Background

In Executive Order 12957 of March 15, 1995 (60 FR 14615, March 17, 1995), President Clinton declared a national emergency with respect to the actions and policies of the Government of Iran and imposed sanctions against Iran supplementing those imposed in 1987, invoking the authority, *inter alia*, of the International Emergency Economic Powers Act, 50 U.S.C. 1701-06 ("IEEPA"). The President substantially supplemented and amended those sanctions in Executive Order 12959 of May 6, 1995 (60 FR 24757, May 9, 1995). In implementation of these orders, the Office of Foreign Assets Control ("OFAC") amended the Iranian Transactions Regulations in September 1995 (the "Regulations") (60 FR 47061, September 11, 1995).

In Executive Order 13059 of August 19, 1997 (62 FR 44531, August 21, 1997), the President clarified the steps taken with respect to the national emergency declared in Executive Order 12957 and expanded in Executive Order 12959. In implementation of these orders, OFAC is amending the Regulations.

Section 560.201 continues the prohibition on the importation into the United States of goods or services of Iranian origin but indicates that this includes goods or services owned or controlled by the Government of Iran. Section 560.201 also conforms the exemption for information and informational materials for import purposes to that applicable under IEEPA for all other purposes.

Section 560.204 is revised to provide that any exportation, reexportation, sale or supply of goods to Iran or the Government of Iran from the United States, or by a U.S. person wherever located, is prohibited. This includes any exportation, reexportation, sale or supply of goods, services or technology from the United States or by a U.S. person in a third country undertaken with knowledge or reason to know that such goods, services or technology are intended specifically for supply, transshipment or reexportation, directly or indirectly, to Iran or the Government of Iran. Similarly, § 560.204 prohibits any exportation, reexportation, sale or supply of goods, services or technology

intended specifically for use in the production of, for commingling with, or for incorporation into goods, technology or services to be supplied, transshipped or reexported exclusively or predominantly to Iran or the Government of Iran.

Section 560.205 is amended to clarify that a person other than a U.S. person is prohibited from knowingly reexporting U.S.-origin goods, technology and services to Iran or the Government of Iran if those goods, services or technology are subject to written license application requirements by any U.S. Government agency imposed independently of part 560, unless such U.S.-origin items have been substantially transformed into a foreign-made product or the U.S.-origin content meets the de minimis standard in that section. U.S. persons remain subject to the prohibitions in § 560.204, regardless of the origin or type of item or the country from which it is shipped.

Section 560.206 amends the rules relating to dealings in goods or services of Iranian origin or owned or controlled by the Government in Iran and concerning dealings in goods, technology or services for exportation, reexportation, sale or supply to Iran or the Government of Iran. Section 560.208 is amended to provide that the approval, facilitation, financing or guarantee by a U.S. person of any Iran-related transaction by a foreign person is not permitted if the transaction by the foreign person would be prohibited by this part if performed by a U.S. person or within the United States. In addition, §§ 560.210(c) and (d) are amended to clarify rules relating to informational materials and travel.

The effective dates of the prohibitions in this part are set out in § 560.301. Section 560.306 is revised to clarify the definitions of the terms *goods of Iranian origin* and *goods or services owned or controlled by the Government of Iran*. The definition of *United States depositary institution* in § 560.319 is revised to remove reference to certain activities of banks that might draw into the definition non-banking businesses that are not subject to federal or state regulation as banks. Certain other revisions to existing definitions are made to subpart C.

In subpart D, certain existing interpretive provisions are revised and new interpretive sections are added. Section 560.403 is added to make clear that the prohibitions in §§ 560.204, 560.206 and 560.208 apply to export, reexport or supply transactions which require a transshipment or transit of goods or technology through Iran to third countries. Section 560.406 is

revised to indicate that the prohibition on importation in § 560.201 includes, among other things, importation into the United States, for transshipment or transit, of goods owned or controlled by the Government of Iran destined for third countries, and the prohibition on exportation in § 560.204 includes, among other things, the exportation from the United States, for transshipment or transit, of goods intended or destined for the Government of Iran, including entities owned or controlled by the Government of Iran. Section 560.410 is revised to clarify the term *exportation or supply of services*. Section 560.412 on extensions of credit to Iran is amended to add a reference to standby letters of credit. Section 560.414, which relates to reexportation of U.S.-origin goods or technology, is amended to provide interpretation with respect to § 560.205.

