coordinating body to facilitate cooperation among historical records repositories and other information agencies within the state and as a state-level review body for grant proposals as defined in the Commission's guidelines. Specifically, the board may perform such duties as sponsoring and publishing surveys of the conditions and needs of historical records in the State; soliciting or developing proposals for projects to be carried out in the State with NHPRC grants; reviewing proposals by institutions in the State and making recommendations about these to the Commission; developing, revising, and submitting to the Commission State priorities for historical records projects following guidelines developed by the Commission; promoting an understanding of the role and value of historical records; acting in an advisory capacity to the state archives and other statewide archival or records agencies; and reviewing, through reports and otherwise, the operation and progress of projects in the State financed by NHPRC grants.

#### Subpart D—Grant Procedures

SOURCE: 55 FR 21544, May 25, 1990, unless otherwise noted.

##### § 1206.50 Types of grants.

(a) *General.* The Archivist of the United States, after considering the ad-

vice and recommendations of the Commission, may make three types of NHPRC grants: Outright grants, matching grants, and combined grants.

(b) *Outright grants.* An application for an outright grant requests an NHPRC grant for the entire cost of a project, minus the share of the cost borne by the applicant. The maximum possible cost sharing is encouraged in every proposal, and the level of cost sharing will be an important factor in the Commission's recommendation on most types of proposals.

(c) *Matching grants.* An application for a matching grant should be made when an applicant has prospects of securing financial support from a third party or, in the case of a State or local government agency, funds from the institution's own appropriation source are provided expressly for the project proposed in the application. Upon Commission approval of a matching grant request, the applicant shall present written documentation certifying that matching funds have been provided for the project by the non-Federal source. In the case of a State or local government agency, the matching requirement may also be met through matching funds from the State or local government, provided that it can be demonstrated to the Commission's satisfaction that the matching amount has been provided above and beyond funds previously allocated or planned for the agency's budget and that the funds are set aside exclusively to support the project proposed for an NHPRC grant. Applicants need not, however, have money in hand to make a matching grant request; they need only assure the Commission that they have reasonable prospects of obtaining the needed amounts.

(d) *Combined grants.* A combined grant comprises both outright funds and matching funds. When the funds an applicant can raise plus the equivalent amount of an NHPRC grant do not equal the required budget, the difference is requested in outright funds. For example, if the applicant needs \$75,000 and is able to raise \$25,000 in gifts or in a new appropriation for the project, a combined grant of \$25,000 outright and \$25,000 in matching funds
