A Night at the Opera

For anyone not already a fan of the Marx Brothers, "A Night at the Opera" is a perfect introduction. One need not be an aficionado, however, to thoroughly enjoy this excellent comedy, a hilarious spoof on Grand Opera.

Short: "Time Is . . ."

A film dealing with several aspects of time as observed by Man, such as "an instinctive feeling, an inherent biological rhythm, an explicit idea, a measurable entity conforming to physical laws." —Harvard Lyman

Short: "The Lift"

As a special event, BERA presents a color documentary entitled "The Lift." A member of the BERA film study group at the National Radio Astronomy Observatory, Peter B. Good filmed this entire movie.

It tells the story of one of the world's most sophisticated instruments. The 140' Green Bank Radio Telescope took more than three years to build in the wilds of West Virginia. —Peter Lieberman

Theatre Group Plans Summer Program

On August 24 and 25 at 8:30 p.m. at the Brookhaven Center, the Theatre Group offers fine musical entertainment. All employees are invited, and there will be no admission charge.

Come and be delightfully entertained by a relaxing presentation of show-stopping tunes and selections from musicals, old and new.

—Pat Towey

Because of vacation schedules the Bulletin Board will publish in reduced size for the next three weeks.
