

Bureau of Land Management, Interior

§ 2361.0-3

218, 219), and the Act of February 26, 1919 (40 Stat. 1178, 1180); lands within final hydroelectric power permits under the Act of February 15, 1901 (43 U.S.C. 959); and lands within transmission line permits or approved rights-of-way under the aforementioned Act of February 15, 1901, or the Act of March 4, 1911 (43 U.S.C. 961).

§ 2320.2 General determinations under the Federal Power Act.

(a) On April 22, 1922, the Federal Power Commission (as predecessor to the Federal Energy Regulatory Commission) made a general determination "that where lands of the United States have heretofore been or hereafter may be reserved or classified as powersites, such reservation or classification being made solely because such lands are either occupied by power transmission lines or their occupancy and use for such purposes have been applied for or authorized under appropriate laws of the United States, and such lands have otherwise no value for power purposes, and are not occupied in trespass, the Commission determines that the value of such lands so reserved or classified or so applied for or authorized, shall not be injured or destroyed for the purposes of power development by location, entry or selection under the public land laws, subject to the reservation of section 24 of the Federal Power Act."

(b) The regulations governing mining locations on lands withdrawn or classified for power purposes, including lands that have been restored and opened to mining locations under section 24 of the Federal Power Act, are contained in subpart 3730 and in Group 3800 of this title.

§ 2320.3 Applications for restoration.

(a) Other than with respect to national forest lands, applications for restoration and opening of lands withdrawn or classified for power purposes under the provisions of section 24 of the Federal Power Act shall be filed, in duplicate, in the proper office of the Bureau of Land Management as set forth in § 2321.2-1 of this title. No particular form of application is required, but it shall be typewritten or in legible handwriting, and it shall contain the information required by 18 CFR 25.1.

Each application shall be accompanied by a service charge of \$10 which is not returnable.

(b) Favorable action upon an application for restoration shall not give the applicant any preference right when the lands are opened.

Subpart 2361—Management and Protection of the National Petroleum Reserve in Alaska

SOURCE: 42 FR 28721, June 3, 1977, unless otherwise noted.

§ 2361.0-1 Purpose.

The purpose of the regulations in this subpart is to provide procedures for the protection and control of environmental, fish and wildlife, and historical or scenic values in the National Petroleum Reserve in Alaska pursuant to the provisions of the Naval Petroleum Reserves Production Act of 1976 (90 Stat. 303; 42 U.S.C. 6501 *et seq.*).

§ 2361.0-2 Objectives.

The objective of this subpart is to provide for the protection of the environmental, fish and wildlife, and historical or scenic values of the Reserve so that activities which are or might be detrimental to such values will be carefully controlled to the extent consistent with the requirements of the Act for petroleum exploration of the reserve.

§ 2361.0-3 Authority.

The Naval Petroleum Reserve Production Act of 1976 (90 Stat. 303, 42

§ 2361.0-4

43 CFR Ch. II (10-1-04 Edition)

U.S.C. 6501, *et seq.*) is the statutory authority for these regulations.

§ 2361.0-4 Responsibility.

(a) The Bureau of Land Management (BLM) is responsible for the surface management of the reserve and protection of the surface values from environmental degradation, and to prepare rules and regulations necessary to carry out surface management and protection duties.

(b) The U.S. Geological Survey is responsible for management of the continuing exploration program during the interim between the transfer of jurisdiction from the U.S. Navy to the U.S. Department of the Interior and the effective date of any legislation for a permanent development and production program to enforce regulations and stipulations which relate to the exploration of petroleum resources of the Reserve, and to operate the South Barrow gas field or such other fields as may be necessary to supply gas at reasonable and equitable rates to the Native village of Barrow and other communities and installations at or near Point Barrow, Alaska, and to installations of the Department of Defense and other agencies of the U.S. located at or near Point Barrow, Alaska.

§ 2361.0-5 Definitions.

As used in this subpart, the following terms shall have the following meanings:

(a) *Act* means the Naval Petroleum Reserves Production Act of 1976 (90 Stat. 303, 42 U.S.C. 6501, *et seq.*).

(b) *Authorized officer* means any employee of the Bureau of Land Management who has been delegated the authority to perform the duties of this subpart.

(c) *Exploration* means activities conducted on the Reserve for the purpose of evaluating petroleum resources which include crude oil, gases of all kinds (natural gas, hydrogen, carbon dioxide, helium, and any others), natural gasoline, and related hydrocarbons (tar sands, asphalt, propane butane, etc.), oil shale and the products of such resources.

(d) *Reserve* means those lands within the National Petroleum Reserve in Alaska (prior to June 1, 1977, des-

ignated Naval Petroleum Reserve No. 4) which was established by Executive order of the President, dated February 27, 1923, except for tract Numbered 1 as described in Public Land Order 2344 (the Naval Arctic Research Laboratory—surface estate only) dated April 24, 1961.

(e) *Secretary* means the Secretary of the Interior.

(f) *Special areas* means areas within the reserve identified by the Secretary of the Interior as having significant subsistence, recreational, fish and wildlife, or historical or scenic value and, therefore, warranting maximum protection of such values to the extent consistent with the requirements of the Act for the exploration of the Reserve.

(g) *Use authorization* means a written approval of a request for use of land or resources.

§ 2361.0-6 [Reserved]

§ 2361.0-7 Effect of law.

(a) Subject to valid existing rights, all lands within the exterior boundaries of the Reserve are reserved and withdrawn from all forms of entry and disposition under the public land laws, including the mining and mineral leasing laws, and all other Acts.

(b) Notwithstanding the provisions of paragraph (a) of this section, the Secretary is authorized to:

(1) Make dispositions of mineral materials pursuant to the Act of July 31, 1947 (61 Stat. 681), as amended (30 U.S.C. 601), for appropriate use by Alaska Natives.

(2) Make such dispositions of mineral materials and grant such rights-of-way, licenses, and permits as may be necessary to carry out his responsibilities under the Act.

(3) Convey the surface of lands properly selected on or before December 18, 1975, by Native village corporations pursuant to the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, *et seq.*).

(c) All other provisions of law heretofore enacted and actions heretofore taken reserving such lands as a Reserve shall remain in full force and effect to the extent not inconsistent with the Act.
