§ 1662.3 Identification of information requested.

Any person who requests information under FOIA shall provide a reasonably specific description of the information sought so that it may be located without undue search. (a) *Definitions.* For the purposes of this section:

(1) *Direct costs* mean those expenditures which the Selective Service System (SSS) actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing work (the basic rate of pay for the employee plus 16 percent of the rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(2) The term *search* includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. *Search* should be distinguished from *review* of material in order to determine whether the material is exempt from disclosure (see paragraph (a)(4) of this section). Searches may be done manually or by computer using existing programming.

(3) *Duplication* refers to the process of making a copy of a document necessary to respond to an FOIA request. Such copies may take the form of paper copy, microform, audio-visual materials, or machine readable documentation (e.g., magnetic tape or disk), among others.

(4) *Review* refers to the process of examining documents located in response to a commercial use request to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and