Section 560.416 is added to provide examples of prohibited brokering services. Section 560.417 on facilitation of transactions is added to replace § 560.516(d), which is removed. Section 560.418 is added to deal with the release of technology to Iran or the Government of Iran that may violate this part, and transfers of technology to foreign nationals, including Iranian nationals, that may implicate rules administered by the U.S. Department of State, the U.S. Department of Commerce, or other agencies of the U.S. Government. Section 560.419 is added to deal with issues related to the U.S. employment of persons normally located in Iran. Section 560.420 is added to interpret the de minimis content rules contained in § 560.205, which apply to reexportations by foreign persons.

In subpart E, § 560.501(d) is added to explain that specific licenses issued pursuant to Executive Orders 12613, 12957 or 12959 continue in effect in accordance with their terms except to the extent revoked, amended, or modified by the Office of Foreign Assets Control. Section 560.501(e) provides that certain exports, reexports or transfers of goods, technology, or services, or the direct products of technology, which are not prohibited by this part and which do not require authorization by OFAC, may nonetheless require authorization by the U.S. Department of Commerce, the U.S. Department of State or other agencies of the U.S. Government. Section 560.505 is amended to deal with activities taken in connection with certain visa categories.

Section 560.509 is amended to clarify that the general license relating to protection of patents, trademarks and copyrights extends to the importation of

Iranian-origin services, payment for such services, and payment to persons in Iran in connection with such intellectual property protection.

Section 560.511 is added to create an "insubstantial content" exception to the prohibitions in § 560.204. As noted, § 560.204 prohibits the knowing exportation, reexportation, sale or supply of goods, services or technology from the United States, or by U.S. persons wherever located, to third countries for incorporation or substantial transformation into items destined for Iran or the Government of Iran. Section 560.511 creates an exception to this rule, authorizing such "knowing" supply by U.S. persons or from the United States under certain circumstances: Such "knowing" supply is authorized under § 560.511 when (1) the items being exported, reexported or supplied for substantial transformation or incorporation abroad do not require authorization for exportation or reexportation by another agency of the U.S. Government; (2) the U.S.-origin items do not exceed the content levels specified in § 560.511(a)(2); (3) the foreign-made end product is not destined to end uses or end users prohibited under regulations administered by other U.S. Government agencies (§ 560.511(d)); and (4) the foreign-made end product is not intended for use in the Iranian petroleum or petrochemical industry (§ 560.511(e)). The authorization in § 560.511(a) is not available if the foreign-made end product is of a type which other U.S. Government agencies make ineligible for de minimis U.S.-origin content. More generally, export control rules administered by other agencies of the U.S. Government may prohibit an exportation or supply otherwise authorized by § 560.511.

A general license is added in § 560.529 to authorize the provision of goods or services in the United States to a non-Iranian carrier transporting passengers or goods to or from Iran if they are bunkers or bunkering services, are supplied in the course of emergency repairs, or are supplied under circumstances which could not be anticipated prior to the carrier's departure for the United States.

Technical changes or new text also appear at the following sections, among others: §§ 560.207, 560.308, 560.315, 560.412, 560.506, 560.515, 560.516, and 560.523. The prior § 560.411 concerning offshore transactions in Iranian-origin goods and services has been removed and reserved because its content, as modified to accord with Executive Order 13059, is covered in § 560.206.

Section 560.318 is removed and reserved.

An appendix is added to provide the names of financial institutions deemed by OFAC to be entities owned or controlled by the Government of Iran. This list, with minor modifications, duplicates the list promulgated as an annex to General License No. 3 on June 6, 1995 (see 60 FR 40883, August 10, 1995).

Because the Regulations involve a foreign affairs function, Executive Order 12866 and the provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601-612) does not apply.

(c) The prohibitions contained in §§ 560.204, 560.207 and 560.209 apply to, among other things, credits or loans in any currency.

20. Section 560.414 is revised to read as follows:

§ 560.414 Reexportation of certain U.S.-origin goods exported prior to May 7, 1995.

