VistA Technical Services

Revision History

Initiated on 12/29/04

Date	Description (Patch # if applic.)	Project Manager	Technical Writer
12/29/04	Updated to comply with SOP 192-352 Displaying Sensitive Data.		Mary Ellen Gray
12/29/04	Pdf file checked for accessibility to readers with disabilities.		Mary Ellen Gray
02/03/06	Added New option, Print Obligated 1358s, per patch PRC*5.1*79.	Blake Jan	Mary Ellen Gray

Revision History

PREFACE

This manual is designed to provide you, the Control Point Clerk, with the information necessary to create requests, reconcile your control point balance, and generate reports that will assist you in managing your control point funds using the Integrated Funds Distribution, Control Point Activity, Accounting and Procurement (IFCAP) package. The IFCAP package automated certain functions in Acquisition and Materiel Management (A&MM), Fiscal and in all the services that request supplies and services on VA Form 90-2237. The goal of IFCAP is to integrate these three areas and allow users to share procurement information. IFCAP has been developed as follows:

FUNDS DISTRIBUTION allows Fiscal Service to establish and fund control points.

CONTROL POINT ACTIVITY automates the preparation of requests, the electronic transmission of requests to A&MM and Fiscal services, and the bookkeeping processes within a service.

ACCOUNTING automates the creation of FMS documents, handles the processing of certified invoices, and facilitates the electronic transmission of obligation, payment and receiving documents to the Financial Management System (FMS) and Computer Assisted Payment Processing Systems (CAPPS) computers located in Austin, Texas. In addition, IFCAP transfers obligation information back to the control point and updates the control point balance automatically.

PROCUREMENT allows A&MM to transfer IFCAP generated requests onto purchase orders and requisitions, process receiving documents in the warehouse, and create and transmit code sheets to the LOG I computer located in Austin, Texas.

INVENTORY permits services to maintain their own on-line inventory and establish an average stock level, record the distribution of goods to secondary location(s), and automatically generate IFCAP requests for replenishment purposes. Secondary locations can maintain their inventory if they wish.

Table of Contents

Chapter 1 Introduction

1.1 The Role of the Control Point Clerk

Control Point Clerks create requests, turn requests into formal transactions, and maintain the records of funds for a Control Point. These activities include creating 2237 and 1358 transactions, creating issue book requests, and creating and funding Sub-control Points.

1.2 How to Use This Manual

This manual explains how to perform the role of the Control Point Clerk by dividing that role into small, manageable tasks. The authors of this manual have listed these tasks in successive order so that each instruction builds on the functionality and information from the previous instructions. This will allow new Control Point Clerks to use this manual as a tutorial by following the instructions from beginning to end. Experienced Control Point Clerks can use this manual as a reference tool by using the index and table of contents.

1.3 Reference Numbering System

This manual uses a special paragraph numbering system to allow users to understand how the sections of the manual relate to each other. For example, this paragraph is section 1.3. This means that this paragraph is the main paragraph for the third section of Chapter 1. If there were two subsections to this section, they would be numbered sections 1.3.1 and 1.3.2. A paragraph numbered 1.3.5.4.7 would be the seventh subsection of the fourth subsection of the fifth subsection of the third subsection of Chapter 1. All clear? Actually, all this means is that users that want to divide their reading into manageable lessons can concentrate on one section and all of its subsections, for example, section 1.3.5.4 and all of its subsections would make a coherent lesson.

1.4 Package Management and Security Measures

IFCAP only allows the person who entered the temporary request (the requestor) to view the status of that request. This is a security measure that prevents users from altering the requests of others. Due to the nature of the information being processed by IFCAP, special attention has been paid to limiting usage to authorized individuals. Individuals in the system who have authority to approve actions, at whatever level, have an **electronic signature code**. This code is required before the documents pass on to a new level for processing or review. Like the access and verify codes used when gaining access to the system, the electronic signature code will not be visible on the terminal screen. These codes are also encrypted so that even when viewed in the user file by those with the highest levels of access, they are unreadable. Electronic signature codes are required by IFCAP at every level that currently requires a signature on paper.

1.5 Package Operation

IFCAP automates fiscal, budgetary, inventory, billing and payment activities. To accomplish all of these tasks, IFCAP consists of several functional components, each responsible for a similar set of tasks:

- **Funds Distribution (Fiscal Component)**
- **Funds Control (Control Point Component)**
- **Processing Requests (Control Point Component)**
- **Purchase Orders/Requisitions (A&MM Component)**
- **Accounting (Fiscal Component)**
- **Receiving (A&MM Component)**
- **Inventory (A&MM/Control Point Component)**

As a Control Point Clerk, you may create and edit requests assigned to a Control Point you are authorized to use. To use a Control Point, the Control Point Official for that Control Point has to give you access. If your user access is limited to the Control Point Clerk level, IFCAP will require the Control Point Official to approve all transactions that you create before transmitting them to Personal Property Management (2237 forms and Issue Book requests) or Accounting (1358 forms).. This is because the Control Point Official is responsible for approving all expenditures to the Control Point.

Different kinds of IFCAP users have different menus. The instructions in this manual only use the options that you have as a Control Point Clerk. If you do not know what to enter at an IFCAP prompt, enter 1,2 or three question marks and IFCAP will list your available options or explain the prompt. The more question marks you enter at the prompt, the more information IFCAP will provide.

The options you use on IFCAP have been divided into groups based upon the type of work you do. When you select these options, IFCAP will ask you a series of questions. If you do not understand the question or are unsure of how to respond, enter a question mark (?) and the computer will explain the question, or allow you to choose from a list of responses. This is the main menu for the Control Point Clerk.

Process a Request Menu	This menu contains options for processing transaction requests.
Display Control Point Activity Menu	This menu displays request/transaction information.
Funds Control Menu	This menu contains options used to balance the Control Point.
Status of Requests Report Menu	This menu contains options to generate reports of the requests for the Control Point.
Record Date Received by Service Menu	This menu allows you to record the receipt of items ordered on IFCAP transactions.

1.6 Features

1.6.1 Cost Centers

In IFCAP 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP does not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'

1.6.2 Suballowance/Fund Control Point Reconciliation

The report **FMS Transaction Data** shows transactions affecting the Fund Control Point balance, but it is for review only. The FMS system passes Fund Control Point adjustments to IFCAP on a daily basis. These adjustments arise from FMS accounting activity that does not originate in IFCAP. A late receipt of goods, for example, could result in an interest expense. The IFCAP system would have no record of this type of charge to the Fund Control Point, and would have to rely on FMS to provide adjustment data. The adjustments are returned in an FMS document, **Suballowance Reconciliation**, which automatically updates Fund Control Point balances.

1.6.3 Rollover of Funds From Previous Quarters

The Budget Analyst for your Control Points might use IFCAP to designate your Control Point to receive rollover funds from a previous quarter. IFCAP allows Budget Analysts to designate Control Points to transmit and receive remaining funds at the end of each quarter.

