COST ESTIMATE**

November 23, 2005

**S. 1096**

**Musconetcong Wild and Scenic Rivers Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources  
on November 16, 2005*

S. 1096 would designate 24.2 miles of segments of the Musconetcong River in New Jersey as scenic and recreational rivers under the Wild and Scenic Rivers Act. The bill would designate 4.3 additional miles of that river as a recreational river if the Secretary of the Interior finds sufficient local support for such a designation. Based on information from the Department of the Interior, CBO estimates that the proposed designations would not significantly affect the agency's administrative or land-management costs, which are subject to appropriation. Enacting S. 1096 would not affect direct spending or revenues.

The legislation contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.
