

is likely to result in increased investment in the NCHA and increased business and employment opportunities.

The Record of Decision includes a background of the project, statement of the decision made, synopses of alternatives considered, the basis for the decision, a finding of no impairment of resources and values, and an overview of public and agency involvement in the decision-making process. This decision is the result of a public planning process that began with public outreach meetings in February and March 2000, and the publication of a Notice of Intent to prepare an Environmental Impact Statement for the National Coal Heritage Area Management Action Plan in the **Federal Register** on July 17, 2001. The official responsible for this decision is the NPS Regional Director, Northeast Region.

SUPPLEMENTARY INFORMATION: The *National Coal Heritage Area Act* (Pub. L. 104-333; 110 Stat. 4243), enacted on November 12, 1996, authorized the National Coal Heritage Area “for the purpose of preserving and interpreting for the educational and inspirational benefit of present and future generations certain lands and structures with unique and significant historic and cultural value associated with the coal mining heritage of the State of West Virginia and the Nation.” This legislation charged the Governor of the State of West Virginia with developing and implementing a management plan to “set forth the integrated cultural, historical, and land resource management policies and programs * * * describe the guidelines and standard for projects * * * and set forth the responsibilities o the State of West Virginia, units of local government, nonprofit entities, or Secretary to administer any properties acquired” for the purposes of implementing the act. In 2006, Pub. L. 109-338 recognized the National Coal Heritage Area Authority as the new management entity and expanded the Heritage Area’s boundaries.

The National Coal Heritage Area Authority has put forward a management plan and EIS after many years of public meetings and partnership-building activities with state and local governments, nonprofit organizations and corporations, and residents to develop an implementation and action plan outlining the priority activities and actions, estimated costs, and intended goals of the National Coal Heritage Area management entity and its partners. Proposed projects are organized into four distinct phases, which build upon the approach described in the selected alternative. The activities and actions described demonstrate a commitment by Heritage Area partners to collaborate on initiatives that use culture and heritage to integrate the region and foster economic development.

Dated: February 22, 2008.