2.3.3 Setup Parameters

Enter a station number and then a Control Point. At the Select Item Master Number: prompt, enter the Item Master number for the item, the name of the item, a stock number, or some other feature of the item that IFCAP can search. IFCAP will search the Item Master File for all item descriptions that have the information you enter at this prompt and ask you to choose one if there are several matches. You can also type three question marks at this prompt and read the entire item master list. If IFCAP does not find a match, you have to create either a Non-Repetitive Order or a Repetitive and Non-Repetitive Order. Skip to the sections on these two request types and create one of those requests instead.

2.3.4 Item Information

After you select an item, IFCAP will display information for the item. Look at the VENDOR: field. Is "WAREHOUSE" one of the vendors listed for the item? If so, this means that this item is a "Posted Stock" item, or an item stocked at the warehouse for the control point. If one of the vendors is "WAREHOUSE", you have to create an Issue Book/Interval Issue Request for this item. Skip down to the section on Issue Book/Interval Issue Requests.

```

2.3.5 Order Type

If IFCAP does not list "WAREHOUSE" as one of the vendors, you can create either a Repetitive order or a Repetitive and Non-Repetitive Order.

2.4 How to Create a Repetitive (PR Card) Order 2237 Request

2.4.1 Introduction

If **EVERY** item in your request is in the Item Master File, you can create a Repetitive Order request. You can also create a Repetitive and Non-Repetitive Order request, even if you found matches for all of your items on the Item Master File.

2.4.2 Setup Parameters

Use the New 2237 option on the Process a Request Menu to enter a Station number, Fiscal Year, Quarter and Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

2.4.3 Menu Navigation

```
Select Control Point Clerk's Menu Option: PROCess a Request Menu

    New 2237 (Service) Request
    Edit a 2237 (Service)
    Copy a Transaction
    1358 Request Menu ...
    Print/Display Request Form
    Change Existing Transaction Number
    Repetitive Item List Menu ...
    Cancel Transaction with Permanent Number
    Requestor's Menu ...
    Item Display
    Vendor Display
    Outstanding Approved Requests Report

Select Process a Request Menu Option: NEW 2237 (Service) Request
Select FISCAL YEAR: 00//
Select QUARTER: 3//
Select CONTROL POINT:    060 FISCAL SVC                0160A1    10    0100    010042100
    1) 688-IFUSER,ONE
    2) 688-LAB PRIMARY
Select INVENTORY POINT: (1-2): 2  688-LAB PRIMARY
This transaction is assigned transaction number: 688-00-3-060-0031

The form types 1358 and NO FORM are no longer used within this option

FORM TYPE: ???

Choose from:
    2          NON-REPETITIVE (2237) ORDER
    3          REPETITIVE (PR CARD) ORDER
    4          REPETITIVE AND NON-REP ORDER
    5          ISSUE BOOK/INTERVAL ISSUE

FORM TYPE:  3  REPETITIVE (PR CARD) ORDER
```

2.4.4 Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort

Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt if you want to accept the default of today's date.

```
CLASSIFICATION OF REQUEST: ???
  This Classification of Request field allows you
  to classify and/or categorize all transactions
  (requests) for supplies, services, etc.
  This is the previous 'Type of Request' field.

CHOOSE FROM:
  TEST CLASS

CLASSIFICATION OF REQUEST:
SORT GROUP: ???
  This Sort Group field may be used to group together all
  transactions (requests) that relate to a specific project,
  work order, investigator, food group, doctor, etc.
  This is the previous 'Project Number' field.
  Enter one of the following:
    S.EntryName to select a Sort Group

  To see the entries in any particular file, type <Prefix.??>

  If you simply enter a name then the system will search each of
  the above files for the name you have entered. If a match is
  found the system will ask you if it is the entry that you desire.

  However, if you know the file the entry should be in, then you can
  speed processing by using the following syntax to select and entry:
    <Prefix>.<entry name>
      or
    <Message>.<entry name>
      or
    <File Name>.<entry name>

  Also, you do NOT need to enter the entire file name or message
  to direct the look up. Using the first few characters will suffice.
SORT GROUP:
DATE OF REQUEST: APR 18,1995//  (APR 18, 1995)
```

2.4.5 Requestor Information

Enter your name at the Requestor: prompt. At the Requesting Service: prompt, enter the name or the number of the service that will use the item. Enter the date required. Enter the priority of the request.

```
REQUESTOR: IFUSER,TWO
REQUESTING SERVICE: ???
  This is the name of the service that submitted this request.

CHOOSE FROM:

PRIORITY OF REQUEST: ST// STANDARD

```

2.4.6 Special Remarks

At the Special Remarks: prompt, enter any special handling information about the item, such as whether the item needs refrigeration, special handling, or if a VA employee has to go to the vendor to get the item. The Purchasing Agent can transfer these remarks to the purchase order that the vendor receives. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

Note: In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

```

SPECIAL REMARKS:
    1>These are special remarks.
    2>
EDIT Option:

```

2.4.10 Delivery Schedules

At the Select Delivery Schedule: prompt, press the Enter key if you want all the items on your request delivered at once. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, enter 2 at the next Select Delivery Schedule: prompt and enter a date and the amount you would like delivered on that date, etc. Make sure

that the total number of items among all the delivery dates equals the total number of items you are ordering.

At the Select Line Item Number: prompt, enter “2” if you want another item on this request. Otherwise, hit the Enter key. Enter the location you want the item to be delivered at the Deliver to/Location: prompt. At the Justification: prompt, enter your name and telephone number and information about how the item will be used. This will help the Personal Property Management Accountable Officer. The PPM Accountable Officer will adjust your request to save money, solicit another vendor or purchase a similar item if there is a problem with the vendor or item you specified. Explaining how you plan to use the item will help the VA acquire the item faster and cheaper. Enter your name at the Originator of Request: prompt. Add comments if you like. Enter N at the Would You Like To Edit Another Request?: prompt to return to the Requestor's Menu.

```
Select DELIVERY SCHEDULE:
Select LINE ITEM NUMBER:
COMMITTED (ESTIMATED) COST: 5// 100 $ 100.00

2.5 How to Create a Non-Repetitive Order 2237 Request

2.5.1 Introduction

If none of the items are in the Item Master File, you can use a Non-Repetitive Order request. You can also create a Repetitive and Non-Repetitive Order request, even if you did not find matches for any of your items on the Item Master File. This might keep A&MM staff from rejecting your request if you mistakenly listed an item as Non-Repetitive that in fact was in the Item Master File.

