

whether such articles are included in a tariff-rate quota or not.

(b) Calculation of all allotments, allocations, estimates, and re-estimates in this subpart will use available USDA statistics and estimates of production, consumption, and stocks, taking into account, where appropriate, data supplied in reports submitted pursuant to the reporting requirements set forth in § 1435.200.

§ 1435.302 Establishment and suspension of allotments.

(a) By the beginning of the crop year, CCC will establish the overall allotment quantity, beet sugar and cane sugar allotments, State cane sugar allotments, and allocations for processors marketing sugar domestically processed from sugar beets and domestically produced sugarcane at a level estimated to result in no sugar loan collateral forfeitures to CCC.

(b) Marketing allotments will be suspended whenever CCC determines that imports of sugars, syrups, and molasses for domestic human consumption or to be used for the extraction of sugar for domestic human consumption, whether under a tariff-rate quota or not, will exceed 1,532,000 short tons, raw value, excluding any imports attributable to a reassignment of allotments, and that the imports would lead to a reduction in the overall allotment quantity. The suspension of marketing allotments will be lifted if CCC subsequently determines that imports are estimated to be no higher than 1,532,000 short tons, raw value.

(c) Each determination under this section to establish or suspend marketing allotments will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

§ 1435.303 Overall allotment quantity.

The overall allotment quantity for the crop year will be calculated by deducting from the sum of estimated sugar consumption and reasonable carryover stocks:

- (a) 1,532,000 short tons, raw value; and
- (b) Carry-in stocks.

§ 1435.304 Adjustment of the overall allotment quantity.

(a) The overall allotment quantity will be adjusted, as CCC determines appropriate,

(1) To avoid forfeiture of sugar loan collateral to CCC, and

(2) To reflect changes in estimated consumption, stocks, production, or imports based on re-estimates under § 1435.301.

(b) Each determination to adjust the overall allotment quantity will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

(c) The beet sugar allotment, cane sugar allotment, State cane sugar allotments, proportionate shares, and allocations to each sugar beet processor and sugarcane processor will be increased or decreased, as appropriate, to reflect an overall allotment quantity adjustment.

(d) If the overall allotment quantity is reduced under paragraph (a) of this section and the quantity of sugar and sugar products any individual processor marketed by the time of the reduction exceeds the processor's reduced allocation, the quantity of excess sugar or sugar products marketed will be deducted from the processor's allocation under an allotment next established.

§ 1435.305 Beet and cane sugar allotments.

(a) The allotment for beet sugar will be 54.35 percent of the overall allotment quantity.

(b) The allotment for cane sugar will be 45.65 percent of the overall allotment quantity.

(c) A sugar beet processor allocated a share of the beet sugar allotment may use only beet sugar to fill such allocation. A sugarcane processor allocated a share of the cane sugar allotment may use only cane sugar to fill such allocation.

§ 1435.306 State cane sugar allotments.

(a) Hawaii and Puerto Rico will be allotted a total of 325,000 short tons, raw value, of the cane sugar allotment.

(b) A new entrant cane State will receive an allotment to accommodate a new processor's allocation under 1435.308(f).
