SUBJECT: Update to FY 2005 Wage Index for Inpatient Prospective Payment System (IPPS) and Outpatient Prospective Payment System (OPPS) Hospitals

I. GENERAL INFORMATION

A. Background: This change request (CR) outlines changes to the IPPS wage index for FY 2005 and updates information published in CR 3459. The corrected wage index tables are provided in the Correction Notice to the IPPS final rule (CMS-1428-F2), which went on display at the **Federal Register** on December 22, 2004. These corrected tables are also available for download on the IPPS web site at: <http://www.cms.hhs.gov/providers/hipps/ippswage.asp>. All items covered in this instruction are effective on or after January 1, 2005, unless otherwise noted.

B. Policy:

Provider Specific File:

The wage index values for the Core-Based Statistical Areas (CBSAs) listed in Attachment 1 have changed from the values currently loaded in Pricer 05.0. See Attachment 2 for changes to hospitals that require a Special Wage Index (file position 155-160). Attachment 2 includes blended wage indexes, hold harmless wage indexes and other special wage index exceptions that have changed since CR 3459 was released. Attachment 2 is also updated to include providers who are located in CBSAs listed in Attachment 1, where the changes to the wage data have caused their wage index values to change. For Providers appearing on Attachment 2, enter a '1' in the Special Payment Indicator field (file position 138) or a '2' if the provider is also reclassified (see Column L in Attachment 2). Enter the Special Wage Index from Column M on Attachment 2 in the Special Wage Index field (file position 155-160).

For any providers that do not appear on Attachment 2 and/or Table 2 of the IPPS Correction Notice (CMS-1428-F2), you will need to look up the provider's CBSA wage index on Table 4A2 of the IPPS Correction Notice and the provider's MSA wage index on Table 4A1. If the provider is reclassified under 1886(d)(8) or 1886(d)(10), refer to Table 4C1 and 4C2. If the CBSA wage index on table 4A2 is higher than the MSA wage index, the provider should receive the CBSA wage index. For any providers located in CBSAs listed on Attachment 1 of this CR who are receiving the CBSA wage index, enter the wage index value from Attachment 1 into the Special Wage Index (file position 155-160) field for these providers to override the table value in Pricer 05.0. We will be correcting the Wage Index Tables in the April release of PRICER. For any providers that have a Metropolitan Statistical Area (MSA) wage index that is higher than the CBSA wage index, you will need to compute a blended wage index by taking: $(.50 * \text{MSA Wage Index} + .50 * \text{CBSA Wage Index})$. This blended wage index will then be entered into the Special Wage Index (file position 155-160). Enter a '1' in the Special Payment Indicator field (file position 138) or a '2' if the provider is also reclassified.