2.5.2 Menu Navigation

Use the New 2237 (Service) request option on the Process a Request Menu to enter a Station number, Fiscal Year, Quarter and Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

```
Select Process a Request Menu Option: NEW 2237 (Service) Request
Select STATION NUMBER: 688 WASHINGTON,DC
Select FISCAL YEAR: 94//
Select QUARTER: 3//
Select CONTROL POINT:
```

```
1) 688-IFUSER,ONE
   2) 688-LAB PRIMARY
Select INVENTORY POINT: (1-2): 1 688-IFUSER,ONE
```

2.5.3 Form Type

The system will assign a transaction number to this request. At the Form Type: prompt, enter Non-Repetitive Order.

```
Select CONTROL POINT: 060 FISCAL SVC 0160A1 10 0100 010042100

This transaction is assigned transaction number: 688-00-3-060-0033

The form types 1358 and NO FORM are no longer used within this option

FORM TYPE: ??

Choose from:
  2 NON-REPETITIVE (2237) ORDER
  3 REPETITIVE (PR CARD) ORDER
  4 REPETITIVE AND NON-REP ORDER
  5 ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 2 NON-REPETITIVE (2237) ORDER
```

2.5.4 Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt to select today's date. Enter your name at the Requestor: prompt. Enter the service that will use the item or service at the Requesting Service: prompt.

```
CLASSIFICATION OF REQUEST:
SORT GROUP:
DATE OF REQUEST: 2940418// (APR 18, 1994)
REQUESTOR: IFUSER,TWO
REQUESTING SERVICE: ???
    This is the name of the service that submitted this request.

  LABORATORY 113

REQUESTING SERVICE: 113 LABORATORY 113
```

2.5.5 Priority of Order

Enter the date required and the priority of the request. Priorities are based on the days remaining before the delivery date requested for the item. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are “Emergency”, “Special” and “Standard”. Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories. At the Special Remarks: prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service’s need faster, find a better item or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

Note: In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

```
DATE REQUIRED: T+12 (APR 30, 1994)
PRIORITY OF REQUEST: ST// ???
  This is the urgency or priority for this request.

```

2.5.6 Vendor Selection

At the Vendor: prompt, enter the name of the vendor that supplies the item you are requesting. If your vendor is not in the vendor file, IFCAP will ask you to confirm the vendor name. Enter the information for the new vendor. Enter 1 at the Line Item Number: prompt.

```
VENDOR: IFVENDOR,TWO//
VENDOR ADDRESS1: 12605 Bluhill Rd.
VENDOR ADDRESS2:
VENDOR CITY: Silver Spring
VENDOR STATE: MD MARYLAND
VENDOR ZIP CODE: 20906-4102
VENDOR CONTACT: IFVENDOR,THREE
VENDOR PHONE NO.: (501)- 555-5555
Select LINE ITEM NUMBER: 1
  LINE ITEM NUMBER: 1//
```

2.5.7 Item Information

At the Description: prompt, define the item as thoroughly as you can. Since you are creating a non-repetitive order, the item you are requesting is not in the Item Master File. This means that the Purchasing Agent will have to make a “best guess” of exactly what kind of item you need, based on the information you provide in this field. Describe what the service plans to do with the item and any special features of the item (for example, does it have to be flexible or blue or heat-resistant or non-toxic). At the Unit of Purchase: prompt, enter the measuring standard for the item. For example, if you order 1 unit and select LB (pound) as unit of purchase, your request will list one pound of the item.

DESCRIPTION:	
1>Roofing Material	
2>	
EDIT Option:	
QUANTITY: 400	
UNIT OF PURCHASE: ???	
This is the unit of measurement for items being procured.	
e.g., each, dozen, box, bottle, case, pound (lb.), square ft., etc.	
CHOOSE FROM:	
AM	AMPOULE
AT	ASSORTMENT
AY	ASSEMBLY
.	.
LB	POUND
UNIT OF	PURCHASE: BX BOX

Note: Many users accidentally order too much or too little quantity by choosing the wrong unit of purchase. For example, a carboy of disinfectant is much greater than a gallon of disinfectant. Double-check the printout of your request to make sure that the quantity and the unit of purchase are correct.

2.5.8 Stock Number

Enter the stock number for the item. Enter the estimated cost per unit. The cost per unit will depend on the item and how many items are in a unit. If the item is ordered at one unit per item, the cost per unit is the cost per item. If the vendor sells the item by the case, the cost per unit is the cost per case, etc. Enter a budget object code (BOC). . Budget object codes are defined in VHA Handbook 4671.2

STOCK NUMBER: 094104	
EST. ITEM (UNIT) COST: 20	
BOC: ???	
Major budget object code classifications are:	
10 thru 13	- Personal Services and Benefits

2.6 How to Create a Repetitive and Non-Repetitive Order 2237 Request

2.6.1 Introduction

If one or more, but not all the items on your request are on the Item Master File, you can create a Repetitive and Non-Repetitive Order Request. This is a versatile form type, because it allows other IFCAP users to "split" your request into multiple orders. Also, it is easier for Personal Property Management staff to correct a Repetitive and Non-Repetitive Order if you mistakenly list an item as non-repetitive that in fact is on the Item Master File, or if IFCAP fails to match an item to the Item Master File because you've misspelled or misnamed the item.

2.6.2 Setup Parameters

. Enter a Station Number, a Fiscal Year, and a quarter. Enter a Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

```
Select Process a Request Menu Option:  New 2237 (Service) Request
Select STATION NUMBER: 688           WASHINGTON,DC
Select FISCAL YEAR: 94//
Select QUARTER: 3//
CONTROL POINT
```

2.6.3 Form Type

The system will generate a transaction number. At the Form Type: prompt, enter Repetitive And Non-Rep Order.

```
Select CONTROL POINT: 060 FISCAL SVC//           0160A1   10   0100   010042100
  1) 688-IFUSER,ONE
  2) 688-LAB PRIMARY
Select INVENTORY POINT: (1-2): 1 688-IFUSER,ONE
This transaction is assigned transaction number: 688-00-3-060-0034

The form types 1358 and NO FORM are no longer used within this option
FORM TYPE: ???

Choose from:
  2          NON-REPETITIVE (2237) ORDER
  3          REPETITIVE (PR CARD) ORDER
  4          REPETITIVE AND NON-REP ORDER
  5          ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 4  REPETITIVE AND NON-REP ORDER
```

2.6.4 Classification and Sort Groups

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that

you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Press the Enter key at the Date of Request: prompt. Enter your name at the Requestor: prompt. Enter the service that will use the item or service at the Requesting Service: prompt.

```
CLASSIFICATION OF REQUEST: ???
  This Classification of Request field allows you

```

2.6.5 Priority of Order

Enter the date required and the priority of the request. Priorities are based on the days remaining before the delivery date requested for the item. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are “Emergency”, “Special” and “Standard”. Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories. At the Special Remarks: prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service’s need faster, find a better item or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

Note: In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

2.6.6 Vendor Selection

At the Vendor: prompt, enter the name of the vendor that supplies the item you are requesting. If your vendor is not in the vendor file, IFCAP will ask you to confirm the vendor name. Enter the information for the new vendor. Enter 1 at the Line Item Number: prompt.

