On October 9, 2007, the Satellite Division granted Inmarsat Ventures Limited's request to designate Stratos Communications, Inc.'s ("Stratos") earth station application that seeks special temporary authority ("STA") to provide Mobile Satellite Services in the L-band with Inmarsat's 4F2 satellite, to be located at 52.75° W.L., as "permit-but-disclose" for purposes of the Commission's rules governing ex parte communications. See Motion to Designate Proceeding as "Permit-But-Disclose," filed by Inmarsat Ventures Limited on October 1, 2007. We find that designating this Stratos earth station application as "permit-but-disclose" will facilitate resolution of the complex policy issues raised by the application. Thus, we designate the above-captioned earth station application as "permit-but-disclose," effective October 9, 2007. See 47 C.F.R. §§ 1.1200(a), 1.1206 and 1.1208 note 2. This action is without prejudice to any determination regarding the processing of the application.
