Dear Josh,

Thank you for the reprint —  
as a matter of fact, I saw your  
letter in Science, & I meant to tell  
you how interesting it is at the  
NY Academy of Science meeting, Dec 5-6.  
I hope it you will come down  
to said meeting?

I trust you are planning  
to follow up this idea — or do you  
have too many other things on hand?  
Perhaps some day —

Sincerely  
Ingrieth Dayrup
