

SUBCHAPTER S—STANDARDS OF CONDUCT FOR TRANSMISSION PROVIDERS

PART 358—STANDARDS OF CONDUCT

Sec.

- 358.1 Applicability.
- 358.2 General principles.
- 358.3 Definitions.
- 358.4 Independent functioning.
- 358.5 Non-discrimination requirements.

AUTHORITY: 15 U.S.C. 717-717w, 3301-3432; 16 U.S.C. 791-825r, 2601-2645; 31 U.S.C. 9701; 42 U.S.C. 7101-7352.

SOURCE: Order 2004, 68 FR 69157, Dec. 11, 2003, unless otherwise noted.

§358.1 Applicability.

(a) This part applies to any interstate natural gas pipeline that transports gas for others pursuant to subpart A of part 157 or subparts B or G of part 284 of this chapter.

(b) This part applies to any public utility that owns, operates, or controls facilities used for the transmission of electric energy in interstate commerce.

(c) This part does not apply to a public utility Transmission Provider that is a Commission-approved Independent System Operator (ISO) or Regional Transmission Organization (RTO). If a public utility transmission owner participates in a Commission-approved ISO or RTO and does not operate or control its transmission facilities and has no access to transmission, customer or market information covered by §385.5(b), it may request an exemption from this part.

(d) A Transmission Provider may file a request for an exemption from all or some of the requirements of this part for good cause.

§358.2 General principles.

(a) A Transmission Provider's employees engaged in transmission system operations must function independently from the Transmission Provider's marketing and sales employees, and from any employees of its Energy Affiliates.

(b) A Transmission Provider must treat all transmission customers, af-

filiated and non-affiliated, on a non-discriminatory basis, and must not operate its transmission system to preferentially benefit an Energy Affiliate.

§358.3 Definitions.

(a) *Transmission Provider* means:

(1) Any public utility that owns, operates or controls facilities used for the transmission of electric energy in interstate commerce; or

(2) Any interstate natural gas pipeline that transports gas for others pursuant to subpart A of part 157 or subparts B or G of part 284 of this chapter.

(b) *Affiliate* means:

(1) Another person which controls, is controlled by or is under common control with, such person, and

(2) For any exempt wholesale generator, as defined under Section 32(a) of the Public Utility Holding Company Act of 1935, as amended, the same as provided in Section 214 of the Federal Power Act.

(c) *Control* (including the terms "controlling," "controlled by," and "under common control with") as used in this part and §250.16 of this chapter, includes, but is not limited to, the possession, directly or indirectly and whether acting alone or in conjunction with others, of the authority to direct or cause the direction of the management or policies of a company. A voting interest of 10 percent or more creates a rebuttable presumption of control.

(d) *Energy Affiliate* means an affiliate of a Transmission Provider that:

(1) Engages in or is involved in transmission transactions in U.S. energy or transmission markets; or

(2) Manages or controls transmission capacity of a Transmission Provider in U.S. energy or transmission markets; or

(3) Buys, sells, trades or administers natural gas or electric energy in U.S. energy or transmission markets; or

(4) Engages in financial transactions relating to the sale or transmission of natural gas or electric energy in U.S. energy or transmission markets.

(5) An Energy Affiliate does not include:

(i) A foreign affiliate that does not participate in U.S. energy markets;

(ii) An affiliated Transmission Provider;

(iii) A holding, parent or service company that does not engage in energy or natural gas commodity markets or is not involved in transmission transactions in U.S. energy markets;

(iv) An affiliate that purchases natural gas or energy solely for its own consumption and does not use an affiliated Transmission Provider for transmission of that natural gas or energy.

(v) A state-regulated local distribution company that does not make any off-system sales.

(e) *Marketing, sales or brokering* means a sale for resale of natural gas or electric energy in interstate commerce. Sales and marketing employee or unit includes:

(1) An interstate natural gas pipeline's sales operating unit, to the extent provided in §284.286 of this chapter, and

(2) A public utility Transmission Provider's energy sales unit, unless such unit engages solely in bundled retail sales.

(3) Marketing or sales does not include incidental purchases or sales of natural gas to operate interstate natural gas pipeline transmission facilities.

(f) *Transmission* means natural gas transportation, storage, exchange, backhaul, or displacement service provided pursuant to subpart A of part 157 or subparts B or G of part 284 of this chapter; and electric transmission, network or point-to-point service, reliability service, ancillary services or other methods of transportation or the interconnection with jurisdictional transmission facilities.

(g) *Transmission Customer* means any eligible customer, shipper or designated agent that can or does execute a transmission service agreement or can or does receive transmission service, including all persons who have pending requests for transmission service or for information regarding transmission.

(h) *Open Access Same-time Information System or OASIS* refers to the Internet

location where a public utility posts the information, by electronic means, required by part 37 of this chapter.

(i) *Internet Web site* refers to the Internet location where an interstate natural gas pipeline posts the information, by electronic means, required by §§284.12 and 284.13 of this chapter.

(j) *Transmission Function employee* means an employee, contractor, consultant or agent of a Transmission Provider who conducts transmission system operations or reliability functions, including, but not limited to, those who are engaged in day-to-day duties and responsibilities for planning, directing, organizing or carrying out transmission-related operations.

§358.4 Independent functioning.

(a) *Separation of functions.* (1) Except in emergency circumstances affecting system reliability, the transmission function employees of the Transmission Provider must function independently of the Transmission Provider's Marketing or Energy Affiliates' employees.

(2) Notwithstanding any other provisions in this section, in emergency circumstances affecting system reliability, a Transmission Provider may take whatever steps are necessary to keep the system in operation. Transmission Providers must report to the Commission and post on the OASIS or Internet website, as applicable, each emergency that resulted in any deviation from the standards of conduct, within 24 hours of such deviation.

(3) The Transmission Provider is prohibited from permitting the employees of its Marketing or Energy Affiliates from:

(i) Conducting transmission system operations or reliability functions; and

(ii) Having access to the system control center or similar facilities used for transmission operations or reliability functions that differs in any way from the access available to other transmission customers.

(4) Transmission Providers are permitted to share support employees and field and maintenance employees with their Marketing and Energy Affiliates.

(b) *Identifying affiliates on the public Internet.* (1) A Transmission Provider
