South Central Idaho Interagency Dispatch Center  
Eastern Idaho Interagency Fire Center

Sierra Front Interagency Dispatch Center  
Elko Interagency Dispatch Center  
Sierra Front Interagency Dispatch Center

Northern Utah Interagency Fire Center  
Color Country Interagency Fire Center  
Northern Utah Interagency Fire Center  
Northern Utah Interagency Fire Center

(IA) - Initial attack fire suppression will be prioritized for these crews above all other duties, with the exception of life and property protection. These crews will maintain their suppression proficiency by being utilized for the full range of incident assignments through the coordination system. However they will be reassigned and dedicated to BLM initial attack fire suppression assignments as determined by agency needs.

**62.2 – NWCG MINIMUM CREW STANDARDS FOR NATIONAL MOBILIZATION.**

See [National Interagency Mobilization Guide](#).

**62.3 - INTERAGENCY FIRE USE MODULES.** See [National Interagency Mobilization Guide](#).

**62.3.1 - INTERAGENCY FIRE USE MODULE CONFIGURATION.**

See [National Interagency Mobilization Guide](#).

**62.3.2 - INTERAGENCY FIRE USE MODULE MOBILIZATION.**

See [National Interagency Mobilization Guide](#).

**62.4 - SMOKEJUMPERS.** See [National Interagency Mobilization Guide](#).

With the exceptions noted below, all Great Basin units will order smokejumpers from the appropriate Great Basin Coordination Center via established dispatch channels.

**62.4.1 - NUMBERS.** See [National Interagency Mobilization Guide](#).

**62.4.2 - SMOKEJUMPERS GEAR WEIGHTS AND VOLUME.**

See [National Interagency Mobilization Guide](#).

**62.4.3 - GREAT BASIN SMOKEJUMPER BASES.**

**62.4.3.1 - McCALL SMOKEJUMPER BASE (USFS).** Normally staffed with 70 smokejumpers. Dispatch centers that can order direct are the Boise Dispatch Center, Central Idaho Interagency Fire Center, South Central Idaho Interagency Dispatch Center, Nez-Perce National Forest and the Wallowa-Whitman National Forest.

In order to maintain the flexibility of responding to several concurrent requests, the standard DC-3 load will remain at 12 jumpers. However, the aircraft will be equipped with standard cargo for 16 smokejumpers, plus a Hale Fry pump with 1,000 feet of hose.

If the need exists for more than 12 jumpers, e.g., multiple fires requiring 4-6 jumpers each, or an emerging fire that could require 14-16 jumpers, a special request for this larger load can be made with no delays in the departure time.

A full 20-person smokejumper crew can be delivered to an incident where a Type 1 Crew is needed. The 20-person crew request should be used in situations where all 20 jumpers would be dropped in the same location. This 20-person crew is equipped to be self-sufficient for 2 days. No pump or hose is included with this load. Concurrence of the National Interagency Coordination Center must be obtained prior to use of smokejumpers as a Type 1 Crew. See National Interagency Mobilization Guide.

**62.4.3.2. - BOISE SMOKEJUMPER BASE (BLM).** Normally staffed with 83 smokejumpers. The primary mission of the BLM Boise Smokejumpers is to provide wildland fire services to BLM and interagency land managers.

Nevada, Utah, Idaho and Colorado have a contingent of twelve (12) smokejumpers available to them after they have been activated.

The De Havilland DHC-6 Twin Otter will be the primary aircraft utilized by the Boise smokejumpers. The normal configuration for this aircraft is eight (8) smokejumpers with gear plus one (1) pilot and one (1) smokejumper spotter, both of whom stay with the aircraft.

Other aircraft used, BLM Alaska or USFS, will be pre-positioned to maximize mission effectiveness.

Additional smokejumpers or aircraft ordered to supplement base operations in Boise will be coordinated by the WGBCC.

Utilization of BLM Boise smokejumpers will be overseen by the BLM Fire Operations Group Manager.

**62.4.3.3 - WEST YELLOWSTONE SMOKEJUMPER BASE (USFS).** The West Yellowstone, Wyoming jump base is normally staffed with 15 smokejumpers. Units that can order direct are Eastern Idaho Interagency Fire Center and Teton Interagency Dispatch Center.

