NOTICE OF PROPOSED RULE MAKING

Adopted: February 20, 2002;

Released: March 1, 2002

Comment Date: April 22, 2002

Reply Comment Date: May 7, 2002

By the Chief, Allocations Branch:

1. The Allocations Branch has before it the petition for rule making filed by Don Davis ("petitioner") proposing the allotment of Channel 270A at Milan, New Mexico, as the community's second local FM transmission service. Petitioner states his intention to apply for the channel, if allotted.<sup>1</sup>

2. We believe the proposal warrants consideration since the allotment of Channel 270A at Milan, New Mexico, would provide the community with an additional local FM transmission service. An engineering analysis has determined that Channel 270A can be allotted to Milan in compliance with the Commission's minimum distance separation requirements at city reference coordinates.<sup>2</sup>

3. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as

---

<sup>1</sup> Section 1.52 of the Commission's Rules requires that all pleadings filed by parties not represented by legal counsel be signed and verified by the petitioner and provide the petitioner's mailing address. In this case, petitioner signed the petition and provided his address. However, he did not submit a statement attesting that the information included in his petition is correct and true to the best of his knowledge. Therefore, petitioner is requested to submit a subscription and verification statement in his responsive comments to this Notice.

<sup>2</sup> The coordinates for Channel 270A at Milan are 35-10-11 North Latitude and 107-53-24 West Longitude.

The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before April 22, 2002, and reply comments on or before May 7, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, his counsel or consultant, as follows:

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

APPENDIX

1. 2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules).

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See Section 1.420(a), (b) and (c) of the Commission's Rules.) Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.