The prohibitions on reexportation in § 560.205 do not apply to United States-origin goods or technology that were exported from the United States prior to 12:01 a.m., Eastern Daylight Time, May 7, 1995, if:

(a) Such goods or technology were not the property of a United States person as of 12:01 a.m. Eastern Daylight Time, May 7, 1995; and

(b) The reexportation of the U.S.-origin goods or technology to Iran or the Government of Iran was not subject to reexport (as opposed to export) license application requirements under U.S. regulations in effect prior to May 6, 1995.

Notes to § 560.414.

1. The exclusion in this section applies, among other things, to goods that were as of May 6, 1995, classified under the U.S.

Department of Commerce's Export Administration Regulations (15 CFR parts 730-774) as ECCNs 2A994; 3A993; 5A992; 5A995; 6A990; 6A994; 7A994; 8A992; 8A994; 9A990; 9A992; and 9A994, that were exported from the United States prior to 12:01 a.m. Eastern Daylight Time, May 7, 1995, and were not the property of a United States person as of 12:01 a.m. Eastern Daylight Time, May 7, 1995. As of April 26, 1999, items covered by this note are classified under ECCNs 2A994; 3A992.a; 5A991.f; 5A992; 6A991; 6A998; 7A994; 8A992.d, .e, .f and .g; 9A990.a and .b; and 9A991.d and .e.

2. A reexportation of U.S.-origin goods or technology which meets the conditions of paragraph (a) of this section, or which is not within the scope of § 560.205, nevertheless

may require specific authorization by other agencies of the U.S. Government for reexportation to Iran or the Government of Iran. For example, items which meet the conditions of paragraph (a) may nevertheless require an export license under the Enhanced Proliferation Control Initiative provisions of the Export Administration Regulations (15 CFR part 744).

21. Section 560.416 is added to subpart D to read as follows:

§ 560.416. Brokering services.

(a) For purposes of the prohibitions in §§ 560.201, 560.204, 560.205, 560.206 and 560.208, the term *services* includes performing a brokering function.

(b) *Examples.* A person within the United States, or a United States person, wherever located, may not:

(1) Act as broker for the provision of goods, services or technology, from whatever source, to or from Iran or the Government of Iran;

(2) Act as broker for the purchase or swap of crude oil of Iranian origin or owned or controlled by the Government of Iran;

(3) Act as broker for the provision of financing, a financial guarantee or an extension of credit by any person to Iran or the Government of Iran;

(4) Act as a broker for the provision of financing, a financial guarantee or an extension of credit to any person specifically to enable that person to construct or operate a facility in Iran or owned or controlled by the Government of Iran; or

(5) Act as a broker for the provision of financing, a financial guarantee, or an extension of credit to any person specifically to enable that person to provide goods, services, or technology intended for Iran or the Government of Iran.

22. Section 560.417 is added to subpart D to read as follows:

§ 560.417 Facilitation; change of policies and procedures; referral of business opportunities offshore.

With respect to § 560.208, a prohibited facilitation or approval of a transaction by a foreign person occurs, among other instances, when a United States person:

(a) Alters its operating policies or procedures, or those of a foreign affiliate, to permit a foreign affiliate to accept or perform a specific contract, engagement or transaction involving Iran or the Government of Iran without the approval of the United States person, where such transaction previously required approval by the United States person and such transaction by the foreign affiliate would be prohibited by this part if

performed directly by a United States person or from the United States;

(b) Refers to a foreign person purchase orders, requests for bids, or similar business opportunities involving Iran or the Government of Iran to which the United States person could not directly respond as a result of the prohibitions contained in this part; or

(c) Changes the operating policies and procedures of a particular affiliate with the specific purpose of facilitating transactions that would be prohibited by this part if performed by a United States person or from the United States.

23. Section 560.418 is added to subpart D to read as follows:

§ 560.418 Release of technology or software in the United States or a third country.

The release of technology or software in the United States, or by a United States person wherever located, to any person violates the prohibitions of this part if made with knowledge or reason to know the technology is intended for Iran or the Government of Iran, unless that technology or software meets the definition of *information and informational materials* in § 560.315. See § 560.511.

Notes to § 560.418.

1. The U.S. Department of Commerce's Bureau of Export Administration requires a license for the release in the United States (or in a third country) to a foreign national of technology if both of the following conditions are met:

(a) That technology would require a license for exportation (or reexportation) to the home country of the foreign national; and

(b) The foreign national is not a citizen or permanent resident of the United States (or of the third country) or is not a protected individual under the Immigration and Naturalization Act (8 U.S.C. § 1324(b)(a)(3)). See 15 CFR 734.2(b)(2)(ii) and 734.2(b)(5).

