FHWA Survey of Resource Agencies Rating Processes With Transportation Agencies Region 4

The following pages provide a summary of responses to the Gallup/FHWA Survey of Resource Agencies. Respondents were asked to rate a recent project with a Transportation agency, so the data reflect the views of Resource agencies toward those projects with Transportation agencies. The survey statements were generally rated on a scale which required a response from among six response categories:

5	Strongly Agree	Extremely Satisfied	Excellent			
4						
3						
2						
1	Strongly Disagree	Extremely Dissatisfied	Poor			
	Does Not Apply or Don't Know					

The statement or dimension averages are based on a 5-point scale, with "1" being the lowest possible average and "5" being the highest average. "Does Not Apply" or "Don't Know" responses are not scored.

The FHWA Resource Agency Scorecard provides feedback on how the region is doing with regards to NEPA processes as compared to the "best practice" or highest scoring region for each survey item. Note the following term definitions:

Index	The average top two box response percentages for statements measuring each category of survey items (Relationship, Communication, Timeliness, Performance, General, and Problems)					
Top Two Box	The percentage of "5" and "4" responses.					
Best Practice Region	The region with the highest percentage of top two box responses.					
Region 1	Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont					
Region 2	New Jersey, New York					
Region 3	Delaware, Washington D.C., Maryland, Pennsylvania, Virginia, West Virginia					
Region 4	Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee					
Region 5	Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin					
Region 6	Arkansas, Louisiana, New Mexico, Oklahoma, Texas					
Region 7	Iowa, Kansas, Missouri, Nebraska					
Region 8	Colorado, Montana, North Dakota, South Dakota, Utah, Wyoming					
Region 9	Arizona, California, Hawaii, Nevada					
Region 10	Alaska, Idaho, Oregon, Washington					

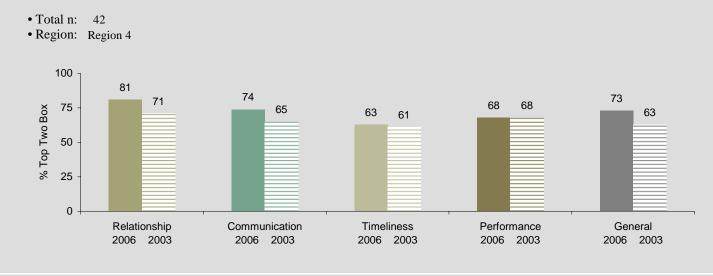

The lists of transportation and resource reviewers for both 2003 and 2006 were generated by Gallup based on information that existed at the time the surveys were undertaken. It is understood that although they may not represent the entire population of transportation and resource reviewers, they both represent the best list of reviewers that could be constructed. In the absence of any other lists to represent these populations, these lists were treated as the target population for this study. Results based on the data presented in this report, therefore, relate to these lists only and may not be generalizable to any other population of transportation and resource reviewers. For further details on list construction and methodology used for this study, please refer to Technical Notes in the Final Report.
