S. 2354

A bill to direct the Secretary of the Interior to convey 4 parcels of land from the Bureau of Land Management to the city of Twin Falls, Idaho

*As reported by the Senate Committee on Energy and Natural Resources
on September 16, 2008*

S. 2354 would direct the Bureau of Land Management (BLM) to convey, without consideration, about 165 acres of federal land in Idaho to the city of Twin Falls. The city would be permitted to use the conveyed acreage for public purposes only.

Based on information provided by BLM, CBO estimates that implementing this bill would have no significant effect on discretionary spending and no effect on revenues or direct spending. The city would pay all survey costs and other administrative expenses related to the conveyance. The federal land to be conveyed to the city does not yield any offsetting receipts and is not expected to do so in the future.

S. 2354 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. This estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