**62.4.3.4 - MISSOULA SMOKEJUMPER BASE (USFS).** There are normally 60 smokejumpers located at Missoula, MT. The Salmon Interagency Dispatch Center can order direct.

**62.4.3.5 - GRANGEVILLE SMOKEJUMPER BASE (USFS).** There are normally 30 smokejumpers located at Grangeville, ID. The Payette Dispatch Center can order direct.

**62.5 - PILOTS - LEADPLANE AND SMOKEJUMPER.**

See National Interagency Mobilization Guide.

**62.6 - RAPPELLER AND HELICOPTER MANAGER GEAR WEIGHTS AND VOLUME.**

See National Interagency Mobilization Guide.

**62.7 - COMMUNICATIONS COORDINATOR (COMC).**

See National Interagency Mobilization Guide.

**62.8 - FLIGHT MANAGER.** See National Interagency Mobilization Guide and Great Basin Mobilization Guide, Chapter 24.

*Denotes Holiday	

**63.1.2.3 - CURRENT-YEAR TYPE 1 TEAM MEMBERS .** Current-year team member rosters for the Great Basin/Rocky Mountain Type 1 Incident Management Teams are listed on the following websites:

<http://gacc.nifc.gov/egbc/logistics/overhead/overhead.htm>

<http://gacc.nifc.gov/rmcc/logistics/overhead.htm>

**63.1.3 - GREAT BASIN TYPE 2 INCIDENT MANAGEMENT TEAMS.** There are five Type 2 Incident Management Teams in the Great Basin. The Incident Commanders for these teams are:

Elizabeth Lund	Internet: elund@fs.fed.us
Mike Wilde	Internet: mwilde@fs.fed.us
Tom Suwyn	Internet: tom_suwyn@blm.gov
Rich Harvey	Internet: rharvey@forestry.nv.gov
Mike Whalen	Internet: mwhalen@nv.blm.gov

See Section 22.9 for specific guidelines, requirements, and operating procedures.

**63.1.3.1 - CURRENT-YEAR ROTATION.**

All teams will adhere to the two-week rotation period. Teams are mobilized on a first, second or third team out basis. Once a team is mobilized or if a team is unavailable for dispatch, the next team in order of rotation will assume their position until they are mobilized or the rotation period ends. If a team is released to their home unit, has time left in the rotation period and are available, they will enter the rotation in the last position.

If all three teams in rotation are mobilized, additional orders for Type 2 Incident Management Teams will be placed with NICC. During periods of high fire activity, the Great Basin Coordinating Group may approve early activation of Great Basin teams not in rotation. **For early activation justification, see Supplement 1, H.2.**

The response time for “on-call” teams can be set by the coordination centers based on planning levels and predicted activity. For example, at the beginning of the season, the teams may be placed on an eight-hour call up instead of the normal two-hour call up during the height of the fire season.

Alternate methods of filling team positions, other than the Command and General Staff, can be utilized and will be closely monitored. Positions may be shared by qualified people. Positions may be assigned to a department or agency to fill that has a “pool” of qualified people. It is critical that dispatch and coordination centers know the method being used, and coordinate any changes.

Priorities for filling positions will be:

1. Agency or department employees
2. Emergency Fire Fighter (ADs, non-retiree) below the Command and General Staff level only
3. Emergency Fire Fighters (ADs, retirees), utilized primarily as “coaches” to develop trainees into any position
4. Service contract, subject to National Wildfire Coordinating Group (NWCG) restrictions

**CURRENT YEAR TYPE 2 TEAM and FUMT ROTATION SCHEDULE**

<b>Alert Dates</b>	<b>Team Name</b>	<b>Team Name</b>	<b>Team Name</b>	<b>Team Name</b>
<b>Activation Order</b>	<b>First Out</b>	<b>Second Out</b>	<b>Third Out</b>	<b>FUMT</b>

Sept 19 - Oct 2	Suwyn	Wilde	Whalen	Svalberg/Dykehouse

\* Denotes Holidays

**63.1.3.2 - CURRENT-YEAR TYPE 2 TEAM MEMBERS .** Current-year team member rosters for the Great Basin Type 2 Incident Management Teams are listed on the following web pages:

<http://gacc.nifc.gov/wgbc/logistics/overhead/overhead.htm>  
<http://gacc.nifc.gov/egbc/logistics/overhead/overhead.htm>

**63.2 - NATIONAL AREA COMMAND TEAMS.** See National Interagency Mobilization Guide.

**63.2.1 - NATIONAL AREA COMMAND TEAM CONFIGURATION.**  
 See National Interagency Mobilization Guide.

**63.2.2 - NATIONAL AREA COMMAND TEAM ROTATION PROCESS.**  
 See National Interagency Mobilization Guide.

**63.3 - INTERAGENCY FIRE USE TEAMS.** See National Interagency Mobilization Guide.

**63.3.1 - INTERAGENCY FIRE USE TEAM CONFIGURATION.**

See National Interagency Mobilization Guide.

