The change at § 277.7, Coordination with the U.S. Coast Guard, is to remove the parenthetical instruction to see the referenced Engineering Pamphlet for a copy of a Corps-Coast Guard Memorandum of Agreement. The Pamphlet has been revised and it no longer contains a copy of the agreement. Reference to the Pamphlet is retained as it continues to list the agreement as being in force.

**Approval and Promulgation of Air Quality Implementation Plans; Virginia; Update to Materials Incorporated by Reference**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; Notice of administrative change.

**SUMMARY:** EPA is updating the materials submitted by The Commonwealth of Virginia that are incorporated by reference (IBR) into the State implementation plan (SIP). The regulations affected by this update have been previously submitted by the State agency, the Virginia Department of Environmental Quality, and approved by EPA. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA), the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the Regional Office.

**EFFECTIVE DATE:** This action is effective September 8, 2004.

**ADDRESSES:** SIP materials which are incorporated by reference into 40 CFR

part 52 are available for inspection at the following locations: Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; the Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, 1301 Constitution Avenue, NW., Room B108, Washington, DC 20460; or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

**FOR FURTHER INFORMATION CONTACT:** Harold A. Frankford, (215) 814–2108 or by e-mail at [frankford.harold@epa.gov](mailto:frankford.harold@epa.gov).

**SUPPLEMENTARY INFORMATION:** The SIP is a living document which the State can revise as necessary to address the unique air pollution problems. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations as being part of the SIP. On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference Federally-approved SIPs, as a result of consultations between EPA and the Office of the Federal Register (OFR). The description of the revised SIP document, IBR procedures and “Identification of plan” format are discussed in further detail in the May 22, 1997 **Federal Register** document. On April 21, 2000 (65 FR 21315), EPA published a **Federal Register** beginning the new IBR procedure for Virginia. In this document EPA is doing the following:

1. Announcing the first update to the IBR’d material.

2. Correcting typographical errors in the text of 40 CFR 52.2420(a).

3. Making corrections to the charts listed in paragraphs 52.2420(c), as described below:

a. General change to **Federal Register** citation in the “EPA Approval Date” column. For entries in the “EPA Approval Date” column where the EPA approval date is listed as “4/21/00,” the **Federal Register** citation is revised from “60 FR 21320” to “60 FR 21315.”

b. Chapter 20—Headings are added to indicate that this chapter is divided into two parts: Part I (Administrative) and Part II (Air Quality Programs).

c. Chapter 20, entries 5–20–220 and 5–20–230—The text in the “EPA approval date” column is revised to read “6/27/03, 68 FR 38191”.

d. Chapter 40, Part II—The titles for all Articles are revised.

e. Chapter 40, Article 13, entry 5–40–1750A—In the “Explanation [Former SIP citation]” column, the word “Register” is replaced with the word “federally”.

g. Chapter 80, entry VR120–08–01C.1.a; 01C.4.b through d—The date in the “State effective date” column is revised to read “7/31/81; the citation “01C.1.a.” is removed.

h. Chapter 80, Article 5, all entries—The **Federal Register** citation in the EPA approval date” column is revised to read “6/27/03, 68 FR 38191”; the text in the “Explanation [Former SIP citation] column” is removed.

i. Chapter 80, Article 9, entry 5–80–2030—In the “EPA approval date” column, the **Federal Register** publication date and page citation are added.

j. Chapter 140—The chapter and “Part I” titles are revised.

k. Chapter 140, all entries—In the “EPA approval date” column, the **Federal Register** page citation is revised to read “68 FR 40520”.

l. Chapter 140, entry 5–140–620—The date in the “state effective date column is revised to read “7/17/02”.

o. Chapter 200, entries 5–200–10, 5–200–20 and 5–200–30—The text in the “Explanation [Former SIP citation]” column is removed.

p. 2 VAC 5 Chapter 480, entry 5–480–20—The text in the “Explanation [Former SIP citation]” column is removed.

4. Revising the format and content of paragraph 52.2420(d) as follows:

a. Providing a **Federal Register** publication date, **Federal Register** page citation, and 40 CFR part 52 citation for each entry.

b. Revising the names for certain entries in the “Source name” column.

c. Adding additional permit identification numbers which appear in the text of the permit documents in the “Permit/order or registration number” column.

d. Revising the date in the “State effective date” column for the entry “Potomac Electric Power Company (PEPCO)—Potomac River Generating Station”.

e. Revising the date format in the “State effective date” column.

f. Revising the following **Federal Register** page citations in the “EPA approval date” column—The page

citation “66 FR 15” is revised to read “66 FR 8”, and the page citation “68 FR 14545” is revised to read “68 FR 14542”.

g. Adding language in the “40 CFR part 52 citation” column for certain entries.

EPA has determined that today’s rule falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation, and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today’s rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest.” Public comment is “unnecessary” and “contrary to the public interest” since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations.

#### A. General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4). This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal

Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997), because it is not economically significant. In reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 99 (44 U.S.C. 3501 *et seq.*).

#### B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

**C. Petitions for Judicial Review**

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the Virginia SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for these "Identification of plan" reorganization update actions for Virginia.
