

Find a WaterSense® Labeled Bathroom Sink Faucet*

Last updated: 8/25/2008

The following bathroom sink faucets have been certified to meet WaterSense criteria, which means you can expect exceptional performance while reducing your water use.

Please note: There are a couple options for increasing the water efficiency of your bathroom sink faucet:

1. Buy a WaterSense labeled faucet; or
2. Make your current bathroom sink faucet a high-efficiency model simply by purchasing a WaterSense labeled aerator or laminar flow device. Installation is quick and simple.

WaterSense retailers commit to making WaterSense products available in stores. However, products may not be available in all markets. For a complete list of WaterSense retail and distributor partners, please go to: <http://www.epa.gov/watersense/partners/partners.htm#retail>
