28           (b) The telecommunications service provider charges a customer one  
29 sales price for all services that are sold instead of separately charging for  
30 each individual service.

32 that comprise the interconnected worldwide network of networks that employ

1 the transmission control protocol or internet protocol, or any predecessor or

29 (a) Qualifying hospitals as defined in section 42-5001.

14           Sec. 6. Section 42-5075, Arizona Revised Statutes, is amended to read:

16   definitions

17           A. The prime contracting classification is comprised of the business  
18 of prime contracting and dealership of manufactured buildings. Sales for  
19 resale to another dealership of manufactured buildings are not subject to  
20 tax. Sales for resale do not include sales to a lessor of manufactured  
21 buildings. The sale of a used manufactured building is not taxable under  
22 this chapter. The proceeds from alteration and repairs to a used  
23 manufactured building are taxable under this section.

24           B. The tax base for the prime contracting classification is sixty-five  
25 per cent of the gross proceeds of sales or gross income derived from the  
26 business. The following amounts shall be deducted from the gross proceeds of  
27 sales or gross income before computing the tax base:

28           1. The sales price of land, which shall not exceed the fair market  
29 value.

30           2. Sales and installation of groundwater measuring devices required  
31 under section 45-604 and groundwater monitoring wells required by law,

1 including monitoring wells installed for acquiring information for a permit  
2 required by law.

3 3. The sales price of furniture, furnishings, fixtures, appliances and  
4 attachments that are not incorporated as component parts of or attached to a  
5 manufactured building or the setup site. The sale of such items may be  
6 subject to the taxes imposed by article 1 of this chapter separately and  
7 distinctly from the sale of the manufactured building.

8 4. The gross proceeds of sales or gross income received from a  
9 contract entered into for the construction, alteration, repair, addition,  
10 subtraction, improvement, movement, wrecking or demolition of any building,  
11 highway, road, railroad, excavation, manufactured building or other  
12 structure, project, development or improvement located in a military reuse  
13 zone for providing aviation or aerospace services or for a manufacturer,  
14 assembler or fabricator of aviation or aerospace products within an active  
15 military reuse zone after the zone is initially established or renewed under  
16 section 41-1531. To be eligible to qualify for this deduction, before  
17 beginning work under the contract, the prime contractor must have applied for  
18 a letter of qualification from the department of revenue.

19 5. The gross proceeds of sales or gross income derived from a contract  
20 to construct a qualified environmental technology manufacturing, producing or  
21 processing facility, as described in section 41-1514.02, and from subsequent  
22 construction and installation contracts that begin within ten years after the  
23 start of initial construction. To qualify for this deduction, before  
24 beginning work under the contract, the prime contractor must obtain a letter  
25 of qualification from the department of revenue. This paragraph shall apply  
26 for ten full consecutive calendar or fiscal years after the start of initial  
27 construction.

28 6. The gross proceeds of sales or gross income from a contract to  
29 provide for one or more of the following actions, or a contract for site  
30 preparation, constructing, furnishing or installing machinery, equipment or  
31 other tangible personal property, including structures necessary to protect  
32 exempt incorporated materials or installed machinery or equipment, and

1           tangible personal property incorporated into the project, to perform one or  
2           more of the following actions in response to a release or suspected release  
3           of a hazardous substance, pollutant or contaminant from a facility to the  
4           environment, unless the release was authorized by a permit issued by a  
5           governmental authority:

6           (a) Actions to monitor, assess and evaluate such a release or a  
7           suspected release.

8           (b) Excavation, removal and transportation of contaminated soil and  
9           its treatment or disposal.

10          (c) Treatment of contaminated soil by vapor extraction, chemical or  
11          physical stabilization, soil washing or biological treatment to reduce the  
12          concentration, toxicity or mobility of a contaminant.

13          (d) Pumping and treatment or in situ treatment of contaminated  
14          groundwater or surface water to reduce the concentration or toxicity of a  
15          contaminant.

17          contain contaminants present in groundwater or soil and prevent them from  
18          reaching a location where they could threaten human health or welfare or the  
19          environment.

20          This paragraph does not include asbestos removal or the construction or use  
21          of ancillary structures such as maintenance sheds, offices or storage  
22          facilities for unattached equipment, pollution control equipment, facilities  
23          or other control items required or to be used by a person to prevent or  
24          control contamination before it reaches the environment.

