## Summary

### Chapter I – Introduction: Purpose of and Need for the Action

I. Introduction	I-1
Proposed Action	I-1
Scope of the Proposed Action	I-2
Purpose of and Need for the Proposed Action	I-2
II. Background	I-4
Initial Operation	I-4
ESA Consultations	I-4
San Juan River Basin Recovery Implementation Program	I-6
San Juan River Channel Capacity	I-8
III. Issues and Concerns	I-9
IV. Cooperating Agencies	I-9
V. Connected and Related Actions	I-10
VI. Responsibilities and Compliance	I-11
Environmental	I-11
Cultural Preservation	I-12
American Indian	I-13
Other	I-13
VII. Document Review	I-13
VIII. Document Organization	I-14

### Chapter II – Proposed Action and Alternatives

I. Introduction	II-1
II. Alternatives Formulation	II-2
Formulation and Evaluation Criteria	II-2
III. Alternatives Development	II-3
Introduction	II-3
IV. Alternatives Description	II-4
Introduction	II-4
No Action Alternative	II-4
Action Alternatives	II-5
250/5000 Alternative (Flow Recommendations)	II-8
500/5000 Alternative	II-9
250 Variable/5000 Alternative	II-9
250/6000 and 500/6000 Alternatives	II-9

## Contents (continued)

	<i>Page</i>
Decommission and Breach Navajo Dam .....	II-9
Characteristics Common to Action Alternatives .....	II-10
Interim Operation .....	II-10
Participation in SJRBRIP .....	II-10
Adaptive Management .....	II-11
Emergency/Unforeseen Conditions .....	II-11
Endangered Fish Releases .....	II-11
Variables Inherent in the Operation of Navajo Dam .....	II-11
V. Alternatives Evaluation .....	II-12
Introduction .....	II-12
Hydrology Considerations .....	II-13
Hydrology Model – No Action Alternative .....	II-15
Hydrology Model – 250/5000 and 500/5000 Alternatives .....	II-15
Alternatives Retained for Further Consideration .....	II-22
No Action Alternative .....	II-22
250/5000 Alternative (Flow Recommendations) .....	II-23
500/5000 Alternative .....	II-24
VI. Alternatives Considered but Eliminated .....	II-24
250 Variable/5000 Alternative .....	II-24
250/6000 Alternative .....	II-25
500/6000 Alternative .....	II-25
Decommission and Breach Navajo Dam .....	II-26
VII. Preferred Alternative .....	II-26
Future Water Development .....	II-27
 <b>Chapter III – Affected Environment/Environmental Consequences</b>	
I. Introduction .....	III-1
II. Setting .....	III-2
III. Affected Resources .....	III-5
Water Uses and Water Resources .....	III-3
Affected Environment .....	III-5
Navajo Reservoir .....	III-5
San Juan River .....	III-5
Water Rights Background .....	III-6
American Indian (Indian) Trust Water Rights .....	III-6
Non-Indian Trust Water Rights .....	III-7
New Mexico .....	III-8
New Mexico Water Law .....	III-8
Navajo Nation and Jicarilla Apache Nation Uses .....	III-8

Contents (continued)

	<i>Page</i>
Water Permits Held by the United States . . . . .	III-9
Other Water Rights on the Mainstem downstream of Navajo Dam . . . . .	III-9
Colorado . . . . .	III-10
Arizona . . . . .	III-11
Utah . . . . .	III-11
