ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 2325

JANUARY 19, 2007

I. DESCRIPTION OF REQUEST

On December 21, 2006, Abitibi-Consolidated Company of Canada (Abitibi) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import up to a total of 14.40 billion cubic feet (Bcf) of natural gas from Canada and to export up to a total of 14.40 billion cubic feet (Bcf) of natural gas to Canada. The applicant requests the authorization be granted for a two-year term beginning on the effective date the order is issued.² Abitibi is a Quebec corporation with its principal place of business in Montreal, Quebec.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Abitibi to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redefinition Order No. 00.002.04B (September 23, 2005).

² Abitibi's blanket authorization granted in DOE/FE Order No. 2064 on January 5, 2005, extends through January 31, 2007 (2 FE ¶ 71,079).