25          7. The gross proceeds of sales or gross income that is derived from a  
26          contract entered into for the installation, assembly, repair or maintenance  
27          of machinery, equipment or other tangible personal property that is deducted  
28          from the tax base of the retail classification pursuant to section 42-5061,  
29          subsection B, or that is exempt from use tax pursuant to section 42-5159,  
30          subsection B, and that does not become a permanent attachment to a building,  
31          highway, road, railroad, excavation or manufactured building or other  
32          structure, project, development or improvement. If the ownership of the

1 realty is separate from the ownership of the machinery, equipment or tangible  
2 personal property, the determination as to permanent attachment shall be made  
3 as if the ownership were the same. The deduction provided in this paragraph  
4 does not include gross proceeds of sales or gross income from that portion of  
5 any contracting activity which consists of the development of, or  
6 modification to, real property in order to facilitate the installation,  
7 assembly, repair, maintenance or removal of machinery, equipment or other  
8 tangible personal property that is deducted from the tax base of the retail  
9 classification pursuant to section 42-5061, subsection B or that is exempt  
10 from use tax pursuant to section 42-5159, subsection B. For the purposes of  
11 this paragraph, "permanent attachment" means at least one of the following:

12 (a) To be incorporated into real property.

13 (b) To become so affixed to real property that it becomes a part of  
14 the real property.

15 (c) To be so attached to real property that removal would cause  
16 substantial damage to the real property from which it is removed.

21 records in a form satisfactory to the department and to the city or town in  
22 which the property is located:

23 (a) The certificate of qualification of the lake facility development  
24 issued by the city or town pursuant to section 9-499.08, subsection D.

25 (b) All state and local transaction privilege tax returns for the  
26 period of time during which the prime contractor received gross proceeds of  
27 sales or gross income from a contract to construct a lake facility  
28 development in a designated commercial enhancement reuse district, showing  
29 the amount exempted from state and local taxation.

30 (c) Any other information that the department considers to be  
31 necessary.

1           9. The gross proceeds of sales or gross income attributable to the  
2 purchase of machinery, equipment or other tangible personal property that is  
3 exempt from or deductible from transaction privilege and use tax under:

7 (c), (d), (e), (f), (i), (j) or (l).

8           (d) Section 42-5159, subsection B.

9           10. The gross proceeds of sales or gross income received from a

12 and packaging of eggs.

13           11. The gross proceeds of sales or gross income that is derived from a  
14 contract entered into with a person who is engaged in the commercial  
15 production of livestock, livestock products or agricultural, horticultural,  
16 viticultural or floricultural crops or products in this state for the  
17 construction, alteration, repair, improvement, movement, wrecking or  
18 demolition or addition to or subtraction from any building, highway, road,  
19 excavation, manufactured building or other structure, project, development or  
20 improvement used directly and primarily to prevent, monitor, control or  
21 reduce air, water or land pollution.

22           12. The gross proceeds of sales or gross income that is derived from  
23 the installation, assembly, repair or maintenance of clean rooms that are  
24 deducted from the tax base of the retail classification pursuant to section  
25 42-5061, subsection B, paragraph 17.

26           13. For taxable periods beginning from and after June 30, 2001, the

30 years of age and that is owned by a nonprofit charitable organization that  
31 has qualified under section 501(c)(3) of the internal revenue code.

1           14. For taxable periods beginning from and after December 31, 1996 and  
2 ending before January 1, 2011, the gross proceeds of sales or gross income  
3 derived from a contract to provide and install a solar energy device. The  
4 contractor shall register with the department as a solar energy contractor.  
5 By registering, the contractor acknowledges that it will make its books and  
6 records relating to sales of solar energy devices available to the department  
7 for examination.

8           15. The gross proceeds of sales or gross income derived from a contract  
9 entered into for the construction of a launch site, as defined in 14 Code of  
10 Federal Regulations section 401.5.

11           16. The gross proceeds of sales or gross income derived from a contract  
12 entered into for the construction of a domestic violence shelter that is

19 entered into before July 1, 2006 for constructing a state university research  
20 infrastructure project if the project has been reviewed by the joint  
21 committee on capital review before the university enters into the

23 "research infrastructure" has the same meaning prescribed in section 15-1670.

24           19. The gross proceeds of sales or gross income received from a  
25 contract for the construction of any building, or other structure, project,

29 actual construction begins before January 1, 2010. To qualify for this  
30 deduction, the prime contractor must obtain a letter of qualification from  
31 the department of commerce before beginning work under the contract.

1           20. The gross proceeds of sales or gross income received from a  
2 contract for the construction of any building or other structure associated  
3 with motion picture production in this state. To qualify for the deduction,  
4 at the time the contract is entered into the motion picture production  
5 company must present to the prime contractor its certificate that is issued  
6 pursuant to section 42-5009, subsection H and that establishes its  
7 qualification for the deduction.

