Subject Incidental Discharge

Mr. Lishman & Ms. Cooper,

I own a houseboat on Lake Ouachita on which my family spends a great deal of time. I support 1000% the clean water we are fortunate to have on Lake Ouachita. I pay a yearly fee to have my boat "black water" pumped each and every month but I fail to see the need for to have an incidental discharge permit. Please enforce the current "black water" laws and leave incidental discharge as exactly that, "**Incidental**"

Sincerely,
Lee Kinnebrew