2. The transfer to a foreign national of technology subject to regulations administered by the U.S. Department of State or other agencies of the U.S. Government may require authorization by those agencies.

24. Section 560.419 is added to subpart D to read as follows:

§ 560.419 U.S. employment of persons normally located in Iran.

The prohibitions in § 560.201 make it unlawful to hire an Iranian national normally located in Iran to come to the United States solely for the principal purpose of engaging in employment on behalf of an entity in Iran or as the employee of a U.S. person, unless that employment is authorized pursuant to a visa issued by the U.S. State Department or by § 560.505. See also § 560.418 with respect to the release of technology and software.

25. Section 560.420 is added to subpart D to read as follows:

§ 560.420 Reexportation by non-U.S. persons of certain foreign-made products containing U.S.-origin goods or technology.

For purposes of satisfying the de minimis content rule in § 560.205(b)(2):

(a) U.S.-origin goods (excluding software) falling within the definition in § 560.205 must comprise less than 10 percent of the foreign-made good (excluding software);

(b) U.S.-origin software falling within the definition in § 560.205 must comprise less than 10 percent of the foreign-made software;

(c) U.S.-origin technology falling within the definition in § 560.205 must comprise less than 10 percent of the foreign-made technology; and,

(d) In cases involving a complex product made of a combination of U.S.-origin goods (including software) and technology falling within the definition in § 560.205, the aggregate value of all such U.S.-origin goods (including software) and such technology contained in the foreign-made product must be less than 10 percent of the total value of the foreign-made product.

Notes to § 560.420.

1. Notwithstanding the exceptions contained in § 560.205(b)(1) and (b)(2) and this section, a reexportation to Iran or the Government of Iran of U.S.-origin items falling within the definition in § 560.205 is prohibited if those U.S.-origin goods (including software) or that technology have been substantially transformed or incorporated into a foreign-made end product which is destined to end uses or end users prohibited under regulations administered by other U.S. Government agencies. See, e.g., the Export Administration Regulations (31 CFR 736.2(b)(5), 744.2, 744.3, 744.4, 744.7, and 744.10); International Traffic in Arms Regulations (22 CFR 123.9).

2. A reexportation not prohibited by § 560.205 may nevertheless require authorization by the U.S. Department of Commerce, the U.S. Department of State or other agencies of the U.S. Government.

3. The provisions of § 560.205 and this section apply only to persons other than United States persons.

Subpart E—Licenses, Authorizations and Statements of Licensing Policy

26. Section 560.501 is amended by adding paragraphs (d) and (e) to read as follows:

§ 560.501 Effect of license or authorization.

* * * * *

(d) Specific licenses issued prior to 12:01 a.m., Eastern Daylight Time, August 20, 1997, continue in effect in accordance with their terms except to

the extent specifically revoked, amended, or modified by the Office of Foreign Assets Control.

(e) Nothing contained in this part shall be construed to supersede the requirements established under any other provision of law or to relieve a person from any requirement to obtain a license or other authorization from another department or agency of the U.S. Government in compliance with applicable laws and regulations subject to the jurisdiction of that department or agency. For example, exports of goods, services, or technical data which are not prohibited by this part or which do not require a license by the Office of Foreign Assets Control, nevertheless may require authorization by the U.S. Department of Commerce, the U.S. Department of State or other agencies of the U.S. Government. See also § 560.701(d).

27. Section 560.505 is revised to read as follows:

§ 560.505 Importation of certain Iranian-origin services authorized; activities related to certain visa categories authorized.

(a) The importation of Iranian-origin services into the United States or other dealing in such services is authorized where such services are performed in the United States by an Iranian citizen or national for the purpose of, or which directly relate to, participating in a public conference, performance, exhibition or similar event, and such services are consistent with that purpose.

(b) Persons otherwise qualified for a non-immigrant visa under categories A-3 and G-5 (attendants, servants and personal employees of aliens in the United States on diplomatic status), D (crewmen), F (students), I (information media representatives), J (exchange visitors), M (non-academic students), O and P (aliens with extraordinary ability, athletes, artists and entertainers), Q (international cultural exchange visitors), R (religious workers), or S (witnesses) are authorized to carry out in the United States those activities for which such a visa has been granted by the U.S. State Department.

