

Motors and Generators

1998

Issued March 2000

MA335H(98)-1

Current
Industrial
Reports

(Formerly Series No. MA36H)

Information about the scope of the survey, methodology, explanation of terms and historical notes for this survey may be found in the introduction of the 1997 Manufacturing Profiles, issued August 1999.

Current data are released electronically on Internet for all individual surveys as they become available. Use: <http://www.census.gov/econ/www/manumenu.html>. Individual reports can be accessed by choosing "Current Industrial Reports (CIR's)," clicking on "Report Number Index;" from the "Industrial Products by Numeric Index," choose the survey of interest. Follow the menu to view the PDF file or to download the worksheet file (WK format) to your personal computer.

These data are also available through the U.S. Department of Commerce and STAT-USA Electronic Bulletin Board by subscription. To access, dial 202-482-3870 and follow the prompts to register. Also, you may call 202-482-1986 or 1-800-STAT-USA, for further information. The Internet address is: www.stat-usa.gov/.

Note. Data are now published on the new North

American Industry Classification System (NAICS) basis and therefore are not always comparable to the old Standard Industrial Classification (SIC) code. For further information on NAICS, see www.census.gov/epcd/www/naics.html.

Summary of findings. During 1998, the total value of shipments of motors and generators, including interplant transfers, totaled \$10.9 billion, up 3.2 percent from the 1997 value of \$10.5 billion. The 1998 data for individual categories of motors and generators exhibited the following changes: The value of shipments of fractional horsepower motors decreased 5.3 percent, from the revised value of \$4.7 billion in 1997, to \$4.5 billion in 1998. The integral horsepower motors and generators remained constant at \$2.2 billion. The value of land transportation motors and generators was combined with parts for motors and generators to avoid disclosing data for individual companies. The value of shipments of prime mover generator sets increased 18 percent from the 1997 value of \$1.7 billion, to \$2.0 billion in 1998. Electric motor generator sets decreased 3.1 percent from \$955 million in 1997, to \$925 million in 1998.

Address inquiries concerning these data to Investment Goods Industries Branch, Manufacturing and Construction Division (MCD), Washington, DC 20233-6900, or call Tempie Whittington, 301-457-4800.

For mail or fax copies of this publication, please contact the Information Services Center, MCD, Washington, DC 20233-6900, or call 301-457-4673.
