

## COMBINED CHART OF APS AMENDMENT CATEGORIES

The following chart categorizes amendments to Adult Protective Services (APS) laws that were enacted or became effective between 2003 and 2006. While there may have been other state legislative activity related to elder abuse or to APS between 2003 and 2006, this chart only addresses amendments to APS laws. The annual summaries of state legislation amending the APS laws on which this combined chart is based can be found by scrolling to the bottom of the following Web page: <http://www.elderabusecenter.org/default.cfm?p=statelawsanalysis.cfm>.

Note: Bill numbers are only listed alongside state abbreviations when more than one bill affecting the APS law was enacted or became effective during a calendar year.