(c) Persons otherwise qualified for a visa under categories E-2 (treaty investor), H-1b (temporary worker), or L (intra-company transferee) and all immigrant visa categories are authorized to carry out in the United States those activities for which such a visa has been granted by the U.S. State Department, provided that the persons are not coming to the United States to work as an agent, employee or contractor of the Government of Iran or a business entity or other organization in Iran.

28. Section 560.506 is revised to read as follows:

§ 560.506 Importation and exportation of certain gifts authorized.

The importation into the United States of Iranian-origin goods from Iran or a third country, and the exportation from the United States to Iran of goods, are authorized for goods sent as gifts to persons provided that the value of the gift is not more than \$100; the goods are of a type and in quantities normally given as gifts between individuals; and the goods are not controlled for chemical and biological weapons (CB), missile technology (MT), national security (NS), or nuclear proliferation (NP). See Commerce Control List, Export Administration Regulations (15 CFR part 774).

29. Section 560.509 is amended by revising paragraph (a)(1) as follows:

§ 560.509 Certain transactions related to patents, trademarks and copyrights authorized.

(a) * * *

(1) The filing and prosecution of any application to obtain a patent, trademark, copyright or other form of intellectual property protection, including importation of or dealing in Iranian-origin services, payment for such services, and payment to persons in Iran directly connected to such intellectual property protection;

* * * * *

30. Section 560.511 is added to read as follows:

§ 560.511 Exportation or supply of insubstantial United States content for use in foreign-made products or technology.

(a) Except as provided in paragraph (b) of this section and notwithstanding the prohibitions in § 560.204, the exportation or supply of goods or technology from the United States, or by a United States person wherever located, for substantial transformation or incorporation into a foreign-made end product in a country other than the United States or Iran, intended specifically or predominantly for Iran or the Government of Iran, is permitted under this part where the exporter has ascertained that all of the following are the case:

(1) The U.S.-origin goods or technology being exported for substantial transformation or incorporation abroad were not subject to export license application requirements under any United States regulations in effect on May 6, 1995, or were not thereafter made subject to such regulations imposed independently of this part;

(2) With respect to the foreign-made end product:

(i) U.S.-origin goods (excluding software) comprise less than 10 percent of the foreign-made good (excluding software);

(ii) U.S.-origin software comprises less than 10 percent of the foreign-made software;

(iii) U.S.-origin technology comprises less than 10 percent of the foreign-made technology; and

(iv) In cases involving a complex product made of a combination of goods (including software) and technology, the aggregate value of all U.S.-origin goods (including software) and technology contained in the foreign-made end product is less than 10 percent of the total value of the foreign-made product;

(3) The foreign-made end product is not destined to end uses or end users prohibited under regulations administered by other U.S. Government agencies. See, e.g., the Export Administration Regulations (31 CFR 736.2(b)(5), 744.2, 744.3, 744.4, 744.7, and 744.10); International Traffic in Arms Regulations (22 CFR 123.9);

(4) The foreign-made end product is not intended for use in the Iranian petroleum or petrochemical industry. For this purpose, products intended for use in the Iranian petroleum or petrochemical industry include not only products uniquely suited for use in those industries, such as oilfield services equipment, but also goods and technology for use in products, such as computers, office equipment, construction equipment, or building materials, which are suitable for use in other industries but which are intended specifically for use in the petroleum or petrochemical industries.

(b) The authorization contained in this section is not available if the foreign-made end product is of a type which other U.S. Government agencies make ineligible for de minimis U.S.-origin content. See, e.g., the Export Administration Regulations (15 CFR 734.4(a) and (b)); International Traffic in Arms Regulations (22 CFR 123.9).

Note to § 560.511. An exportation authorized by this section may nevertheless require authorization by the U.S. Department of Commerce, the U.S. Department of State or other agencies of the U.S. Government.

31. Paragraph (d) of § 560.515 removed, and paragraph (a) is revised to read as follows:

§ 560.515 30-day delayed effective date for pre-May 7, 1995 trade contracts involving Iran.

