Subject: RE: section 183(e) project for automobile and light-duty truck coating

For Follow Up: Normal Priority

History: This message has been replied to and forwarded .

Dave – attached please find the CAA Sec. 183(e) VOC information you requested. This info covers our Smyrna, TN and Canton, MS facilities. We hope this helps.

Please contact me if you have any follow-up questions. We look forward to working with EPA on this.

Thanks, Ray

Dave, this confirms that Nissan will supply the requested data. We believe we can meet your requested deadline of mid-March.

Looking forward to working together, Ray

**Subject:** section 183(e) project for automobile and light-duty truck coating

Ray

In the February 12 presentation, we discussed the need for some recent (2006 and 2007) VOC information to help us in developing the recommendations in the new VOC guidance document for automobile and light-duty truck coating. Would you be willing to complete the attached spreadsheets for your Tennessee and Mississippi facilities? The Alliance of Automobile Manufacturers member companies are doing this and they are aiming to get their responses to us by mid-March.

(See attached file: 183(e) Auto Coating monthly summary template.xls)  
(See attached file: 183(e) Auto Coating annual summary template.xls)

[Note each spreadsheet has tabs for 2006 and 2007.]
