(Proceeding Terminated)**

Adopted: May 16, 2001

Released: May 25, 2001

By the Chief, Allocations Branch:

1. This Order amends Section 73.202(b) of the Commission's Rules, the Table of FM Allotments, to specify the classes of channels allotted to various communities. These amendments are necessary to reflect changes that have been authorized in response to applications filed by licensees and permittees operating on these channels. This action is taken pursuant to Revision of Section 73.3573(a)(1) of the Commission's Rules concerning the Lower Classification of an FM Allotment, 4 FCC Rcd 2413 (1989), and the Amendment of the Commission's Rules to Permit FM Channel and Class Modifications [Upgrades] by Application, 8 FCC Rcd 4735 (1993). The attached Appendix shows the Table, as amended, for those communities.

2. This action constitutes an editorial change in the Table of Allotments. Therefore, we find for good cause that a public notice and comment proceeding is unnecessary. See 5 U.S.C. 553(b)(A) and (B).

¹ On April 22, 1999, the authorization for Channel 272A, Blountstown, Florida, was amended by a one-step application to specify Channel 274A in lieu of Channel 272A. However, that change was not published in the Federal Register and the FM Table of Allotments was not changed. We take this opportunity to correct the FM Table of Allotments for Blountstown, Florida.

² Channel 250C2 was allotted to Garapan, Saipan, in MM Docket No. 87-254. See 53 FR 41171, October 20, 1988. Since it appears that Channel 250C2 was inadvertently removed from the FM Table of Allotments for this community, we take this opportunity to correct the Table as well as amending the Table to reflect the current class of channel.
