APPENDIX J

SPECIAL DESIGNATION AREAS ON BLM AND FS LANDS WITHIN THE PROJECT AREA

The following tables list acreage of congressional and administrative designations within the project area by government agency, type of special designation and state or national forest. Because the same area of land can be assigned multiple designations, total acreage of specially designated land within the project area is not calculated here, as combining totals would include acreage overlap.

Table J-1 lists acreage on BLM lands by state and type of designation.

Table J-2 lists acreage on FS lands by national forest and type of designation. Categorization by state was not possible as many national forests cross state lines.