Note: Make sure that the vendor information you provide is correct. Incorrect vendor information will delay payment to the vendor.

```
VENDOR: IFVENDOR,TWO//  
VENDOR ADDRESS1: 12605 Bluhill Rd.  
VENDOR ADDRESS2:  
VENDOR CITY: Silver Spring  
VENDOR STATE: MD MARYLAND  
VENDOR ZIP CODE: 20906-4102  
VENDOR CONTACT: IFVENDOR,THREE  
VENDOR PHONE NO.: (501) 555-5555  
Select LINE ITEM NUMBER: 1  
LINE ITEM NUMBER: 1//  
ITEM MASTER FILE NO.:
```

2.6.7 Item Information

At the Description: prompt, define the item as thoroughly as you can. If the item is not in the Item Master File, the Purchasing Agent is going to make a “best guess” of exactly what kind of item you need. This guesswork will be based on the information you provide in this field. Describe what the service plans to do with the item and any special features of the item (for example, does it have to be flexible or blue or heat-resistant or non-toxic). At the Unit of Purchase: prompt, enter the measuring standard for the item. For example, if you order one unit and select LB (pound) as unit of purchase, your request will list one pound of the item.

```
DESCRIPTION:  
1>Testing Material  
2>  
EDIT Option:  
BOC: 2660 Operating Supplies and Materials  
QUANTITY: 400  
UNIT OF PURCHASE: ???  
This is the unit of measurement for items being procured.  
e.g., each, dozen, box, bottle, case, pound (lb.), square ft., etc.  
CHOOSE FROM:  
AM AMPOULE  
AT ASSORTMENT  
AY ASSEMBLY  
. . .  
LB POUND  
UNIT OF PURCHASE: LB POUND
```

Note: Many users accidentally order too much or too little quantity by choosing the wrong unit of purchase. For example, a carboy of disinfectant is much greater than a gallon of disinfectant. Double-check the printout of your request to make sure that the quantity and the unit of purchase are correct.

2.6.8 Stock Number

Enter the stock number for the item. Enter the estimated cost per unit. The cost per unit will depend on the item and how many items are in a unit. If the item is ordered as one unit per item, the cost per unit is the cost per item. If the vendor sells the item by the case, the cost per unit is the cost per case, etc. Enter a budget object code (BOC). Budget object codes are defined in VHA Handbook 4671. 2.

STOCK NUMBER: 094104 EST. ITEM (UNIT) COST: 20

2.6.9 Delivery Schedules

At the Select Delivery Schedule: prompt, press the Enter key if you want all the items on your request delivered at once. If you select a delivery schedule, you are notifying the vendor that you want them to deliver different amounts of the items on different days. For example, if you want to order 100 cases of computer paper, but do not want all of it delivered at once, you can “stagger” the delivery by entering 1 at the Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, and enter 2 at the next Select Delivery Schedule: prompt. Enter a date and the amount you would like delivered on that date, etc. Make sure that the total number of items among all the delivery dates equals the total number of items you are ordering.

Enter a 2 at the Select Line Number: prompt if you want to add another item to your request. Otherwise, press the Enter key.

Enter the estimated shipping and/or handling costs in dollars. Enter where you want the warehouse to deliver the item at the Deliver To/Location: prompt. At the Justification: prompt, enter your name and telephone number and explain why the service or item is needed by the service. Enter your name at the Originator of Request: prompt. Add comments if you like. Enter N at the Would You Like To Enter Another Request?: prompt to return to the Requestor's Menu.

2.7 How to Create an Issue Book/Interval Issue Request

2.7.1 Introduction

An Issue Book/Interval Issue Request is for "posted stock" items, or items that the warehouse keeps in stock. You must use an Issue Book/Interval Issue request for posted stock items. You must not use an Issue Book/Interval Issue request for any items that are not posted stock. If you need some items that are posted stock and some items that are not posted stock, create an Issue Book/Interval Issue Request for the posted stock items. Use one of the other forms for the other items. The Government makes certain procurement guarantees to vendors in exchange for discounts on posted stock. Obtaining posted stock items from any source other than the warehouse is a potential violation of those guarantees. If you request a posted stock item on any request other than an Issue Book/Interval Issue request, the computer will reject your request.

2.7.2 Setup Parameters

Enter a Station Number. Enter the Fiscal Year, Fiscal Quarter, and the Control Point. If the Control Point selected is attached to more than one Inventory Point, the user will be asked to select the Inventory Point that will be attached to the order. The user can simply press the <enter> key at the prompt and no Inventory Point will be attached to the order

Select INVENTORY POINT: (1-2): 1 688-IFUSER,ONE

```

2.7.3 Classification Group

The system will assign a transaction number to this request.

Note: Write this number down. You will need it to determine the status of your request.

At the Interval Issue?: prompt, enter “Y” if this is an item that you do not normally order. Enter “N” if this is an item you order on a regular basis. If you would normally enter this item on an issue book order, but need the item before the next scheduled posted stock delivery, enter "Y". This prompt does **NOT** allow you to create a recurring order: it merely allows you to explain how you use the item.

At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define.

```
This transaction is assigned transaction number: 688-00-3-060-0035

The form types 1358 and NO FORM are no longer used within this option

FORM TYPE: ???

Choose from:
  2          NON-REPETITIVE (2237) ORDER
  3          REPETITIVE (PR CARD) ORDER
  4          REPETITIVE AND NON-REP ORDER
  5          ISSUE BOOK/INTERVAL ISSUE

FORM TYPE: 5  ISSUE BOOK/INTERVAL ISSUE
Issue Book Requests will automatically be ordered from IFVENDOR2,FIVE
INTERVAL ISSUE?: ???
  This allows the user to specify (by entering Yes/No) whether the
  request for items in the Warehouse is an Interval Issue.
  i.e.,  Items requested between scheduled posted stock delivery, rather
  than a regularly scheduled Issue Book order.
  CHOOSE FROM:
    1          YES

2.8 How to Create a 1358 Order Request

2.8.1 Introduction

Use a 1358 Order request to budget money for ongoing service expenses, such as the utility bill, copier repair, rent, or postage. A 1358 Order allows the Control Point to "obligate funds," or establish a budget for ongoing services, so there will be money to pay the vendor when the monthly or quarterly statement is due.

2.8.2 Menu Navigation

Select New 1358 Request from the Control Point Clerk's Menu. Enter a station number, fiscal year, quarter, and Control Point. Assign a transaction number to your request. Write this number down. You will need this number to determine the status of your request.

```
Select Process a Request Menu Option: 1358 Request Menu

    New 1358 Request
    Increase/Decrease Adjustment
    Edit 1358 Request
    Create/Edit Authorization
    Daily Activity Enter/Edit
    Display 1358 Balance
    List 1358's with Open Authorizations
    Print 1358
    Print Obligated 1358s
    Recalculate 1358 Balance

Select 1358 Request Menu Option: NEW 1358 Request
Select FISCAL YEAR: 00//
Select QUARTER: 3//
Select CONTROL POINT:    060 FISCAL SVC          0160A1    10    0100    010042100

This transaction is assigned Transaction number: 688-00-3-060-0036
```

2.8.3 Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group.

```
CLASSIFICATION OF REQUEST: ???
    This Classification of Request field allows you
    to classify and/or categorize all transactions
    (requests) for supplies, services, etc.
    This is the previous 'Type of Request' field.

CHOOSE FROM:
```

This is the name used to identify the type of request. File #410.2 is pointed to by the Classification of Request field (#8) of the Control Point Activity file, #410.

