**NOTICE OF PROPOSED RULE MAKING**

**Adopted: April 29, 2002**

**Released: May 6, 2002**

Comment Date: June 27, 2002

Reply Comment Date: July 15, 2002

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by Amarillo Junior College District ("Amarillo"), licensee of noncommercial station KACV-TV, NTSC channel \*2+, Amarillo, Texas. Amarillo requests the substitution of DTV channel \*8 for station KACV-TV's assigned DTV channel \*21.

2. Amarillo states it must be aware of the financial limitations that is placed on it as an educational agency of the State of Texas. Amarillo contends that in order to replicate its existing NTSC service area using DTC channel \*21, it would have to operate with an assigned power of 1000 kilowatts, which will cost the station \$240,000 annually just for the electricity for the digital operations. The combined electrical costs for both the digital and analog stations will be more than \$275,000 annually. Amarillo claims that this cost will have a crippling effect on the budget of its station with the immediate impact being the elimination of all local production activities, including the region's only public affairs production, instructional initiatives, and participation in many community partnerships. Amarillo states that in order to avoid this result it seeks to change its channel assignment that will get the job done while preserving the local production base that has served the region so well for the past 14 years.

3. We believe Amarillo's proposal warrants consideration. DTV Channel \*8 can be substituted for DTV Channel \*21 at Amarillo, Texas, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates (35-22-30 N. and 101-52-56 W.). In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments

under Section 73.623(c)(2). We propose to substitute DTV Channel \*8 for DTV Channel \*21 for station KACV-DT at Amarillo with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
TX Amarillo	*8	5	519

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Amarillo, Texas	9, 15c, 19, *21, 23	*8, 9, 15c, 19, 23

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before June 27, 2002, and reply comments on or before July 15, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

Washington, DC 20036-1622  
(Counsel for Amarillo JR College District)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

8. For further information concerning this proceeding, contact Pam Blumenthal, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
