ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT NATURAL GAS FROM CANADA AND  
TO EXPORT NATURAL GAS TO MEXICO

DOE/FE ORDER NO. 2361

JUNE 14, 2007

## I. DESCRIPTION OF REQUEST

On May 7, 2007, ECOGAS Mexico (ECOGAS) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),<sup>1</sup> for blanket authorization to import up to 19 billion cubic feet (Bcf) of natural gas from Canada, and to export up to 19 Bcf of natural gas to Mexico. The applicant requests the authorization be granted for a two-year term beginning on July 20, 2007.<sup>2</sup> ECOGAS is a Mexican corporation with its principal place of business in Baja California Norte, Mexico.

## II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by ECOGAS to import and natural gas from Canada and to export natural gas to Mexico, nations with which free trade agreements are in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

<sup>2/</sup> ECOGAS's blanket authorization to import and export natural gas and to import LNG granted by DOE/FE Order No. 2111 on July 20, 2005, extends through July 19, 2007.