CLASSIFICATION OF REQUEST:

SORT GROUP: ???

This Sort Group field may be used to group together all transactions (requests) that relate to a specific project, work order, investigator, food group, doctor, etc. This is the previous 'Project Number' field.

Enter one of the following:

- S.EntryName to select a Sort Group
- W.EntryName to select a Work Order

To see the entries in any particular file, type <Prefix.?)

If you simply enter a name then the system will search each of the above files for the name you have entered. If a match is found the system will ask you if it is the entry that you desire.

However, if you know the file the entry should be in, then you can speed processing by using the following syntax to select an entry:

- <Prefix>.<entry name>
- or
- <Message>.<entry name>
- or
- <File Name>.<entry name>

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

SORT GROUP:

2.8.4 Requestor

Enter your name at the Requestor: prompt. Press the Enter key at the Date of Request: prompt to accept the default date of today. Enter the date that you want to commit funds to your request at the Date Committed: prompt, or press the Enter key to accept the default of the first date of the current month.

Enter the total cost in dollars for the item at the Committed (Estimated) Cost: prompt. Enter the cost center at the Cost Center: prompt. Cost centers allow Fiscal staff to create total expense records for a section or service.

Note: In IFCAP V. 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.

```

Chapter 3 How to Turn Temporary Requests into Transactions

3.1 Introduction

No request can go forward for approval without first becoming a transaction. See the Control Point Requestor manual for options located on the Requestor menu.

3.2 How to Turn Item Requests Into Permanent Item Transactions

3.2.1 Menu Navigation

When you log onto the Control Point Clerk menu, IFCAP will tell you which Control Points have new requests. From the Control Point Clerk's Menu, select Process a Request Menu. Select Change Existing Transaction Number. The requests will have a form type assigned. Read the following sections to turn these requests into transactions.

```
You have 1 request(s) to be approved for CP 101      Estimated $:      200.00

      Approve Requests
      Requests Ready for Approval List
      Process a Request Menu ...
      Display Control Point Activity Menu ...
      Funds Control Menu ...
      Status of Requests Reports Menu ...
      Record Date Received by Service Menu ...
      Enter/Edit Control Point Users

3.3.3 Conversion to Permanent Number

IFCAP will assign a transaction number to the request, making the request a transaction. IFCAP will ask you if you want to edit the transaction. IFCAP will ask you for a cost center, a budget object code (BOC), and a sub-control point. Budget object codes are in the left column of MP-4

Part V, Appendix B-1. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together. IFCAP will ask you if you want to assign a vendor to the transaction.

Note: Sometimes, you will want to leave the vendor field blank on a 1358 in case you want to change vendors or use multiple vendors.

If you assign a vendor, IFCAP will ask you for a contract number. Explain the purpose of the 1358. Add comments if you like. If you make a mistake, answer Y at the Would you like to review this request?: prompt. If the 1358 is ready for approval, answer Y at the Is this request ready for approval?: prompt. The 1358 is now ready for approval by the Control Point Official. Press the Enter key at the Would you like to replace another transaction number? prompt to return to the Process a Request Menu.

Chapter 4 How to Monitor the Status of a Request

4.1 Introduction

As a Control Point Clerk, employees who request goods and services from your control point often need to know the status of their request. This chapter explains how to determine the status of a request, and what stage of accounting or procurement it has reached.

4.2 How to Monitor the Status of a Request

4.2.1 Know the Purchase Order Number?

From the Control Point Clerk's Menu, select Display Control Point Activity Menu. From the Display Control Point Activity Menu, select Purchase Order Status. Enter the station number and the Control Point. Enter the purchase order number at the Select Purchase Order Number: prompt. You can type three question marks (???) to list all the purchase orders for the control point.

```

4.4 What Does the Status Mean?

Find the status on the table below. The numbers in the table represent nodes in the flowchart on the pages following the table. Contact the representative at that node

Chapter 5 Adjusting Control Point balances

5.1 Introduction

IFCAP V. 5.1 automates most of the reconciling that Control Point Clerks have had to perform manually. You will still have to adjust 1358 expenses and adjust your supply Fund Control Point balances at the end of the fiscal year.

5.2 How to Adjust 1358 Expenses

5.2.1 Menu Navigation

```
Process a Request Menu ...

Select 1358 Request Menu Option: Increase/Decrease Adjustment
```

5.2.2 Setup Parameters

Enter a fiscal year, fiscal quarter and a control point. Enter the number of the obligation you want to adjust at the Select Obligation Number: prompt. If you do not know the number, enter as many of the first characters that you remember or enter three question marks, and IFCAP will list the available obligations. IFCAP will display the amount of the obligation you selected and assign a transaction number to the adjustment you are creating. At the Classification of Request: prompt, create a classification name for the request if you like, or press the Enter key to skip this

prompt. The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Enter your name at the Requestor: prompt. Enter today's date at the Date of Request: prompt. Enter the cost center at the Cost Center: prompt . Cost centers allow Fiscal staff to create total expense records for a section or service.

```

5.2.3 Adjustment Information

Enter today's date at the Date Obl Adjusted: prompt. Enter the amount that you want to adjust the obligation at the Adjustment \$Amount prompt. Type a minus symbol in front of the amount to decrease the 1358 and put money back into your Control Point. Type the number without any symbols to increase the 1358 and deduct more money from your Control Point. At the BOC1: prompt, enter the budget object code classification for this item. Budget object codes are defined in VHA Handbook 4671.2. If you do not know the BOC for this item, enter three question marks and IFCAP will list the available budget object codes. Enter the amount of the item you want to attribute to the budget object code at the BOC1 Amount: prompt. Enter a Sub-Control Point if you want to assign this receipt to a defined subcategory of the Control Point. At the Purpose: prompt, explain the purpose of the order, and enter your name and telephone number. Add comments if you like. You may review the request to make sure that the information on the request is correct. Confirm that the adjustment is ready for approval and for transmission to A&MM or Fiscal Service. Enter your electronic signature code. You may enter another adjustment or return to the 1358 Request Menu.

Chapter 6 What To Do When the System Is Down or There Is a Life-Threatening Emergency

In some facilities, Purchasing Agents prepare for system crashes by creating a of purchase order numbers to use when the system crashes. Ask your Purchasing Agent if he or she does this. If so, call him or her when the system crashes and ask for one of these “emergency” purchase order numbers. When the system is functioning, create your requests in IFCAP using this purchase order number and enter in the Comments: field of the request that this order was requested during a system failure and that the order has already been ordered and obligated using the emergency purchase order number.

