DAR No.: NSNF-751

Approved: Shannon A. Brennan
Manager, National Spent Nuclear Fuel Program

Date: 03-18-08

I. PURPOSE AND SCOPE

This procedure describes the process for accepting *external documents* (see glossary) and other products provided by the Idaho National Laboratory management and operation (M&O) contractor as a *government sector suppliers* (see glossary) to the National Spent Nuclear Fuel Program (NSNFP). NSNFP Task Management Agreements (TMAs) define the external documents or products to be submitted to NSNFP for use by NSNFP. The purchase of repository-related or transportation-related *items* (see glossary) from government sector suppliers is not anticipated; therefore, acceptance of such items is not addressed by this procedure.

Work funded by the NSNFP and performed by the Office of Civilian Radioactive Waste Management (OCRWM) or direct support organizations of OCRWM does not represent a NSNFP/supplier interface and is not subject to this procedure.

Supplier-provided cost, budget, and schedule-related documents are excluded from the processes established by this procedure.

II. SUMMARY

This procedure describes the conditions that lead to the acceptance of external documents and other products submitted by government sector suppliers. This procedure establishes acceptance criteria, including minimum mandatory reviews or tests, and methods to communicate the results of the review or tests.

III. PROCEDURE

A. Initiating Conditions for Review of Submitted Documents or Products

- NSNFP PSO 1. Initiate a review for acceptance of submitted documents or software in
Technical Staff accordance with this procedure when:
- a. A supplier-generated document or software is finalized in accordance with the supplier's procedure or other specific directions provided in the NSNFP TMA.
 - b. An interim review of a supplier-generated document or product is warranted as determined by the Program Support Organization (PSO) technical staff or stipulated by the NSNFP TMA.
 - c. Review for acceptance of a supplier's quality assurance (QA) program implementing documents is required.
 - d. NSNFP acceptance of a nonconformance disposition is required.

NSNFP PSO
Technical Staff

- e. NSNFP confirmation of personnel training and experience records is required.

B. Processing Supplier-Submitted Documents or Products for Review

NSNFP PSO
Technical Staff

- 1. Process supplier-submitted documents for acceptance review as external documents in accordance with NSNFP Procedure 6.04.
 - a. Use the applicable review criteria as indicated in Attachment A.
 - (1) Communicate the criteria to reviewers by citing the NSNFP procedure reference on a Document Review Transmittal form.
 - (2) As applicable indicate that document formats stipulated by NSNFP procedures are not required for supplier-generated documents of the same type.
- 2. For other document types not addressed by NSNFP procedures, refer the reviewers to the applicable criteria of Attachment A.
 - a. Use the mandatory reviewers for these documents as stipulated in Attachment A.
- 3. Perform confirmatory software tests in accordance with NSNFP Procedure 19.01.

C. Communicating the Results of the Review for Acceptance

NSNFP PSO
Technical Staff

- 1. Review comments or product test results for adequacy and consistency with the requirements of the NSNFP TMA.
 - a. Provide formal resolution for any identified inconsistencies.
- 2. Prepare correspondence to transmit the results of the review for acceptance to the supplier.
 - a. If the review resulted in no comments or test deficiencies for resolution by the supplier, indicate NSNFP acceptance of the documents or products as submitted.
 - b. If resolution of comments or test deficiencies by the supplier is required, forward the unresolved comments or test deficiencies to the supplier with a request for resolutions.
 - (1) Obtain NSNFP reviewers concurrence with the supplier's comment resolutions.
 - c. Upon satisfactory incorporation of the comment resolutions or test deficiencies, accept the document or product.