**63.3.2 - INTERAGENCY FIRE USE MANAGEMENT TEAM ROTATION PROCESS.**

See National Interagency Mobilization Guide for national rotation.

**63.3.3 - GREAT BASIN FIRE USE MANAGEMENT TEAMS.** The Great Basin has two Fire Use Management Teams. The Incident Commander positions are shared positions. The Incident Commanders are:

**Ourada/Soper**

Chris Ourada                      courada@fs.fed.us

Kim Soper                              ksoper@fs.fed.us

**Svalberg/Dykehouse**

Larry Svalberg                      lsvalberg@fs.fed.us

Rod Dykehouse                      rdykehouse@fs.fed.us

**63.3.3.1 - FIRE USE MANAGEMENT TEAM MEMBERS.** Current-year team member rosters for the Great Basin Fire Use Management Teams are listed on the following web pages:

<http://gacc.nifc.gov/wgbc/logistics/overhead/overhead.htm>

<http://gacc.nifc.gov/egbc/logistics/overhead/overhead.htm>

**63.3.3.2 - FIRE USE MANAGEMENT TEAM ROTATION PROCESS.**

Within the Geographic area, the teams will be on a 2 weeks on, 2 weeks off alert status to coincide with the Type 2 teams. The seasonal availability on the national rotation will commence at 0001 on May 15th and run through 2400 on September 15th.

See Chapter 22.9, for specific guidelines, requirements, and operating procedures.

**63.4 - NATIONAL PARK SERVICE ALL-RISK INCIDENT MANAGEMENT TEAM.**

See National Interagency Mobilization Guide.

**63.4.1 - NATIONAL PARK SERVICE ALL-RISK MANAGEMENT TEAMS MOBILIZATION PROCESS.** See National Interagency Mobilization Guide.

**64 - INCIDENT SUPPORT TEAMS.** See the National Interagency Mobilization Guide, Chapters 22 and 64; and the Great Basin Mobilization Guide, Chapter 22.10.

**64.1 - NATIONAL INTERAGENCY BUYING TEAMS.**

See the National Interagency Mobilization Guide.

**64.1.1 - NATIONAL INTERAGENCY BUYING TEAM CONFIGURATION.**

See National Interagency Mobilization Guide.

**64.1.2 - NATIONAL INTERAGENCY BUYING TEAM ROTATION PROCESS.**

The alert week runs from 0001 hours (MT) on Wednesday to 2400 hours (MT) on the following Tuesday. See the National Interagency Mob Guide for National rotation.

**64.1.3 - GREAT BASIN/ROCKY MOUNTAIN TYPE 1 BUYING TEAM ROTATION.**

Geographic Area team rotation will be determined on an as needed basis by the Team leader and statused with the Rocky Mountain Coordination Center.

**64.1.4 - GREAT BASIN/ROCKY MOUNTIAN TYPE 2 BUYING TEAM ROTATION.** The on call period will run for one week commencing at 0001 on Wednesday and will terminate on the following Tuesday at 2400.

**RM/GB Type 2 Buying Teams and Rotation**

	(Jim) Harvey Horton	\$2,500	NV-HTF/WBC

#### 64.1.6 - GREAT BASIN/ROCKY MOUNTAIN BUYING TEAM ALTERNATES.

**ALTERNATE BUYING TEAM LEADERS** – If any Type 1 or 2 Buying Team Leader is unavailable please contact the Rocky/Basin Buying Team Coordinator for a substitute. The Buying Team Coordinator is:

Scott Wintemute  
970-826-5027 – work  
970-326-5536 – cell

If a substitute is not available, the entire team is unavailable. The next team in rotation will move up to on-call status.

Alternate Buying Team Members can go out as individual overhead or with Buying Teams.