(a) All transactions necessary to complete performance of a trade contract entered into prior to May 7,

1995, and involving Iran (a *pre-existing trade contract*), including the exportation of goods, services (including financial services), or technology from the United States that was authorized pursuant to Federal regulations in force immediately prior to May 6, 1995, or performance under a pre-existing trade contract for transactions in Iranian-origin or Government of Iran-owned or controlled goods or services that do not involve importation into the United States, are authorized without specific licensing by the Office of Foreign Assets Control if the conditions in paragraph (a)(1) or (a)(2) of this section are met:

(1) If the pre-existing trade contract is for an exportation of goods or technology from the United States that was authorized pursuant to Federal regulations in force immediately prior to May 6, 1995, the goods or technology must be exported from the United States prior to 12:01 a.m. Eastern Daylight Time, June 6, 1995, and all other activity by U.S. persons that is necessary and incidental to the performance of the pre-existing trade contract (other than payment under a financing contract) must be completed prior to 12:01 a.m. Eastern Daylight Time, August 6, 1995; or

(2) All obligations under a pre-existing trade contract (other than payment under a financing contract) must be fully completed prior to 12:01 a.m. Eastern Daylight Time, June 6, 1995, if the pre-existing trade contract is for one of the following:

(i) The exportation of services from the United States benefitting a person in Iran or the Government of Iran;

(ii) The reexportation of goods or technology to Iran, the Government of Iran, or an entity owned or controlled by the Government of Iran that was authorized pursuant to Federal regulations in force immediately prior to May 6, 1995; or

(iii) Transactions relating to goods or services of Iranian origin or owned or controlled by the Government of Iran other than transactions relating to importation into the United States of such goods or services.

* * * * *

32. Section 560.516 is amended by revising paragraphs (a)(3), (a)(4), and (b) to read as follows:

§ 560.516 Payment and United States dollar clearing transactions involving Iran.

(a) * * *

(3) The transfer arises from an underlying transaction that is not prohibited by this part, such as a non-commercial remittance to or from Iran (e.g., a family remittance not related to a family-owned enterprise); a U.S.-

related commercial transfer not prohibited by this part (see, e.g., § 560.515(b)); or a third-country transaction not prohibited by this part; or

(4) The transfer arises from an underlying transaction that is exempted from regulation pursuant to § 203(b) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)), such as an exportation to Iran or importation from Iran of information and informational materials, a travel-related remittance, or payment for the shipment of a donation of articles to relieve human suffering.

(b) Before a United States depository institution initiates a payment on behalf of any customer, or credits a transfer to the account on its books of the ultimate beneficiary, the United States depository institution must determine that the underlying transaction is not prohibited by this part.

33. Section 560.523 is revised to read as follows:

§ 560.523 Exportation of equipment and services relating to information and informational materials.

Specific licenses may be issued on a case-by-case basis for the exportation of equipment and services necessary for the establishment of news wire feeds or other transmissions of information and informational materials.

34. Section 560.529 is added to subpart E to read as follows:

§ 560.529 Bunkering and emergency repairs.

- (a) Bunkers or bunkering services;
- (b) Supplied or performed in the course of emergency repairs; or
- (c) Supplied or performed under circumstances which could not be anticipated prior to the carrier's departure for the United States.

Anchorage Grounds; Port Everglades, FL

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending the Anchorage Regulations for Port Everglades, FL. The amendment is needed to strengthen existing anchoring requirements and guidelines in order to provide a higher degree of protection to the coastal area during periods of adverse weather which would cause anchored vessels to drag anchor and strike other vessels, or become grounded.

DATES: This rule becomes effective May 26, 1999.

Regulatory History

The Coast Guard published a Notice of Proposed Rulemaking in the **Federal Register** on January 26, 1999 (64 FR 3889) proposing to amend the Anchorage Regulations for Port Everglades. No comments were received during the comment period.

Background and Purpose

The east coast of Florida is susceptible to many erratic weather changes, and mariners who are not vigilant to the seas often discover themselves in dangerous situations. In recent years, a number of vessel groundings have resulted from vessels dragging anchor and drifting into the beach or onto reefs during bad weather. These amendments are intended to reduce these incidents by modifying the existing anchoring requirements and guidelines to account for possible adverse weather situations. The amended regulations will require vessels to notify the Captain of the Port when entering the anchorage areas and when any casualty or work affects the main propulsion or steering equipment. The proposed regulations will also require vessels to have an English speaking watchstander monitor Channel 16 VHF at all times.