Comments: // System Failure reconciliation -- DO NOT ORDER -- DO NOT OBLIGATE

If you do not clearly explain that this order has already been filled, the Purchasing Agent will order it again and your control point will be charged for the purchase.

Chapter 7 Other IFCAP Functions

7.1 Supplementary Options in the Process a Request Menu

This chapter describes the options available to you in IFCAP that were not mentioned in the previous chapters. Each section of this chapter defines the purpose of the option, the menu path to reach the option in the menus, what information to enter at the prompts, and how to interpret the output that the option creates.

7.2 Edit a 2237 (Service)

Select Process a Request Menu from the Control Point Clerk's Menu.

Select Edit a 2237 (Service) from the Process a Request Menu.

7.2.1 Setup Parameters

Enter a Station number. Enter a Control Point. If you do not know the Control Point, enter two question marks at the Select Control Point: prompt and IFCAP will list the available Control Points. If the Control Point is attached to more than one Inventory Point, enter the Inventory Point at the prompt or simply hit <enter> and no Inventory Point will be attached to the order.

```

7.2.2 Enter Transaction Number

Enter a transaction number. If you do not know the transaction number, enter three question marks at the Select Control Point Activity Transaction Number: prompt and IFCAP will list the available transactions. You can also enter the vendor name, or as much of the beginning of the transaction number as you can remember. For example, If you enter 688-95-4, IFCAP will list all the transactions for Control Point 688 for fiscal year 1995 and fiscal quarter 4. Reducing the search in one of these ways will greatly reduce your search time.

```

7.3.3 Interpreting the Request Form

The request form lists the information you provided in the Enter/Edit a Request options in a style that represents a manual VA 2237 form. The form lists each item with description and unit cost, and a total cost for the request. It also lists where the item(s) should be delivered. If you printed the last page of the 2237, the form will list signature and date columns for officers and clerks to sign at various stages of approval and receipt. Enter another transaction at the Select Transaction: number or press the Enter key to return to the Requestor's Menu.

7.7.4 Item Information

After you select an item, IFCAP will display what unit of sale the vendor uses to sell the item and if you have to buy the item by a specific multiple. In the example below, the unit is per can, but the item must be ordered in multiples of six, so the user would enter a multiple of six at the Quantity: prompt. Many repetitive items will have a mandatory source of the warehouse, meaning that the warehouse supplies this item. If the item you want is not a warehouse item, you must enter the vendor name after you enter the item number. If you do not know who the vendor should be for that item, press the Enter key at the vendor prompt and IFCAP will list the available vendors for the item. You can add another repetitive item at the Select Item: prompt or press the Enter key to stop adding items. IFCAP will determine the cost of the items. At the Would You Like To Create Another Repetitive Item List Entry?: prompt, answer Y to add another item or N to return to the Repetitive Item List Menu.

7.12.3 Review Request

IFCAP will ask you if you would like to review the request, and ask you to enter new information about the transaction. IFCAP will allow you to enter a new Station number, fiscal year, quarter, and Control Point for the transaction.

Would you like to review this request? NO// (NO)

Would you like to proceed ? YES// (YES)

Now enter the information for the new transaction number.

Select STATION NUMBER: 688// WASHINGTON,DC

Select FISCAL YEAR: 94//

Select QUARTER: 4//

Select CONTROL POINT: 022 MISC OFFICE SUPPLIES//

7.12.4 Additional Information

IFCAP will assign a transaction number to the request and prompt you for a form type. Based on which form type you select, IFCAP will prompt you for additional information about the purpose of your request and the source of funds. Read the sections in this guide on creating this form type for explanations of these prompts. Enter "T" for today as the date of the request. Enter your name as the requestor. Enter the Service that you are creating the request for at the Requesting Service: prompt. Enter the date that the goods or services are required. Assign a priority to the request. The priority categories in IFCAP, ranging from shortest to longest delivery time remaining, are "Emergency", "Special" and "Standard". Different stations assign different time durations to these categories. Check with your Fiscal office to determine the durations at your station for these categories.

This transaction is assigned transaction number: 688-94-4-022-0011

FORM TYPE: ISSUE BOOK/INTERVAL ISSUE//

REQUESTOR: IFUSER,TWO

REQUESTING SERVICE:

DATE REQUIRED: T+3 (JUL 11, 1994)

PRIORITY OF REQUEST: ST// STANDARD

7.12.5 Special Remarks

At the Special Remarks: prompt, explain how the service will use the item, names of other items that would fulfill the same need, and any other information that would help the Purchasing Agent fulfill your request. Purchasing Agents sometimes change orders to fulfill the service's need faster, find a better item or change the vendor for a better price. Explaining the use of the item will make these tasks easier to accomplish. Enter a cost center. Cost center numbers are listed in the left column of MP-4 Part V, Appendix B-1. Cost centers allow Fiscal staff to create total expense records for a section or service. Enter 1 at the Select Line Item Number: prompt for the first item on the request. At the Item Master File No.: prompt, enter the item name or number. You can also type three question marks (???) to see a list of the items you can request. Enter how many units of purchase (not number of items) at the Quantity: prompt. At the BOC: prompt, enter the budget object code classification for this item. Budget object codes are defined in MP-4 Part V, Appendix B-2. If you do not know the BOC for this item, enter three question marks and IFCAP will list the available budget object codes. At the Intermediate Product Code: prompt, enter the Intermediate Product Code if there is one. The Intermediate Product Code is a stock number that vendors sometimes use.

7.12.6 Add Items

Enter 2 at the Select Line Item Number: prompt if you want to add another item to your request. IFCAP will display the estimated cost of your request. At the Date Committed: prompt, enter the date that you want IFCAP to commit funds to the purchase. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together. Enter where you want the warehouse to deliver the item at the Deliver To/Location: prompt, including room and building number if you can. At the Justification: prompt, explain why the service or item is needed by the service. Add comments if you like. IFCAP will ask you if you want to review the request again, and will display the current balance of the Control Point, the cost of the request, and the money available to the Control Point from current and prior quarters. IFCAP will ask you if you want to send the request to the Control Point Official for approval. You can copy another request, or press the Enter key at the prompt to return to the Process a Request Menu.

    3    1012 BUDGET RETEST
CHOOSE 1-3: 1

This transaction is assigned Transaction number: 688-94-3-101-0049

```

7.16.3 Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group.