8           21. Any amount of the gross proceeds of sales or gross income from a  
9 contract that constitutes development or impact fees paid to the state or a  
10 local government to offset governmental costs of providing public

16           C. Entitlement to the deduction pursuant to subsection B, paragraph 7

18           1. A prime contractor may establish entitlement to the deduction by  
19 both:

20           (a) Marking the invoice for the transaction to indicate that the gross  
21 proceeds of sales or gross income derived from the transaction was deducted  
22 from the base.

23           (b) Obtaining a certificate executed by the purchaser indicating the  
24 name and address of the purchaser, the precise nature of the business of the  
25 purchaser, the purpose for which the purchase was made, the necessary facts  
26 to establish the deductibility of the property under section 42-5061,  
27 subsection B, and a certification that the person executing the certificate  
28 is authorized to do so on behalf of the purchaser. The certificate may be  
29 disregarded if the prime contractor has reason to believe that the  
30 information contained in the certificate is not accurate or complete.

1           2. A person who does not comply with paragraph 1 of this subsection  
2 may establish entitlement to the deduction by presenting facts necessary to  
3 support the entitlement, but the burden of proof is on that person.

4           3. The department may prescribe a form for the certificate described  
5 in paragraph 1, subdivision (b) of this subsection. The department may also  
6 adopt rules that describe the transactions with respect to which a person is  
7 not entitled to rely solely on the information contained in the certificate  
8 provided in paragraph 1, subdivision (b) of this subsection but must instead  
9 obtain such additional information as required in order to be entitled to the  
10 deduction.

11           4. If a prime contractor is entitled to a deduction by complying with  
12 paragraph 1 of this subsection, the department may require the purchaser who  
13 caused the execution of the certificate to establish the accuracy and  
14 completeness of the information required to be contained in the certificate  
15 which would entitle the prime contractor to the deduction. If the purchaser  
16 cannot establish the accuracy and completeness of the information, the  
17 purchaser is liable in an amount equal to any tax, penalty and interest which  
18 the prime contractor would have been required to pay under article 1 of this  
19 chapter if the prime contractor had not complied with paragraph 1 of this  
20 subsection. Payment of the amount under this paragraph exempts the purchaser  
21 from liability for any tax imposed under article 4 of this chapter. The  
22 amount shall be treated as a transaction privilege tax to the purchaser and  
23 as tax revenues collected from the prime contractor in order to designate the  
24 distribution base for purposes of section 42-5029.

25           D. Subcontractors or others who perform services in respect to any  
26 improvement, building, highway, road, railroad, excavation, manufactured  
27 building or other structure, project, development or improvement are not  
28 subject to tax if they can demonstrate that the job was within the control of  
29 a prime contractor or contractors or a dealership of manufactured buildings  
30 and that the prime contractor or dealership is liable for the tax on the  
31 gross income, gross proceeds of sales or gross receipts attributable to the  
32 job and from which the subcontractors or others were paid.

1           E. Amounts received by a contractor for a project are excluded from  
2 the contractor's gross proceeds of sales or gross income derived from the  
3 business if the person who hired the contractor executes and provides a  
4 certificate to the contractor stating that the person providing the  
5 certificate is a prime contractor and is liable for the tax under article 1  
6 of this chapter. The department shall prescribe the form of the certificate.  
7 If the contractor has reason to believe that the information contained on the  
8 certificate is erroneous or incomplete, the department may disregard the  
9 certificate. If the person who provides the certificate is not liable for  
10 the tax as a prime contractor, that person is nevertheless deemed to be the  
11 prime contractor in lieu of the contractor and is subject to the tax under  
12 this section on the gross receipts or gross proceeds received by the  
13 contractor.

14           F. Every person engaging or continuing in this state in the business  
15 of prime contracting or dealership of manufactured buildings shall present to  
16 the purchaser of such prime contracting or manufactured building a written  
17 receipt of the gross income or gross proceeds of sales from such activity and  
18 shall separately state the taxes to be paid pursuant to this section.

20 separately account for revenues collected under the prime contracting  
21 classification from any prime contractor engaged in the preparation or  
22 construction of a multipurpose facility, and related infrastructure, that is  
23 owned, operated or leased by the tourism and sports authority pursuant to  
24 title 5, chapter 8.

