ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 2406

SEPTEMBER 21, 2007

I. DESCRIPTION OF REQUEST

On September 13, 2007, Direct Energy Marketing Limited (Direct Energy) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import and to export up to a combined total of 500 billion cubic feet of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on November 30, 2007.² Direct Energy is an Alberta corporation with its principal place of business in Calgary, Alberta.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Direct Energy to import and export natural gas from and to Canada, a nation with which free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

^{1/} 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redesignation Order No. 00.002.04C (January 30, 2007).

^{2/} Direct Energy's authorization to import and export natural gas granted by DOE/FE Order No. 2158 on November 23, 2005, extends through November 29, 2007 (2 FE ¶ 71,209).