```

CLASSIFICATION OF REQUEST: ???
This Classification of Request field allows you
to classify and/or categorize all transactions
(requests) for supplies, services, etc.
This is the previous 'Type of Request' field.
CLASSIFICATION OF REQUEST:
SORT GROUP: ???
This Sort Group field may be used to group together all
transactions (requests) that relate to a specific project,
work order, investigator, food group, doctor, etc.
This is the previous 'Project Number' field.
Enter one of the following:
    S.EntryName to select a Sort Group

```

W.EntryName to select a Work Order

To see the entries in any particular file, type <Prefix.??>

If you simply enter a name then the system will search each of the above files for the name you have entered. If a match is found the system will ask you if it is the entry that you desire.

However, if you know the file the entry should be in, then you can speed processing by using the following syntax to select and entry:

<Prefix>.<entry name>
or
<Message>.<entry name>
or
<File Name>.<entry name>

Also, you do NOT need to enter the entire file name or message to direct the look up. Using the first few characters will suffice.

SORT GROUP:

7.16.4 Cost Center Data

Enter the name of the individual printed on the request form as the initiator of the request at the Requestor: prompt. Press the Enter key at the Date of Request: prompt to accept the default of today's date. Enter the date that you want to commit funds to your request at the Date Committed: prompt.

Enter the total cost in dollars for the item at the Committed (Estimated) Cost: prompt. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service.

```

Original Obligation Amount: $ 1,000.00      Service Balance: $ 100.00
Fiscal's 1358 Balance: $ 1,000.00

This transaction is assigned transaction number: 503-94-4-022-0007
```

7.17.3 Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Enter your name at the Requestor: prompt. Enter T for today at the Date of Request: prompt. Enter the cost center at the Cost Center: prompt if this purchase is assigned to a section or service that has a cost center defined in IFCAP for their expenses. Cost centers allow Fiscal staff to create total expense records for a section or service. Enter the date that the obligation was adjusted. Enter the amount that you want to adjust the obligation at the Adjustment \$Amount prompt. Type a minus symbol in front of the amount to decrease the 1358 and put money back into your Control Point. Type the number without any symbols to increase the 1358 and deduct more money from your Control Point.

```
CLASSIFICATION OF REQUEST:

```

7.17.4 BOC and Sub-Control Point

Enter the budget object code classification for the item at the BOC1: prompt. Enter the amount of the item you want to attribute to the budget object code at the BOC1 Amount: prompt. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together. Enter the purpose for the adjustment. Add comments if you like. IFCAP will let you review the request. IFCAP will list the current Control Point balance, the estimated cost of the adjustment, and the total uncommitted balance from current and prior quarters. IFCAP will allow you to transmit the adjustment to the Control Point Official for approval. Enter N at the Enter another increase/decrease adjustment?: prompt to return to the 1358 Request Menu.

7.18.3 Classification and Sort Groups

The Classification of Request: prompt allows you to create reports that group requests by categories that **YOU** define. Enter a sort group at the Sort Group: prompt if this purchase is assigned to a project, office, or some other category for which a sort group has been created. If this purchase does not belong to a sort group, just press the Enter key. Sort groups are used to generate expense reports for projects and offices. Make sure that you include all applicable purchases in the sort group and exclude all purchases that do not belong to the sort group. Enter the name of the individual printed on the request form as the initiator of the request at the Requestor: prompt. Enter the date of the original temporary transaction at the Date of Request: prompt. Enter the date that you want to commit funds from the Control Point for this purchase at the Date Committed: prompt. Enter the cost of the order at the Committed (Estimated) Cost: prompt. Enter the budget object code classification for the item at the BOC1: prompt. If you do

not know the budget object code, enter three question marks at the prompt and IFCAP will display the available budget object codes. Budget Object Codes replace the use of sub accounts in IFCAP 5.1. Enter the amount of the item you want to attribute to the budget object code at the BOC1 Amount: prompt. At the Select Sub-Control Point: prompt, you can associate this purchase with a category of purchases that you can define. This allows you to group similar purchases together. Enter the vendor name and contract number. At the Purpose: prompt, explain the purpose of the order, and enter your name and telephone number. Enter your name at the Originator of Request: prompt. If the system displays a Date Received: prompt, enter the date that the service was completed. Add comments if you like. Enter N at the Would You Like To Review This Request?: prompt to return to the 1358 Request Menu.

7.19.3 Display 1358 Balances

IFCAP will assign a transaction number to the entry, and display the obligation amount, the fiscal balance, and the service balance. The fiscal balance is the dollar amount Fiscal Service shows is still available to the Control Point after the entry has been obligated by Fiscal Service. The fiscal balance is what the Accounting Technician will read to determine if the Control Point has sufficient funds to meet the obligation. The service balance is what you have committed, the dollar amount left in the Control Point minus the non-obligated committed funds. Enter the

recipient of the funds and any additional information that would aid in the processing of this transaction at the Reference: prompt (e.g., patient name, patient Social Security Number, or Vendor). Add comments if you like. At the Would you like to EDIT or CREATE an Authorization: prompt, enter “E” to edit an authorization or “C” to create an authorization, or press the Enter key to return to the 1358 Request Menu. An authorization is a unique number that IFCAP uses to record individual charges against a 1358.

```
This entry has been assigned transaction number: 0003.

Select ACTION: (1-3): 1

```

7.20.3 Select Authorization

Enter an authorization. An authorization is a unique number that IFCAP uses to record individual charges against a 1358. If you do not know the authorization, enter three question marks and IFCAP will list the available authorizations. IFCAP will list the amount of the authorization and the current balance of the authorization. IFCAP will also list any daily records of transactions posted against the authorization.

Note: You must deduct the dollar amount for each invoice you receive from the balance of the 1358. If you mark the 1358 as complete, you will no longer be able to edit or access that 1358.

IFCAP will assign a number to the daily activity entry. Enter N at the Is this the final daily activity?: prompt to create another entry. Enter the amount of the activity at the Daily Activity Amount: prompt. Do not exceed the authorization balance. You may enter a vendor invoice number, a reference, and a description if you like. If the amount of the daily activity that you create is equal to the authorization balance, IFCAP will ask you to confirm that you want to clear the balance on the authorization and mark it as complete. IFCAP will then return to the 1358 Request Menu.

Chapter 8 Menu Outline

8.1 Option Listing

The following is a list of the options assigned to Control Point Clerks in the default IFCAP configuration. You may have some options that are not listed here, because you have additional responsibilities beyond the typical responsibilities of a Control Point Clerk. You may not have all of the options listed below. Main menu options are flush left. Subordinate options are spaced to the right. For example, if you wanted to use the “Copy a Transaction” option, you would select “Control Point Clerk's Menu”, then “Process a Request Menu”, then “Copy a Transaction”. To add any of the options listed below to your menus, contact your local Information Resources Management (IRM) service.