25           H. The gross proceeds of sales or gross income derived from a contract

28 service is a service pursuant to section 42-5061, subsection A, paragraph 1,  
29 and includes lawn mowing and edging, weeding, repairing sprinkler heads or  
30 drip irrigation heads, seasonal replacement of flowers, refreshing gravel,

32 removal, tree or shrub pruning or clipping, garden and gravel raking and

1 applying pesticides, as defined in section 3-361, and fertilizer materials,  
2 as defined in section 3-262.

3 I. The gross proceeds of sales or gross income derived from  
4 landscaping activities are subject to tax under this section. Landscaping  
5 includes installing lawns, grading or leveling ground, installing gravel or  
6 boulders, planting trees and other plants, felling trees, removing or  
7 mulching tree stumps, removing other imbedded plants, building or modifying  
8 irrigation berms, repairing sprinkler or watering systems, installing  
9 railroad ties and installing underground sprinkler or watering systems.

10 J. The portion of gross proceeds of sales or gross income attributable  
11 to the actual direct costs of providing architectural or engineering services  
12 that are incorporated in a contract is not subject to tax under this section.  
13 For the purposes of this subsection, "direct costs" means the portion of the  
14 actual costs that are directly expended in providing architectural or  
15 engineering services.

16 K. Operating a landfill or a solid waste disposal facility is not  
17 subject to taxation under this section, including filling, compacting and  
18 creating vehicle access to and from cell sites within the landfill.  
19 Constructing roads to a landfill or solid waste disposal facility and  
20 constructing cells within a landfill or solid waste disposal facility may be  
21 deemed prime contracting under this section.

22 L. The following apply to manufactured buildings:

23 1. For sales in this state where the dealership of manufactured  
24 buildings contracts to deliver the building to a setup site or to perform the  
25 setup in this state, the taxable situs is the setup site.

26 2. For sales in this state where the dealership of manufactured  
27 buildings does not contract to deliver the building to a setup site or does  
28 not perform the setup, the taxable situs is the location of the dealership  
29 where the building is delivered to the buyer.

30 3. For sales in this state where the dealership of manufactured  
31 buildings contracts to deliver the building to a setup site that is outside

1           this state, the situs is outside this state and the transaction is excluded  
2           from tax.

3           M. Notwithstanding subsection N, paragraph 8 of this section, a person  
4           owning real property who enters into a contract for sale of the real  
5           property, who is responsible to the new owner of the property for  
6           modifications made to the property in the period subsequent to the transfer  
7           of title and who receives a consideration for the modifications is considered  
8           a prime contractor solely for purposes of taxing the gross proceeds of sale  
9           or gross income received for the modifications made subsequent to the  
10          transfer of title. The original owner's gross proceeds of sale or gross  
11          income received for the modifications shall be determined according to the  
12          following methodology:

13           1. If any part of the contract for sale of the property specifies  
14           amounts to be paid to the original owner for the modifications to be made in  
15           the period subsequent to the transfer of title, the amounts are included in  
16           the original owner's gross proceeds of sale or gross income under this  
17           section. Proceeds from the sale of the property **THAT ARE** received after  
18           transfer of title **AND** that are unrelated to the modifications made subsequent  
19           to the transfer of title ~~will~~ **ARE** not ~~be~~ considered gross proceeds of sale or  
20           gross income from the modifications.

21           2. If the original owner enters into an agreement separate from the  
22           contract for sale of the real property providing for amounts to be paid to  
23           the original owner for the modifications to be made in the period subsequent  
24           to the transfer of title to the property, the amounts are included in the  
25           original owner's gross proceeds of sale or gross income received for the  
26           modifications made subsequent to the transfer of title.

27           3. If the original owner is responsible to the new owner for  
28           modifications made to the property in the period subsequent to the transfer  
29           of title and derives any gross proceeds of sale or gross income from the  
30           project subsequent to the transfer of title other than a delayed disbursement  
31           from escrow unrelated to the modifications, it is presumed that the amounts  
32           are received for the modifications made subsequent to the transfer of title

1 unless the contrary is established by the owner through its books, records  
2 and papers kept in the regular course of business.

3 4. The tax base of the original owner is computed in the same manner  
4 as a prime contractor under this section.

12 development or improvement, or to do any part of such a project, including  
13 the erection of scaffolding or other structure or works in connection with  
14 such a project, and includes subcontractors and specialty contractors. For

16 regard to whether or not such contractor is acting in fulfillment of a  
17 contract.

18 3. "Dealership of manufactured buildings" means a dealer who either:

19 (a) Is licensed pursuant to title 41, chapter 16 and who sells
