25 poverty line or to geographic isolation.

1 (2) The term “poverty line” means the
2 poverty line (as defined by the Office of Manage-

10 SEC. 312. No part of any appropriation contained in
11 this Act shall be expended or obligated to complete and
12 issue the 5-year program under the Forest and Rangeland
13 Renewable Resources Planning Act.

14 SEC. 313. None of the funds in this Act may be used
15 to support Government-wide administrative functions un-
16 less such functions are justified in the budget process and
17 funding is approved by the House and Senate Committees
18 on Appropriations.

19 SEC. 314. Notwithstanding any other provision of
20 law, none of the funds in this Act may be used for GSA
21 Telecommunication Centers.

22 SEC. 315. Notwithstanding any other provision of
23 law, for fiscal year 2004 the Secretaries of Agriculture and
24 the Interior are authorized to limit competition for water-
25 shed restoration project contracts as part of the “Jobs in

1 the Woods” Program established in Region 10 of the For-
2 est Service to individuals and entities in historically tim-
3 ber-dependent areas in the States of Washington, Oregon,
4 northern California, Idaho, Montana, and Alaska that
5 have been affected by reduced timber harvesting on Fed-
6 eral lands. The Secretaries shall consider the benefits to
7 the local economy in evaluating bids and designing pro-
8 curements which create economic opportunities for local
9 contractors.

10 SEC. 316. Amounts deposited during fiscal year 2003
11 in the roads and trails fund provided for in the 14th para-
12 graph under the heading “FOREST SERVICE” of the
13 Act of March 4, 1913 (37 Stat. 843; 16 U.S.C. 501), shall
14 be used by the Secretary of Agriculture, without regard
15 to the State in which the amounts were derived, to repair
16 or reconstruct roads, bridges, and trails on National For-
17 est System lands or to carry out and administer projects
18 to improve forest health conditions, which may include the

25 logical integrity. The projects may be completed in a sub-

1 sequent fiscal year. Funds shall not be expended under
2 this section to replace funds which would otherwise appro-
3 priately be expended from the timber salvage sale fund.
4 Nothing in this section shall be construed to exempt any
5 project from any environmental law.

6 SEC. 317. Other than in emergency situations, none
7 of the funds in this Act may be used to operate telephone
8 answering machines during core business hours unless
9 such answering machines include an option that enables
10 callers to reach promptly an individual on-duty with the
11 agency being contacted.

12 SEC. 318. No timber sale in Region 10 shall be adver-
13 tised if the indicated rate is deficit when appraised using
14 a residual value approach that assigns domestic Alaska
15 values for western redcedar. Program accomplishments
16 shall be based on volume sold. Should Region 10 sell, in
17 fiscal year 2003, the annual average portion of the decadal
18 allowable sale quantity called for in the current Tongass
19 Land Management Plan in sales which are not deficit
20 when appraised using a residual value approach that as-
21 signs domestic Alaska values for western redcedar, all of
22 the western redcedar timber from those sales which is sur-
23 plus to the needs of domestic processors in Alaska, shall
24 be made available to domestic processors in the contiguous
25 48 United States at prevailing domestic prices. Should Re-

1 gion 10 sell, in fiscal year 2003, less than the annual aver-
2 age portion of the decadal allowable sale quantity called
3 for in the Tongass Land Management Plan in sales which
4 are not deficit when appraised using a residual value ap-
5 proach that assigns domestic Alaska values for western
6 redcedar, the volume of western redcedar timber available
7 to domestic processors at prevailing domestic prices in the
8 contiguous 48 United States shall be that volume: (i)
9 which is surplus to the needs of domestic processors in
10 Alaska, and (ii) is that percent of the surplus western
11 redcedar volume determined by calculating the ratio of the
12 total timber volume which has been sold on the Tongass
13 to the annual average portion of the decadal allowable sale
14 quantity called for in the current Tongass Land Manage-
15 ment Plan. The percentage shall be calculated by Region
16 10 on a rolling basis as each sale is sold (for purposes
17 of this amendment, a “rolling basis” shall mean that the
18 determination of how much western redcedar is eligible for
19 sale to various markets shall be made at the time each
20 sale is awarded). Western redcedar shall be deemed “sur-
21 plus to the needs of domestic processors in Alaska” when
22 the timber sale holder has presented to the Forest Service
23 documentation of the inability to sell western redcedar logs
24 from a given sale to domestic Alaska processors at a price
25 equal to or greater than the log selling value stated in

1 the contract. All additional western redcedar volume not
2 sold to Alaska or contiguous 48 United States domestic
3 processors may be exported to foreign markets at the elec-
4 tion of the timber sale holder. All Alaska yellow cedar may
5 be sold at prevailing export prices at the election of the
6 timber sale holder.

7 SEC. 319. A project undertaken by the Forest Service
8 under the Recreation Fee Demonstration Program as au-
9 thorized by section 315 of the Department of the Interior
10 and Related Agencies Appropriations Act for Fiscal Year
11 1996, as amended, shall not result in—

12 (1) displacement of the holder of an au-
13 thorization to provide commercial recreation services
14 on Federal lands. Prior to initiating any project, the
15 Secretary shall consult with potentially affected
16 holders to determine what impacts the project may
17 have on the holders. Any modifications to the au-
18 thorization shall be made within the terms and con-
19 ditions of the authorization and authorities of the
20 impacted agency;

21 (2) the return of a commercial recreation
22 service to the Secretary for operation when such
23 services have been provided in the past by a private
24 sector provider, except when—

1 (A) the private sector provider fails to
2 bid on such opportunities;

3 (B) the private sector provider termi-
4 nates its relationship with the agency; or

5 (C) the agency revokes the permit for
6 non-compliance with the terms and conditions
7 of the authorization.

8 In such cases, the agency may use the Recreation Fee
9 Demonstration Program to provide for operations until a
10 subsequent operator can be found through the offering of
11 a new prospectus.

12 SEC. 320. Prior to October 1, 2004, the Secretary
13 of Agriculture shall not be considered to be in violation
14 of subparagraph 6(f)(5)(A) of the Forest and Rangeland
15 Renewable Resources Planning Act of 1974 (16 U.S.C.
16 1604(f)(5)(A)) solely because more than 15 years have
17 passed without revision of the plan for a unit of the Na-
18 tional Forest System. Nothing in this section exempts the
19 Secretary from any other requirement of the Forest and
20 Rangeland Renewable Resources Planning Act (16 U.S.C.
21 1600 et seq.) or any other law: *Provided*, That if the Sec-
22 retary is not acting expeditiously and in good faith, within
23 the funding available, to revise a plan for a unit of the
24 National Forest System, this section shall be void with re-