```
Control Point Clerk's Menu
  Process a Request Menu
    New 2237 (Service) Request
    Edit a 2237 (Service)
    Copy a Transaction

Chapter 9 Error Messages And Their Resolution

9.1 Use Errors

As you use IFCAP to request goods and services, you will receive errors. Some errors are use errors. Use errors mean that IFCAP has determined that the information you have entered in the system is either incomplete or inconsistent, and look like this:

```
Select TRANSACTION: 10195

Incorrect format - please re-enter number

Select TRANSACTION:

This guide and the online option descriptions should help you with these errors.
```

9.2 System Errors

System errors occur when IFCAP fails to function properly. As with all programs, IFCAP is written in a programming language. IFCAP is written in a language called Digital Standard MUMPS. When these errors occur, IFCAP will display the error code. Record the error code and notify your IRM service.

```
RECORDING THAT AN ERROR OCCURRED ---

      X2^PRCST212:1, %DSM-E-UNDEF, undefined variable PRCSTDT, -DSM-I-ECODE,
MUMPS error code: M6

      Sorry 'bout that
```

GLOSSARY

1358	Estimated Miscellaneous Obligation or Change in Obligation.
2138	VA Form 90-2138, Order for Supplies or Services.
2139	VA Form 90-2139, Order for Supplies or Services (Continuation). This is a continuation sheet for the 2138 form.
2237	VA Form 90-2237, Request, Turn-in and Receipt for Property or Services.
A&MM	Acquisition and Materiel Management Service.
AACS	Automated Allotment Control System--Central computer system developed by VHA to disburse funding from VACO to field stations.
Accounting Technician	Fiscal employee responsible for obligation and payment of received goods and services.
Activity Code	The last two digits of the AACS number. It is defined by each station.
Allowance table	Reference table in FMS that provides financial information at the level immediately above the AACS, or sub-allowance level.
AMIS	Automated Management Information System.
Authorization	A charge to an obligated 1358. Each authorization represents a deduction from the balance of a 1358 to cover an expense. Authorizations are useful when you have expenses from more than one vendor for a single 1358.
Authorization Balance	The amount of money remaining that can be authorized against the 1358. The service balance minus total authorizations.
Budget Analyst	Fiscal employee responsible for distributing and transferring funds.

Glossary

Budget Object Code	Fiscal accounting element that tells what kind of item or service is being procured. Budget object codes replace sub accounts in IFCAP 5.1. Budget object codes are listed in the left column of MP4 Part V, Appendix B-1.
Ceiling Transactions	Funding distributed from Fiscal Service to IFCAP Control Points for spending.
Control Point	Financial element, existing ONLY in IFCAP that corresponds to the ACCS number in FMS.
Control Point Requestor	The lowest level Control Point user, who can only enter temporary requests (2237s, 1358s) to a Control Point. This user can only view or edit their own requests. A Control Point Clerk or Official must make these requests permanent before they can be approved and transmitted to A&MM.
Cost Center	“Subsection” of a Fund Control Point. Cost centers allow fiscal staff to create total expense reports for a section or service, and allow requestors to assign requests to that section or service. Cost centers are listed in the left column of MP-4 Part V, Appendix B-1.
Date Committed	The date that you want IFCAP to commit funds to the purchase.
Deficiency	When a budget has obligated and expended more than it was funded (see MP-4, Part V, Section C).
Fiscal Balance	The amount of money on a 1358 and any adjustments to that 1358 that have been obligated by Fiscal Service. This amount is reduced by any liquidations submitted against the obligation.
Fiscal Quarter	The fiscal year is broken into four three-month quarters. The first fiscal quarter begins on October 1.
Fiscal Year	Twelve-month period from October 1 to September 30.

Glossary

FMS	Financial Management System, which has replaced CALM as the primary accounting system for administrative appropriations. FMS has a comprehensive database that provides for flexible on-line and/or batch processing, ad-hoc reporting, interactive query capability and extensive security. FMS is concerned with budget execution, general ledger, funds control, accounts receivable, accounts payable and cost accounting.
FOB	Freight on Board. An FOB of "Destination" means that the vendor has included shipping costs in the invoice, and no shipping charges are due when the shipper arrives at the warehouse with the item. An FOB of "Origin" means that shipping charges are due to the shipper, and must be paid when the shipper arrives at the warehouse with the item.
FTEE	Full Time Employee Equivalent. An FTEE of 1 stands for 1 fiscal year of full-time employment. This number is used to measure workforces. A part-time employee that worked half days for a year would be assigned an FTEE of 0.5, as would a full-time employee that worked for half of a year.
Fund Control Point	CALM accounting element that is not used by FMS.
Justification	A written explanation of why the Control Point requires the items requested. Adequate justification must be given if the goods are being requested from other than a mandatory source.
ISMS	Integrated Supply Management System.
Liquidation	The amount of money on the invoice from the vendor for the authorization. They are processed through payment/invoice tracking.
Obligation Number	The C prefix number that Fiscal Service assigns to the 1358.
Organization Code	Accounting element functionally comparable to Cost Center, but used to organize purchases by the budget that funded them, not the purposes for spending the funds.
PAID	Paid Accounting Integrated Data.

Glossary

Partial Date	The date that a warehouse clerk created a receiving report for a shipment.
Program Code	Accounting element that identifies the VA initiative or program that the purchase will support.
Purchase Order	A government document authorizing the purchase of the goods or services at the terms indicated.
Purchasing Agents	A&MM employees legally empowered to purchase goods and services from commercial vendors.
Receiving Report	Report that Warehouse Clerk creates to record that the warehouse has received an item.
Requestor	See "Control Point Requestor."
Requisition	An order from a Government vendor.
Service Balance	The amount of money on the on the original 1358 and any adjustments to that 1358 when created by that service in their Fund Control Point. This amount is reduced by any authorizations created by the service.
SF-18	Request for Quotation.
SF-30	Amendment of Solicitation/Modification of Contract.
Sort Order	The order in which the budget categories will appear on the budget distribution reports.
Sub-cost Center	A subcategory of Cost Center. In IFCAP 5.1, the last two digits of the cost center, if anything other than "00" will be the 'sub-cost center' that is sent to FMS. IFCAP will not use a 'sub-cost center' field, but will send FMS the last two digits of the cost center as the FMS 'sub-cost center' field, unless the last two digits of the cost center are '00'.
Sub-control Point	A specific budget within a Control Point, defined by a Control Point user.
TDA	Transfer of Disbursing Authority. A sequential number Central Office assigns to each funding it gives to your station. The first funding they give you in the fiscal year is TDA number 1, the second funding they give you is TDA number 2, etc.

Glossary

Total Authorizations	The total amount of the authorizations created for the 1358 obligation.
Total Liquidations	The total amount of the liquidation against the 1358 obligation.
Transaction Number	The number of the transaction that funded a Control Point (See Budget Analyst User's Guide)
Vendor file	An IFCAP file of vendors solicited by the facility. This file contains ordering and billing addresses, contract information, FPDS information and telephone numbers. File 440 contains information about the vendors solicited by your station. The debtor's address may be drawn from this file, but is maintained separately. If the desired vendor is not in the file, contact A&MM Service to have it added.
VRQ	FMS Vendor Request document. When users send vendor information to FMS, FMS sends a VRQ document to IFCAP with the vendor information, ensuring that the information in the IFCAP vendor file matches the information in the FMS vendor table.
